**ACVIM
URETHRAL STENTING COURSE
REGISTRATION
October 30, 2010
Las Vegas, NV**

This four-hour course will introduce participants to the interventional radiology equipment and techniques necessary to perform urethral stenting in dogs. The course will begin with a one-hour lecture on indications, proper patient selection, medical management, stent sizing, stent placement techniques, and follow-up care in patients. Case examples will be used to generate discussion. A three-hour, hands-on laboratory will follow in which participants will practice stent sizing, stent reconstraining, repositioning and deployment using video and cadavers under fluoroscopic guidance. Following completion of the course, attendees will feel confident with the procedure and use of the stents. *This course is limited to 30 participants.*

Presenters:

- Chick Weisse, VMD, Dipl. ACVS
- Allyson C. Berent, DVM, DACVIM (SAIM)
- Jeff Solomon, MD
