

**Part One**

New applications for ACVIM Residency Training Programs must be received by the Residency Training Committee 90 days prior to any residents beginning training. Before completing this form, please review the general and specific requirements for Oncology Residency Training Programs in the ACVIM Certification Manual (CM). The most current version of the CM is available on the ACVIM website at [www.ACVIM.org](http://www.ACVIM.org). If there is a discrepancy between this form and the CM, the CM will be considered correct, however, please contact the ACVIM office or the Residency Training Committee Chairperson for clarification.

Prior to making significant changes in a Residency Training Program, approval of the ACVIM and Oncology Residency Training Committee must be obtained. The Candidate and/or Program Director must notify ACVIM, in writing. Significant changes could include, but are not limited to: changes in Program Director or any advisors, transferring from one program to another, alterations in program duration, locations of secondary site training, switching to a 'dual board' program, or enrolling in an institutional graduate program.

**Notice:** This form contains questions for three separate purposes; data collection that ACVIM must maintain for its accreditation as a specialty college; data collection for each specialty to evaluate what is appropriate for residency programs; and data collection to evaluate this Residency Training Program for renewal. It is important that all questions be answered accurately and completely, even if the answer to a specific question is not essential for a program's renewal.

**For multi-site residency programs:** To ensure uniformity of training and compliance with current CM requirements, training programs which include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). Multi-site programs, if any, are listed in Part Two.

Program Director Name:

(Must be a Diplomate of ACVIM in the Specialty of Oncology)

Program Director's Contact Information:

Work Phone:	<a href="tel:5198244120">(519) 824-4120</a>
E-mail:	<a href="mailto:jpwoods@uoguelph.ca">jpwoods@uoguelph.ca</a>
Mailing Address:	<a href="#">Clinical Studies</a> <a href="#">Ontario Veterinary College University of Guelph</a> <a href="#">Guelph ON N1G 2W1</a> <a href="#">Canada</a>

1. Location of Sponsoring Institution (Primary Site of Residency Training Program):

Primary Site:

Multi-site programs, if any, are listed in Part Two.

2. Resident Advisor(s): Must be ACVIM Diplomate(s) in Oncology. There is no restriction on the number of Resident Advisors; however, **each Resident Advisor can supervise only two residents concurrently.**

Anthony Mutsaers  
J. Paul Woods

3. Please list all Supervising Diplomates in Oncology: **There must be a minimum of two (2) ACVIM Oncology Diplomates per institution.**

J. Paul Woods - Oncology  
Anthony Mutsaers - Oncology  
Sam Hocker - Oncology

4. Please list all Diplomates of the American College of Veterinary Internal Medicine responsible for supervision of clinical training who specialize in areas other than Oncology.

Anthony Abrams-Ogg - SAIM  
Maureen Barry - SAIM  
Lynne O'Sullivan - Cardiology  
Alice Defarges - SAIM  
Shauna Blois - SAIM  
Fiona James - Neurology  
Danielle Richardson - SAIM

5. Please list all the residents currently enrolled in the training program, along with the beginning date of the program, expected ending date of the program, and designated resident advisor.

Resident Name, Dates of Program (Resident Advisor)\*

Arata Matsuyama 8.4.15 - 9.1.18 (Anthony Mutsaers)  
Sarah Bernard 8.8.17 - 9.1.20 (Anthony Mutsaers)

**\* There is no restriction on the number of Resident Advisors; however, each Resident Advisor can supervise only two residents concurrently.**

**Please note, any Candidate that significantly changes or alters their Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.**

**Significant changes could include, but are not limited to:**

- transferring from one program to another
- alterations in program duration
- switching to a 'dual board' program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

**RESIDENCY TRAINING PROGRAM REGISTRATION  
2018-2019  
ONCOLOGY**

**Part Two**

**Part Two of the Oncology Residency Training renewal process addresses general features of the program that apply to all current residents. These questions will be used to provide the Oncology Residency Training/Credentials Committee with information needed to judge the structure, quality, scope, and consistency of training provided.**

Current Date: February 14, 2018

Program Director Name: J. Paul Woods

(Must be a Diplomate of ACVIM in the Specialty of Oncology)

Name of Sponsoring Institution (Residency Training Program): Ontario Veterinary College  
University of Guelph  
Guelph, ON  
N1G 2W1  
Canada

1. For residency programs with off-site rotations (required rotations not available at the primary institution/site): To ensure uniformity of training and compliance with current Certification Manual (CM) requirements, training programs that include off-site rotations must provide detailed information regarding supervision and facilities available at each specific site(s).

Outside Rotation(s) (if applicable): Please attach signed Letters of Support from all individuals providing off-site training of oncology residents to this registration form. Each Letter of Support should specify the number of weeks scheduled at each site and the rotation requirement met. **Letters of Support must be submitted annually WITH program renewal forms and WITH each new program request.**

In the box provided below, list the outside rotations for which you are attaching Letters of Support. Please include in the space below the specific information regarding the number of weeks scheduled at each site and which rotation requirements shall be met at each site:

School of Veterinary Medicine, University of Wisconsin-Madison, 2015 Linden Dr., Madison, WI, USA 53706  
for up to 8 weeks of Radiation Oncology  
(letter of support attached)

2. Type of Training Program:

Traditional 3 years	X
Non-traditional (# years)	
For non-traditional programs, please provide details. Note that programs must be at least 3 years (156 weeks) in length.	

3. Advanced Degree:

	Yes	No	Optional
Masters:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
PhD:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Required for residency certificate: Yes  No

Comments: The program is a 3 year Doctor of Veterinary Science (DVSc) program, two years of which is strictly devoted to residency training (as specified in the GIG) and one year to clinical research and course work. The clinical, research, and course work are scheduled in blocks of weeks to months, rather than a dedicated year.

4. ONCOLOGY DIPLOMATES (CM 8.G.4)

There must be a **minimum of two (2) ACVIM Oncology Diplomates** at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval. Please list the ACVIM Oncology Diplomates and their site of activity.

Name of Oncology Diplomates	Location
J. Paul Woods	on site (i.e. OVC)
Anthony J. Mutsaers	on site
Sam Hocker	on site

5. SUPPORTING DISCIPLINES REQUIRED

There must be an **ACVIM SAIM Diplomate** with  $\geq 50\%$  FTE at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval (CM 8.U.3).

Please list the ACVIM SAIM Diplomate(s) who will fulfill this requirement for the RTP.

Name of SAIM Diplomate(s)	Location
Tony Ogg	on site (i.e. OVC)
Shauna Blois	on site
Alice Defarges	on site
Maureen Barry	on site

There must be an **ACVS Surgery Diplomate** with  $\geq 50\%$  FTE at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval (CM 8.U.3).

Please list the ACVIM SAIM Diplomate(s) who will fulfill this requirement for the RTP.

Name of ACVS Diplomate(s)	Location
Brigitte Brisson	on site (i.e. OVC)
Noel Moens	on site
Tom Gibson	on site
Ameet Singh	on site
Michelle Oblak	on site

6. CLINICAL TRAINING IN OTHER SPECIALTIES: REQUIRED AFFILIATED ROTATIONS (CM 8.M)

Because oncology is a multimodal discipline, the resident must also have clinical training under the direct supervision of Supervising Diplomates in other disciplines. This contact may occur at a secondary training site.

A minimum of 32 weeks must be spent actively receiving patients in affiliated rotations or meeting requirements through rounds. For each off-site rotation included in the 32 weeks of clinical training in other specialties, the resident should obtain written approval from their Resident Advisor, who will forward documentation of this approval to the RTCC.

6a. RADIATION ONCOLOGY REQUIREMENTS (CM 8.M.1):

At least **eight weeks** of direct supervision is required with a veterinary radiation oncologist to develop an understanding of clinical management of patients receiving radiation therapy, radiation planning, dosimetry and physics related to clinical radiation therapy.

Please list all **Diplomates of the American College of Veterinary Radiology responsible for training in Radiation Oncology**. Describe how Diplomates are involved in the supervision of residents and direct contact radiation oncology training will be fulfilled. Radiation oncology rotations must be completed in blocks of at least two consecutive weeks in length.

Name of Diplomate(s)	Site	Role in training residents
Neil Christensen Lisa Forrest Michelle Turek	School of Veterinary Medicine, University of Wisconsin-Madison, 2015 Linden Dr., Madison, WI, USA 53706	Up to 8 weeks per year of direct (face-to-face) supervision by an ACVR-certified Radiation Oncology Diplomate at the UW Veterinary Medical Teaching Hospital in Madison, WI in blocks of a minimum duration of two weeks.

6b. PATHOLOGY REQUIREMENTS (8.M.1):

At least **two weeks** (may be met through weekly/biweekly rounds) of direct supervision with a **clinical pathologist** are required.

Please list all **Diplomates of the American College of Veterinary Pathology** in clinical pathology associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in clinical pathology will be met.

Name of Diplomate(s)	Site	Role in training residents
Dr. D. Bienzle Dr. K. Ruotsalo Dr. D. Wood	on site (i.e. OVC) on site on site	Working with resident at Clin Path and working with resident on their service.

At least **two weeks** (may be met through weekly/biweekly rounds) of direct supervision with an **anatomic (surgical) pathologist** are required.

Please list all **Diplomates of the American College of Veterinary Pathology** in anatomic (surgical) pathology associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in anatomic pathology will be met.

Name of Diplomate(s)	Site	Role in training residents
Dr. M. Stalker Dr. R. Foster Dr. J. Caswell Dr. B. Lillie Dr. B. Plattner Dr. G. Wood	on site (i.e. OVC) on site on site on site on site on site	Working with resident at Anatomic Path rounds and working with resident on their service

6c. DIAGNOSTIC IMAGING REQUIREMENTS (8.M.1):

At least **two consecutive weeks** of **diagnostic imaging** under direct supervision by a board-certified radiologist are required in addition to any interactions during case rounds.

Please list all **Diplomates of the American College of Veterinary Radiology (not including radiation oncology)** associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in radiology will be met.

Name of Diplomate(s)	Site	Role in training residents
----------------------	------	----------------------------

Dr. S. Nykamp Dr. A. zur Linden	on site (i.e. OVC) on site	Working with resident in consultation on cases and working with resident on their service.
------------------------------------	-------------------------------	--

6d. SMALL ANIMAL INTERNAL MEDICINE REQUIREMENTS (8.M.1):

At least **four weeks** (completed in at least two consecutive week blocks) of training under the direct supervision by an ACVIM Small Animal Internal Medicine (SAIM) Diplomate are required.

Please list all **Diplomates of the American College of Veterinary Internal Medicine (including those listed above)** involved in the supervision of residents and how direct contact requirements will be met.

Name of Diplomate(s)	Site	Role in training residents
Tony Ogg Shauna Blois Alice Defarges Maureen Barry	on site (i.e. OVC) on site on site on site	Working with resident in consultation on cases and working with resident on their service.

6e. OTHER REQUIRED ROTATIONS (8.M.2):

**Fourteen weeks** of other rotations with an ACVIM Diplomate in the Specialty of Oncology, or training under the supervision of a member of an American Board of Veterinary Specialties (ABVS) or European Board of Veterinary Specialization (EBVS) approved specialty (such as, but not limited to, the American College of Veterinary Radiology, the American College of Veterinary Radiology (Radiation Oncology), European College of Veterinary Neurology, the American College of Veterinary Pathology, ACVS, or ACVECC). Rotations must be completed in at least two consecutive week blocks (unless otherwise specified in the CM.)

Please list the **non-ACVIM Diplomates** available for consultation in these areas. Describe how Diplomates are involved in the supervision of residents and their contribution to direct contact requirements in affiliated specialties.

Name of Diplomates	Specialty/College	Site	Role in training residents
Dr. C. Pinard Dr. B. Brisson Dr. N. Moens Dr. T. Gibson Dr. A. Singh Dr. M. Oblak Dr. C. Kerr Dr. A. Valverde Dr. M. Sinclair Dr. C. Gartley Dr. S. Bateman Dr. A. Bersenas Dr. R. Johnson Dr. A. Verbrugge Dr. L. Gaitero Dr. L. O'Sullivan Dr. S. Fonfara Dr. F. James	ACVO ACVS ACVS ACVS ACVS ACVA ACVA ACVA ACT ACVECC ACVECC ACVCP ECVN ECVCN ACVIM (cardiology) ECVIM (cardiology) ACVIM (Neurology)	on site on site on site on site on site on site on site on site on site on site on site on site on site on site on site on site on site	Working with resident in consultation on cases and working with resident on their service.

7. FORMAL STRUCTURED RESEARCH (CM 8.O):

The resident is expected to actively participate in a laboratory or clinical investigative research project during the residency. A minimum of **eight weeks** (320 hours) of an oncology residency should be dedicated to this aspect of training. Research time should be scheduled as either weekly time (hours per week) or in blocks of time sufficient to complete the research, perform data analysis and prepare a manuscript for publication by the third year of their residency (see

Recommended Milestones in CM 8.G 6-8). This experience must be documented, with dates, and signed by the Supervising Diplomate.

Please explain how your residency program complies with the research guidelines outlined above.

The program is a 3 year Doctor of Veterinary Science (DVSc) program, two years of which is strictly devoted to residency training (as specified in the GIG) and one year to clinical research and course work. The clinical, research, and course work are scheduled in blocks of weeks to months, rather than a dedicated year. The candidate has a graduate committee meeting each semester to ensure milestones are being met.

For Board-certification in oncology, the resident must have a minimum of one major first author publication in the field of oncology published or accepted for publication in a refereed scientific or peer-reviewed journal. A literature review or case report is not acceptable. Please describe how this program supports this requirement for publication. (See CM 8.F.5)

The DVSc research program findings will be published in a refereed journal.

#### 8. JOURNAL CLUB (CM 8.P):

An organized and routinely scheduled journal club of at least 80 hours over the course of the RTP must be an integral part of all oncology resident training. Journal Club must be attended and supervised by a Supervising Diplomate. The RTP application requires a schedule of proposed Journal Club for Oncology RTCC approval.

Please explain how your residency program complies with the journal club guidelines outlined above, and include a schedule for this requirement, including number of proposed meetings and duration of each meeting.

Journal club meets weekly throughout the year. Attendance required.

#### 9. SEMINAR OR LECTURE SERIES AND FORMAL CONFERENCES (CM 8.Q, 8.R):

Residents must attend formal teaching conferences in oncology and related disciplines throughout the residency. Unless these are formal lectures or classes, an Oncology Supervising Diplomate supervises the conferences, which should occur an average of **four times per month**. Examples of these are clinical pathology conferences, resident seminars, grand rounds sessions, and tumor biology classes. Conferences given within a veterinary practice or hospital or at a medical school or medical teaching hospital are acceptable.

Please include includes the format and schedule of these conferences and presentations, which directly pertain to training in Oncology and give specific details given on a daily, weekly or monthly basis.

Rounds, conference and course descriptions:

- Patient-oriented teaching rounds daily
- Pathology rounds twice/week
- Grand Rounds allows each resident to present a clinical case or research project to the department. The presentation is evaluated. Attendance required. Held weekly throughout the academic year (September through April). Resident presents once/semester (i.e. twice per year)
- Journal club meets weekly throughout the year. Attendance required.
- Tannock & Hill readings weekly for basic oncology
- General Medicine course emphasizes pathophysiology, diagnosis, and therapy of small animal diseases. Based on Ettinger and Feldman, with supplemental journal articles. A mock general board exam is held at the end of each semester. Attendance required. Held weekly throughout the academic year (September through April).
- Readings in Guyton and Currtent Veterinary Therapy meets weekly throughout the year for residents in years 1 and 2.

The resident must give a formal presentation at such a conference at least once per year. Documentation of these presentations must be included in the oncology credentials packet of the resident.

Please list all opportunities offered to and/or required of the resident for attendance and/or giving formal presentations at local, regional, state or national meetings. Indicate whether the resident will attend or present at these meetings (CM 8.Q).

Grand Rounds allows each resident to present a clinical case or research project to the department. The presentation is evaluated. Attendance required. Held weekly throughout the academic year (September through April). Resident presents once/semester (i.e. twice per year)

Residents must attend at least one state, regional, national, or international veterinary or human medical continuing education conference during their residency. Please list opportunities offered to and/or required of the resident for attendance

Residents in second and third year are expected to attend ACVIM Forum. In third year residents expected to present abstract of their research.  
 Residents are also expected to attend the annual Veterinary Cancer Society meeting (and to present abstract of their research in their third year).  
 Residents attend (and to present their research) at annual University of Guelph Institute for Comparative Cancer Investigation (ICCI) forum.

**10. FORMAL EXAMINATION REVIEW SESSIONS (CM 8.S):**

An oncology RTP must provide at least 40 hours per year of intensive formal review sessions for residents/candidates on topics covered in the general and specialty examinations. Attending daily clinical rounds does not meet this requirement. The requirement could be met in part by attending an ACVIM advanced continuing education (ACE) course, by attending an ACVIM Forum, or formal resident review sessions at a Veterinary Cancer Society Annual Meeting.

Please provide an anticipated schedule of these formal reviews below. Annual documentation will be required.

Residents in second and third year are expected to attend ACVIM Forum.  
 Residents are also expected to attend the annual Veterinary Cancer Society meeting and formal resident review sessions at a Veterinary Cancer Society Annual Meeting.

**11. PAST RESIDENTS:**

Please list the residents who have completed this described training program **within the last five years**, including the year that each individual's training program ended. If possible, please indicate whether the individual has completed the Board- certification process. Do not include residents whose program was other than the one described here.

Name(s)	Program End Date (mm/dd/yyyy)	Diplomate (Yes or No)
Maude Touret	12/31/2012	Yes
Fernanda Mantovani	08/31/2015	Yes
Jerome Calvalido	08/31/2016	Yes
Steve Patten	08/31/2017	No
Danielle Richardson	11/03/2017	No

**12. CURRENT RESIDENTS:**

Please list all residents **currently enrolled in this described training program** in addition to their actual program start and end dates. Each Resident Advisor can supervise only two residents at a time.

Resident Name(s) (first/last)	Length of Program (in years)	Program Start Date (mm/dd/yyyy)	Program End Date (mm/dd/yyyy)	Resident Advisor Name (first/last)	For RAs: Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in residency training (mandatory per CM 4.F.3.c)
Arata Matsuyama	3	08/01/2015	09/01/2018	Tony Mutsaers	✓
Sarah Bernard	3	08/08/2017	09/01/2020	Tony Mutsaers	✓

While it may have no bearing on your program, the supervising Diplomate(s) and the resident are required to review the Certification Manual yearly. You may obtain a copy of the Certification Manual from the ACVIM website at [www.ACVIM.org](http://www.ACVIM.org).

13. Have all supervising Diplomate(s) read the objectives for an oncology residency as outlined in the Certification Manual, Specialty of Oncology?

Yes      No  
     

If no, please explain:

14. The RA and PD should periodically evaluate the resident (required minimum of once every 6 months) and discuss the results of those evaluations with the resident. Either the RA or PD (or both) must be able to provide the Residency Training Committee with written summaries of those evaluations, if requested. Additionally, the RA must complete the standardized Resident Evaluation Form annually and provide RTCC with copies, if requested.

Does your program comply with these standards of resident evaluation?

Yes      No  
     

If no, please explain:

15. Please indicate the availability of the following facilities or equipment. Indicate if these are available at the primary training site, or at a different location. (In the Location column, indicate on-site for primary location or the name of the facility where the equipment is located if off-site.) For facilities that are not on-site or not available, please describe the situation, availability, or how the resident will gain experience with equipment not available in the space at the end of this section.

	Available? (Y or N)	Location of equipment? (On-site or list site name)
a) Radiography	Y	On-site
b) 24 hour emergency and critical care facility	Y	On-site
b) Ultrasonographic equipment	Y	On-site
c) Color flow/Doppler equipment	Y	On-site
d) Endoscopy equipment	Y	On-site
GI equipment	Y	On-site
Bronchoscopy	Y	On-site
Cystoscopy	Y	On-site
Rhinoscopy	Y	On-site
Laparoscopy	Y	On-site
e) Clinical Pathology capabilities: (includes CBC, serum chemistries, blood gases, urinalysis, Cytology, parasitology, microbiology, and endocrinology)	Y	On-site
f) Appropriate safety equipment for handling chemotherapy (briefly summarize what is available in the column Location of Equipment).	Y	On-site Safety equipment for handling chemotherapy: There are safety protocols in place within the Animal Cancer Center for several standard operating procedures (SOP) ranging from chemotherapy administration, to what to do in case of a chemotherapy spill, to SOPs for

		personal protective equipment and housekeeping. These protocols are on line and hard copies are located in the chemotherapy room. A current copy of Workplace Hazardous Materials Information System (WHMIS) for items used within the hospital can be found on line. Twice yearly, respirators are checked to ensure proper fit. Specific equipment includes: High risk Cover Gowns - MedPro Defense order # 018-326, Nitrafree Micro-touch gloves, company Ansell Lot # 13030273EP, Respirators Half face piece #M 6100/07024 with replaceable filter 3M 60921, and Bradley Eyewash and floor model shower.
g) Nuclear Medicine	Y	On-site
h) Computed Tomography	Y	On-site
i) Magnetic Resonance Imaging	Y	On-site
j) Radiation Therapy Facility	Y	On-site
k) Intensive Care Facility – 24 hours	Y	On-site
l) Total parenteral nutrition capability	Y	On-site
m) Computerized Medical Records w/Searching Capabilities	Y	On-site

If any of the above equipment or facilities are available off-site, please explain how the resident can access them for case management, research, or study.

16. The resident should have access to a human or veterinary medical library with on-line searching capacity and at a minimum have access to all textbooks (current editions) and full text access to all journals on the current examination committee reading list (**See item 21. to be completed by Program Director. Note that on-line access to texts must be full-text not abstracts only**). This library should be available on-site or within a reasonable commuting distance (defined as within a 15 mile radius of the primary training site).

Please indicate how your resident can obtain access to the following textbooks/journals.

Comments:

**Please note, any Program Director or Candidate that significantly changes or alters this Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.**

Significant changes could include, but are not limited to:

- transferring from one program to another
- alterations in program duration
- switching to a 'dual board' program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

**X As Program Director, I verify that the above information is an accurate reflection of this Residency Training Program.**

Per the Certification Manual, each year, the Program Director must certify to the RTC/ RTCC and ACVIM, in writing, that they have read the ACVIM Certification Manual and understands their role in residency training.

**X Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in Residency Training Program.**
