

**RESIDENCY TRAINING PROGRAM REGISTRATION
2018-2019
ONCOLOGY**

Part One

New applications for ACVIM Residency Training Programs must be received by the Residency Training Committee 90 days prior to any residents beginning training. Before completing this form, please review the general and specific requirements for Oncology Residency Training Programs in the ACVIM Certification Manual (CM). The most current version of the CM is available on the ACVIM website at www.ACVIM.org. If there is a discrepancy between this form and the CM, the CM will be considered correct, however, please contact the ACVIM office or the Residency Training Committee Chairperson for clarification.

Prior to making significant changes in a Residency Training Program, approval of the ACVIM and Oncology Residency Training Committee must be obtained. The Candidate and/or Program Director must notify ACVIM, in writing. Significant changes could include, but are not limited to: changes in Program Director or any advisors, transferring from one program to another, alterations in program duration, locations of secondary site training, switching to a 'dual board' program, or enrolling in an institutional graduate program.

Notice: This form contains questions for three separate purposes; data collection that ACVIM must maintain for its accreditation as a specialty college; data collection for each specialty to evaluate what is appropriate for residency programs; and data collection to evaluate this Residency Training Program for renewal. It is important that all questions be answered accurately and completely, even if the answer to a specific question is not essential for a program's renewal.

For multi-site residency programs: To ensure uniformity of training and compliance with current CM requirements, training programs which include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). Multi-site programs, if any, are listed in Part Two.

Program Director Name:

(Must be a Diplomate of ACVIM in the Specialty of Oncology)

Program Director's Contact Information:

Work Phone:	(970) 297-4228
E-mail:	Barbara.Biller@colostate.edu
Mailing Address:	CVMBBS-VTH, Clinical Sciences 300 W. Drake Rd. Ft. Collins, CO 80523-1620

1. Location of Sponsoring Institution (Primary Site of Residency Training Program):

Primary Site:

Multi-site programs, if any, are listed in Part Two.

2. Resident Advisor(s): Must be ACVIM Diplomate(s) in Oncology. There is no restriction on the number of Resident Advisors; however, **each Resident Advisor can supervise only two residents concurrently.**

Susan Lana
Doug Thamm
Barbara Biller

3. Please list all Supervising Diplomates in Oncology: **There must be a minimum of two (2) ACVIM Oncology Diplomates per institution.**

Barbara Biller - Oncology
Susan Lana - Oncology
Rodney Page - Oncology
Doug Thamm - Oncology
Kristen Weishaar - Oncology

4. Please list all Diplomates of the American College of Veterinary Internal Medicine responsible for supervision of clinical training who specialize in areas other than Oncology.

Steven Dow - SAIM
Kristy Dowers - SAIM
Michael Lappin - SAIM
David Twedt - SAIM
Julia Veir - SAIM
Craig Webb - SAIM

5. Please list all the residents currently enrolled in the training program, along with the beginning date of the program, expected ending date of the program, and designated resident advisor.

Resident Name, Dates of Program (Resident Advisor)*

Amber Wolf-Ringwall 7.1.15 - 7.1.18 (Susan Lana)
Jacob Cawley 7.16.2016 - 7.15.2019 (Douglas Thamm)
Annie Galloway 7.16.2016 - 7.15.2019 (Barbara Biller)
Monica Fernandez 7.16.17 - 7.15.2020 (Douglas Thamm)
Brittany Wittenbems 7.16.17 - 7.15.20 (Susan Lana)

*** There is no restriction on the number of Resident Advisors; however, each Resident Advisor can supervise only two residents concurrently.**

Please note, any Candidate that significantly changes or alters their Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.

Significant changes could include, but are not limited to:

- transferring from one program to another
- alterations in program duration
- switching to a 'dual board' program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

**RESIDENCY TRAINING PROGRAM REGISTRATION
2018-2019
ONCOLOGY**

Part Two

Part Two of the Oncology Residency Training renewal process addresses general features of the program that apply to all current residents. These questions will be used to provide the Oncology Residency Training/Credentials Committee with information needed to judge the structure, quality, scope, and consistency of training provided.

Current Date: 2-26-18

Program Director Name: Barbara Biller

(Must be a Diplomate of ACVIM in the Specialty of Oncology)

Name of Sponsoring Institution (Residency Training Program): Colorado State University

1. For residency programs with off-site rotations (required rotations not available at the primary institution/site): To ensure uniformity of training and compliance with current Certification Manual (CM) requirements, training programs that include off-site rotations must provide detailed information regarding supervision and facilities available at each specific site(s).

Outside Rotation(s) (if applicable): Please attach signed Letters of Support from all individuals providing off-site training of oncology residents to this registration form. Each Letter of Support should specify the number of weeks scheduled at each site and the rotation requirement met. **Letters of Support must be submitted annually WITH program renewal forms and WITH each new program request.**

In the box provided below, list the outside rotations for which you are attaching Letters of Support. Please include in the space below the specific information regarding the number of weeks scheduled at each site and which rotation requirements shall be met at each site:

N/A

2. Type of Training Program:

Traditional 3 years	X
Non-traditional (# years)	N/A
For non-traditional programs, please provide details. Note that programs must be at least 3 years (156 weeks) in length.	N/A

3. Advanced Degree:

	Yes	No	Optional
Masters:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PhD:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Required for residency certificate: Yes No

Comments: Non-thesis Master's degree is mandatory for completion of the residency program

4. ONCOLOGY DIPLOMATES (CM 8.G.4)

There must be a **minimum of two (2) ACVIM Oncology Diplomates** at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval. Please list the ACVIM Oncology Diplomates and their site of activity.

Name of Oncology Diplomates	Location
Barbara Biller, DVM, PhD	CSU
Susan Lana, DVM, MS	CSU
Douglas Thamm, VMD, MS	CSU
Rodney Page, DVM, MS	CSU
Kristen Weishaar, DVM, MS	CSU

5. SUPPORTING DISCIPLINES REQUIRED

There must be an **ACVIM SAIM Diplomate** with $\geq 50\%$ FTE at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval (CM 8.U.3). Please list the ACVIM SAIM Diplomate(s) who will fulfill this requirement for the RTP.

Name of SAIM Diplomate(s)	Location
Steve Dow, DVM, PhD	CSU
Kristy Dowers, DVM, MS	CSU
Michael Lappin, DVM, MS	CSU
David Twedt, DVM, MS	CSU
Craig Webb, DVM, PhD	CSU
Julia Veir, DVM, PhD	CSU

There must be an **ACVS Surgery Diplomate** with $\geq 50\%$ FTE at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval (CM 8.U.3). Please list the ACVIM SAIM Diplomate(s) who will fulfill this requirement for the RTP.

Name of ACVS Diplomate(s)	Location
Nicole Ehrhart - Surgical Oncology/ACVS	CSU
Bernard Seguin - Surgical Oncology/ACVS	CSU
Deanna Worley - Surgical Oncology/ACVS	CSU

--	--

6. CLINICAL TRAINING IN OTHER SPECIALTIES: REQUIRED AFFILIATED ROTATIONS (CM 8.M)

Because oncology is a multimodal discipline, the resident must also have clinical training under the direct supervision of Supervising Diplomates in other disciplines. This contact may occur at a secondary training site.

A minimum of 32 weeks must be spent actively receiving patients in affiliated rotations or meeting requirements through rounds. For each off-site rotation included in the 32 weeks of clinical training in other specialties, the resident should obtain written approval from their Resident Advisor, who will forward documentation of this approval to the RTCC.

6a. RADIATION ONCOLOGY REQUIREMENTS (CM 8.M.1):

At least **eight weeks** of direct supervision is required with a veterinary radiation oncologist to develop an understanding of clinical management of patients receiving radiation therapy, radiation planning, dosimetry and physics related to clinical radiation therapy.

Please list all **Diplomates of the American College of Veterinary Radiology responsible for training in Radiation Oncology**. Describe how Diplomates are involved in the supervision of residents and direct contact radiation oncology training will be fulfilled. Radiation oncology rotations must be completed in blocks of at least two consecutive weeks in length.

Name of Diplomate(s)	Site	Role in training residents
S.M. LaRue, DVM, MS, PhD, DACVS, DACVR (RO)	CSU	Rotation supervising faculty daily consultation and interactions on radiation oncology cases; Course Coordinator for Advanced Radiation Biology elective
Keara Boss, DVM, DACVR (RO)	CSU	Rotation supervising faculty: daily consultation and interactions on radiation oncology cases
Lynn Griffin, DVM, DACVR (RO)	CSU	Rotation supervising faculty: daily consultation and interactions on radiation oncology cases

6b. PATHOLOGY REQUIREMENTS (8.M.1):

At least **two weeks** (may be met through weekly/biweekly rounds) of direct supervision with a **clinical pathologist** are required.

Please list all **Diplomates of the American College of Veterinary Pathology** in clinical pathology associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in clinical pathology will be met.

Name of Diplomate(s)	Site	Role in training residents
Christine Olver, DVM, PhD	CSU	Consulting pathologist; rotation supervising faculty; in person contact during rotation
Paul Avery, DVM, PhD	CSU	Consulting pathologist; rotation supervising faculty; in person contact during rotation
Andrea Bohn, DVM, PhD	CSU	Consulting pathologist; rotation supervising faculty; in person contact during rotation

At least **two weeks** (may be met through weekly/biweekly rounds) of direct supervision with an **anatomic (surgical) pathologist** are required.

Please list all **Diplomates of the American College of Veterinary Pathology** in anatomic (surgical) pathology associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in anatomic pathology will be met.

Name of Diplomat(e)s	Site	Role in training residents
B.E. Powers, DVM, PhD	CSU	Consulting pathologist; rotation supervising faculty; in person contact during rotation
M.A. Thrall, DVM, PhD	CSU	Consulting pathologist; rotation supervising faculty; in person contact during rotation
Gary Mason, DVM, PhD	CSU	Consulting pathologist; in person contact during rotation

6c. DIAGNOSTIC IMAGING REQUIREMENTS (8.M.1):

At least **two consecutive weeks** of **diagnostic imaging** under direct supervision by a board-certified radiologist are required in addition to any interactions during case rounds.

Please list all Diplomates **of the American College of Veterinary Radiology (not including radiation oncology)** associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in radiology will be met.

Name of Diplomat(e)s	Site	Role in training residents
A. Marolf, DVM, DACVR	CSU	Rotation supervising faculty; in person contact during rotation
S. Adams, DVM, DACVR	CSU	Rotation supervising faculty; in person contact during rotation; in person contact during rotation
E. Randall, DVM, MS, DACVR	CSU	Rotation supervising faculty; in person contact during rotation
L. Griffin, DVM, DACVR	CSU	Rotation supervising faculty; in person contact during rotation
Linda Lang DVM, DACVR	CSU	Rotation supervising faculty; in person contact during rotation

6d. SMALL ANIMAL INTERNAL MEDICINE REQUIREMENTS (8.M.1):

At least **four weeks** (completed in at least two consecutive week blocks) of training under the direct supervision by an ACVIM Small Animal Internal Medicine (SAIM) Diplomat are required.

Please list all **Diplomates of the American College of Veterinary Internal Medicine (including those listed above)** involved in the supervision of residents and how direct contact requirements will be met.

Name of Diplomat(e)s	Site	Role in training residents
Steve Dow, DVM, PhD	CSU - SAIM	Rotation supervising faculty; available for direct consultation daily
Kristy Dowers, DVM, MS	CSU - SAIM	Rotation supervising faculty; available for direct consultation daily
Michael Lappin, DVM, MS	CSU - SAIM	Rotation supervising faculty; available for direct consultation daily
David Twedt, DVM, MS	CSU - SAIM	Rotation supervising faculty; available for direct consultation daily
Craig Webb, DVM, PhD	CSU - SAIM	Rotation supervising faculty; available for direct consultation daily
Julia Veir, DVM, PhD	CSU - SAIM	Rotation supervising faculty; available for direct consultation daily
Rodney Rosychuck, DVM	CSU - Dermatology	Available for consultations in person
Jennifer Schissler, DVM, MS	CSU – Dermatology	Available for consultations in person
Marisa Ames, DVM, MS	CSU – Cardiology	Available for consultations in person
Brian Scanson, DVM, PhD	CSU – Cardiology	Available for consultations in person
Rebecca Packer, DVM, PhD	CSU – Neurology	Available for consultations in person

Lisa Bartner, DVM, MS	CSU - Neurology	Available for consultations in person
-----------------------	-----------------	---------------------------------------

6e. OTHER REQUIRED ROTATIONS (8.M.2):

Fourteen weeks of other rotations with an ACVIM Diplomate in the Specialty of Oncology, or training under the supervision of a member of an American Board of Veterinary Specialties (ABVS) or European Board of Veterinary Specialisation (EBVS) approved specialty (such as, but not limited to, the American College of Veterinary Radiology, the American College of Veterinary Radiology (Radiation Oncology), European College of Veterinary Neurology, the American College of Veterinary Pathology, ACVS, or ACVECC). Rotations must be completed in at least two consecutive week blocks (unless otherwise specified in the CM.)

Please list the **non-ACVIM Diplomates** available for consultation in these areas. Describe how Diplomates are involved in the supervision of residents and their contribution to direct contact requirements in affiliated specialties.

Name of Diplomates	Specialty/College	Site	Role in training residents
Khurseed Mama	ACVA	CSU	Available for consultations in person
Pedro Boscan	ACVA	CSU	Available for consultations in person
Lauren Sullivan	ACVECC	CSU	Available for consultations in person
Geoff Huffner	ACVECC	CSU	Available for consultations in person
Richard Wheeler	ACT	CSU	Available for consultations in person
Clara Goh	ACVS	CSU	Available for consultations in person
Felix Duerr	ACVS	CSU	Available for consultations in person
Eric Monnet	ACVS	CSU	Available for consultations in person
Catriona MacPhail	ACVS	CSU	Available for consultations in person
Chris Orton	ACVS	CSU	Available for consultations in person
Cynthia Powell	ACVO	CSU	Available for consultations in person

7. FORMAL STRUCTURED RESEARCH (CM 8.O):

The resident is expected to actively participate in a laboratory or clinical investigative research project during the residency. A minimum of **eight weeks** (320 hours) of an oncology residency should be dedicated to this aspect of training. Research time should be scheduled as either weekly time (hours per week) or in blocks of time sufficient to complete the research, perform data analysis and prepare a manuscript for publication by the third year of their residency (see Recommended Milestones in CM 8.G 6-8). This experience must be documented, with dates, and signed by the Supervising Diplomate.

Please explain how your residency program complies with the research guidelines outlined above.

Off clinic time is provided for residents in 2 to 6 week blocks throughout their 3 year program to conduct mentored research. This time is in addition to a 6 or a 7 week block provided to residents in Years 2 and 3, respectively, to prepare for and take their board exams. For first year residents a total of 12 weeks is set aside for the completion of structured research; for 2nd year residents 14 weeks, and for 3rd year residents 18 weeks. In addition, our program requires the completion of a non-thesis Master's degree through the Department of Clinical Sciences at CSU. As a part of this degree and our program, we require our residents to complete graduate level coursework with a grade of B or better as well as two research projects (with 1 required and 1 strongly encouraged publication resulting from each). These projects are expected to be identified by the end of Year 1 and are typically a mix of basic and clinical research. Each resident has a formal graduate committee as well as a Primary Resident Advisor to support them and direct the completion of their research and required projects.

For Board-certification in oncology, the resident must have a minimum of one major first author publication in the field of oncology published or accepted for publication in a refereed scientific or peer-reviewed journal. A literature review or case report is not acceptable. Please describe how this program supports this requirement for publication. (See CM 8.F.5)

Please see the description above for structured research

8. JOURNAL CLUB (CM 8.P):

An organized and routinely scheduled journal club of at least 80 hours over the course of the RTP must be an integral part of all oncology resident training. Journal Club must be attended and supervised by a Supervising Diplomate. The RTP application requires a schedule of proposed Journal Club for Oncology RTCC approval.

Please explain how your residency program complies with the journal club guidelines outlined above, and include a schedule for this requirement, including number of proposed meetings and duration of each meeting.

In anticipation of this requirement, we instituted an improved journal club schedule and format in July of 2017. Resident attendance is now required even during off clinic and board study time. Our journal club meets for 65 minutes every other Wednesday year round (total of 84 hours over 3 years). The format is for either a resident or faculty member to present one paper in detail with a thorough review of the literature as part of this presentation (via PowerPoint slides). At least one Supervising Diplomate is always in attendance. A schedule for Journal Club for this year is attached.

9. SEMINAR OR LECTURE SERIES AND FORMAL CONFERENCES (CM 8.Q, 8.R):

Residents must attend formal teaching conferences in oncology and related disciplines throughout the residency. Unless these are formal lectures or classes, an Oncology Supervising Diplomate supervises the conferences, which should occur an average of **four times per month**. Examples of these are clinical pathology conferences, resident seminars, grand rounds sessions, and tumor biology classes. Conferences given within a veterinary practice or hospital or at a medical school or medical teaching hospital are acceptable.

Please include includes the format and schedule of these conferences and presentations, which directly pertain to training in Oncology and give specific details given on a daily, weekly or monthly basis.

Mon, Wed, Fri 7:30-8:30 Post Graduate Medicine (12 hours per month, 3 semesters)
(Required course schedule for the Master's Degree is attached)
Tuesday, 8:00-8:30 Radiation Rounds (2 hours per month when on clinic)
Wednesday, 5-6 PM Histopathology review (4 hours per month, 4 semesters)
Thursday, 7:30-8:30 Departmental Resident/Faculty Seminar (4 hours per month, 3 years)
Friday, 8:30-9:30 Grand Rounds (4 hours per month, 3 years)
12-1:00 Gross Pathology Rounds (2 hours per month, 3 years)
12-1:00 PM Clinical Pathology Rounds (2 hours per month, 3 years)
ACC Seminar Series (1 hour cancer related seminar given once every 6 months by invited outside speaker, 3 years)
Oncology Resident Topic Rounds with Faculty – last Friday of the month from 3 – 5pm, 3 years

The resident must give a formal presentation at such a conference at least once per year. Documentation of these presentations must be included in the oncology credentials packet of the resident.

Please list all opportunities offered to and/or required of the resident for attendance and/or giving formal presentations at local, regional, state or national meetings. Indicate whether the resident will attend or present at these meetings (CM 8.Q).

Weekly opportunities for didactic topic-based rounds in Oncology Service rotation
Presentation at Journal Club four times yearly - required
Presentation at Departmental Resident/Faculty Seminar once yearly - required
Presentation at CSU-CVMBS Research Day once yearly
Presentation at VCS once yearly (for 2 of 3 years)

Residents must attend at least one state, regional, national, or international veterinary or human medical continuing education conference during their residency. Please list opportunities offered to and/or required of the resident for attendance

Required attendance at VCS in Years 2 and 3 with presentation of research projects expected

10. FORMAL EXAMINATION REVIEW SESSIONS (CM 8.S):

An oncology RTP must provide at least 40 hours per year of intensive formal review sessions for residents/candidates on topics covered in the general and specialty examinations. Attending daily clinical rounds does not meet this requirement. The requirement could be met in part by attending an ACVIM advanced continuing education (ACE) course, by attending an ACVIM Forum, or formal resident review sessions at a Veterinary Cancer Society Annual Meeting.

Please provide an anticipated schedule of these formal reviews below. Annual documentation will be required.

Required to attend resident review sessions at the Veterinary Cancer Society Annual Meeting in Years 2 and 3

Required attendance at Oncology Resident Topic Rounds with Faculty – last Friday of the month from 3 – 5pm, 3 years (72 hours)

11. PAST RESIDENTS:

Please list the residents who have completed this described training program **within the last five years**, including the year that each individual’s training program ended. If possible, please indicate whether the individual has completed the Board- certification process. Do not include residents whose program was other than the one described here.

Name(s)	Program End Date (mm/dd/yyyy)	Diplomate (Yes or No)
Katie Stroda, Private Practice, Texas	07/15/2017	Yes
Brendan Boostrom, Private Practice, Virginia	07/15/2017	Yes
Erica Falhauber, Private Practice, Colorado	07/15/2016	No
Travis Laver, Faculty, University of Georgia	07/15/2016	Yes
Tanya Gustafson, Private Practice, Florida	07/15/2015	Yes
Katie Curran, Faculty, Oregon State University	07/15/2015	Yes
Kristen Weishaar, Faculty, Colorado State University	07/15/2014	Yes
Michelle Morges, Private Practice, New Jersey	07/15/2014	Yes

12. CURRENT RESIDENTS:

Please list all residents **currently enrolled in this described training program** in addition to their actual program start and end dates. Each Resident Advisor can supervise only two residents at a time.

Resident Name(s) (first/last)	Length of Program (in years)	Program Start Date (mm/dd/yyyy)	Program End Date (mm/dd/yyyy)	Resident Advisor Name (first/last)	For RAs: Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in residency training (mandatory per CM 4.F.3.c)
Monica Fernandez	3	07/16/2017	07/15/2020	Douglas Thamm, VMD, MS	Yes
Brittany Wittenberns	3	07/16/2017	07/15/2020	Susan Lana, DVM, MS	Yes
Jacob Cawley	3	07/16/2016	07/15/2019	Douglas Thamm, VMD, MS	Yes
Annie Galloway	3	07/16/2016	07/15/2019	Barbara Biller, DVM, PhD	Yes
Amber Wolf-Ringwall	3	07/16/2015	07/15/2018	Susan Lana, DVM, MS	Yes

While it may have no bearing on your program, the supervising Diplomate(s) and the resident are required to review the Certification Manual yearly. You may obtain a copy of the Certification Manual from the ACVIM website at www.ACVIM.org.

13. Have all supervising Diplomate(s) read the objectives for an oncology residency as outlined in the Certification Manual, Specialty of Oncology?

Yes No

If no, please explain:

N/A

14. The RA and PD should periodically evaluate the resident (required minimum of once every 6 months) and discuss the results of those evaluations with the resident. Either the RA or PD (or both) must be able to provide the Residency Training Committee with written summaries of those evaluations, if requested. Additionally, the RA must complete the standardized Resident Evaluation Form annually and provide RTCC with copies, if requested.

Does your program comply with these standards of resident evaluation?

Yes No

If no, please explain:

N/A

15. Please indicate the availability of the following facilities or equipment. Indicate if these are available at the primary training site, or at a different location. (In the Location column, indicate on-site for primary location or the name of the facility where the equipment is located if off-site.) For facilities that are not on-site or not available, please describe the situation, availability, or how the resident will gain experience with equipment not available in the space at the end of this section.

	Available? (Y or N)	Location of equipment? (On-site or list site name)
a) Radiography	Y	On-site
b) 24 hour emergency and critical care facility	Y	On-site
b) Ultrasonographic equipment	Y	On-site
c) Color flow/Doppler equipment	Y	On-site
d) Endoscopy equipment	Y	On-site
GI equipment	Y	On-site
Bronchoscopy	Y	On-site
Cystoscopy	Y	On-site
Rhinoscopy	Y	On-site
Laparoscopy	Y	On-site
e) Clinical Pathology capabilities: (includes CBC, serum chemistries, blood gases, urinalysis, Cytology, parasitology, microbiology, and endocrinology)	Y	On-site
f) Appropriate safety equipment for handling chemotherapy (briefly summarize what is available in the column Location of Equipment).	Y	On-site Gown, double gloves, face shields, Phaseal delivery system, dedicated room for administration, pharmacy hood for prep
g) Nuclear Medicine	Y	On-site
h) Computed Tomography	Y	On-site
i) Magnetic Resonance Imaging	Y	On-site
j) Radiation Therapy Facility	Y	On-site
k) Intensive Care Facility – 24 hours	Y	On-site
l) Total parenteral nutrition capability	Y	On-site
m) Computerized Medical Records w/Searching Capabilities	Y	On-site

If any of the above equipment or facilities are available off-site, please explain how the resident can access them for case management, research, or study.

N/A

16. The resident should have access to a human or veterinary medical library with on-line searching capacity and at a minimum have access to all textbooks (current editions) and full text access to all journals on the current examination committee reading list (See item 21. to be completed by Program Director. Note that on-line access to texts must be

full-text not abstracts only). This library should be available on-site or within a reasonable commuting distance (defined as within a 15 mile radius of the primary training site).

Please indicate how your resident can obtain access to the following textbooks/journals.

Text or Journal	Hard Copy or Subscription Available on site, or Medical/Veterinary Library <i>(insert name)</i>	Available Electronically (CD-ROM or Online Subscription)	Available Through pub- med only (free or will purchase articles)	Not Available

Comments:

17. Is there any additional pertinent information that the Residency Training Committee should consider in its evaluation of this training program?

Yes No

<input type="checkbox"/>	X <input type="checkbox"/>
--------------------------	----------------------------

Comments:

Please note, any Program Director or Candidate that significantly changes or alters this Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.

Significant changes could include, but are not limited to:

- transferring from one program to another
- alterations in program duration
- switching to a ‘dual board’ program

- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

As Program Director, I verify that the above information is an accurate reflection of this Residency Training Program.

Per the Certification Manual, each year, the Program Director must certify to the RTC/ RTCC and ACVIM, in writing, that they have read the ACVIM Certification Manual and understands their role in residency training.

Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in Residency Training Program.
