

Beginning this year ALL POSTERS WILL BE PRESENTED ELECTRONICALLY.

REGISTRATION

- ACVIM provides a 1-day registration for the day you present, which includes access to all aspects of the ACVIM Forum, including meeting rooms and the Solutions Center. There is also the option to receive a 30% discount on the 2-day or full conference registration.
- The ACVIM will provide the discount codes for the 1-day, 2-day or full conference registration.
- You are responsible for the [ACVIM Forum registration](#).

GENERAL INFORMATION

- Final schedule posted in the [2019 ACVIM Forum Program](#).
- Abstracts will be listed in the ACVIM Forum Final Program.
- ePosters are provided digitally for conference attendees to access through small galleries located inside and outside the Solutions Center, and through the use of the mobile app, where ePosters can be viewed digitally.
- There will be a gallery theatre area, the ePoster Park, where every ePoster presenter will be given 15 minutes for Q&A sessions regarding their presentation.
- ePosters provide viewers high-quality resolution of images and text. Like traditional posters, ePosters provide a concise snapshot of your work. But instead of a physical poster pinned to a board, ePosters are a single slide presentation which is viewed on a computer.
- ePosters add additional viewing options and extend the life cycle of the ePoster.
- ePosters will be uploaded to a secure website and available for viewing throughout the meeting.
- There will be awards for best resident research presentations by eligible ACVIM Candidates. Winners will be announced and contacted by Friday, June 14 through email.

Thursday, June 6, 6:00-7:00 pm - Wine & Cheese Reception in Solutions Center - **ALL** ePoster authors should attend.

EPOSTER REPARATION

- Prepare your ePoster as an electronic facsimile replicating what a physical poster would look like.
- No animations, video or audio are permitted.
- You can prepare your ePoster using MS PowerPoint™. Your ePoster will be created on a single slide (ONE).
- No required ePoster size or orientation, can be horizontal or vertical.
- Prepare a label for the top of the ePoster indicating the title, the authors, and the institutional affiliation.
- You **MUST** include a Conflict of Interest Disclosure Statement. Disclosure information, including a template, can be found online in the [ACVIM Forum Speaker Resource Center](#).
- If you have nothing to disclose, please state this.
- You may also use the Conflict of Interest Disclosure Statement for acknowledgments, or prior presentation, if needed.
- A brief but clearly worded "Introduction" as well as "Summary and Conclusions" are key features for understanding the data presented.
- Text and legends for figures should be short, but do not omit them. Make sure to use large, clear, easy-to-read print for text and legends.
- The use of color adds emphasis and draws interest to the presentation; however, limited use of **green** and **red** is encouraged.

UPLOAD

- You will submit your ePoster electronically as a PDF into the Upload Center through your [ePoster Presenter Portal](#).
- All submitted ePosters will be transferred to our audio visual company for presentation.
- **Deadline: Wednesday, May 1.**

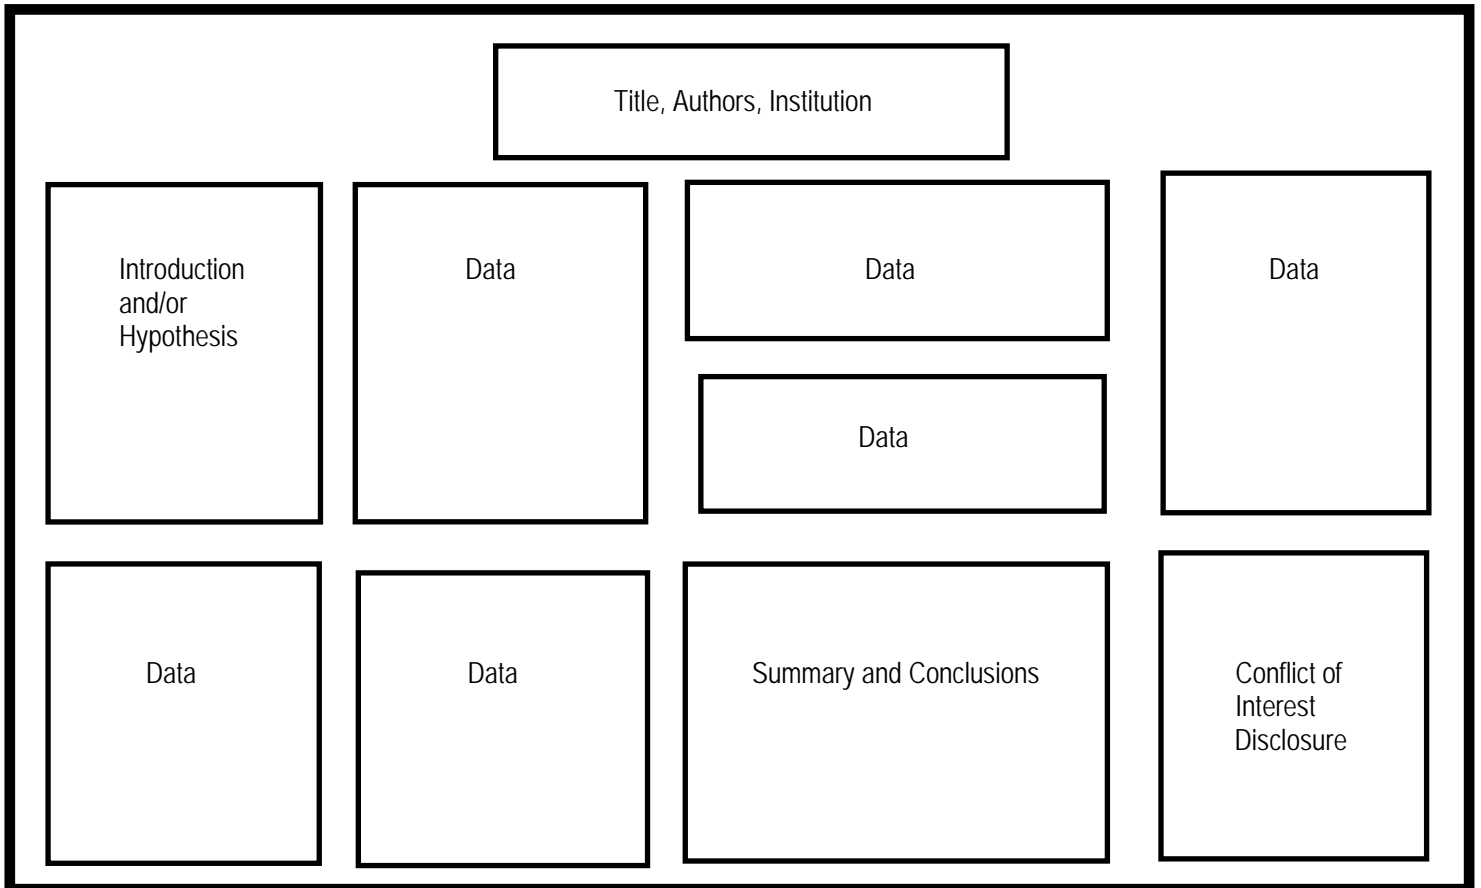

ONSITE
