

RESIDENCY TRAINING PROGRAM REGISTRATION  
2018-2019  
ONCOLOGY

Part One

New applications for ACVIM Residency Training Programs must be received by the Residency Training Committee 90 days prior to any residents beginning training. Before completing this form, please review the general and specific requirements for Oncology Residency Training Programs in the ACVIM Certification Manual (CM). The most current version of the CM is available on the ACVIM website at [www.ACVIM.org](http://www.ACVIM.org). If there is a discrepancy between this form and the CM, the CM will be considered correct, however, please contact the ACVIM office or the Residency Training Committee Chairperson for clarification.

Prior to making significant changes in a Residency Training Program, approval of the ACVIM and Oncology Residency Training Committee must be obtained. The Candidate and/or Program Director must notify ACVIM, in writing. Significant changes could include, but are not limited to: changes in Program Director or any advisors, transferring from one program to another, alterations in program duration, locations of secondary site training, switching to a 'dual board' program, or enrolling in an institutional graduate program.

**Notice:** This form contains questions for three separate purposes; data collection that ACVIM must maintain for its accreditation as a specialty college; data collection for each specialty to evaluate what is appropriate for residency programs; and data collection to evaluate this Residency Training Program for renewal. It is important that all questions be answered accurately and completely, even if the answer to a specific question is not essential for a program's renewal.

**For multi-site residency programs:** To ensure uniformity of training and compliance with current CM requirements, training programs which include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). Multi-site programs, if any, are listed in Part Two.

Program Director Name:

(Must be a Diplomate of ACVIM in the Specialty of Oncology)

Program Director's Contact Information:

Work Phone:	<input type="text" value="(508) 887-4315"/>
E-mail:	<input type="text" value="lisa.barber@tufts.edu"/>
Mailing Address:	<input type="text" value="Cummings School of Veterinary Medicine&lt;br/&gt;200 Westboro Rd.&lt;br/&gt;N. Grafton, MA 01536"/>

1. Location of Sponsoring Institution (Primary Site of Residency Training Program):

Primary Site:

Multi-site programs, if any, are listed in Part Two.

2. Resident Advisor(s): Must be ACVIM Diplomate(s) in Oncology. There is no restriction on the number of Resident Advisors; however, **each Resident Advisor can supervise only two residents concurrently.**

Lisa Barber  
Kristine Burgess

3. Please list all Supervising Diplomates in Oncology: **There must be a minimum of two (2) ACVIM Oncology Diplomates per institution.**

Lisa Barber - Oncology  
Cheryl London - Oncology  
Carrie Wood - Oncology (Southern NH Vet Spec)  
Kristine Burgess - Oncology

4. Please list all Diplomates of the American College of Veterinary Internal Medicine responsible for supervision of clinical training who specialize in areas other than Oncology.

Mary Anna Labato - SAIM  
Cynthia Webster - SAIM  
Orla Mahony - SAIM  
Virginia Rentko - SAIM  
John Rush - Cardiology  
Michael Stone - SAIM  
Dominik Faissler - Neurology  
Suzanne Cunningham - Cardiology  
Lillian Cornejo - SAIM  
Claire Fellman - SAIM

5. Please list all the residents currently enrolled in the training program, along with the beginning date of the program, expected ending date of the program, and designated resident advisor.

Resident Name, Dates of Program (Resident Advisor)\*

Laura Barrett 7.15.2018 - 7.15.2018 (Lisa Barber)  
Emily Krieger 1.1.2017 - 1.1.2020 (Carrie Wood)  
Ana Rebelo 7.15.17 - 7.14.20 (Lisa Barber)

\* **There is no restriction on the number of Resident Advisors; however, each Resident Advisor can supervise only two residents concurrently.**

**Please note, any Candidate that significantly changes or alters their Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.**

**Significant changes could include, but are not limited to:**

- transferring from one program to another
- alterations in program duration
- switching to a 'dual board' program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

**RESIDENCY TRAINING PROGRAM REGISTRATION  
2018-2019  
ONCOLOGY**

**Part Two**

**Part Two of the Oncology Residency Training renewal process addresses general features of the program that apply to all current residents. These questions will be used to provide the Oncology Residency Training/Credentials Committee with information needed to judge the structure, quality, scope, and consistency of training provided.**

Current Date: February 28, 2018

Program Director Name: Lisa Barber

(Must be a Diplomate of ACVIM in the Specialty of Oncology)

Name of Sponsoring Institution (Residency Training Program): Cummings School of Veterinary Medicine at Tufts University

1. For residency programs with off-site rotations (required rotations not available at the primary institution/site): To ensure uniformity of training and compliance with current Certification Manual (CM) requirements, training programs that include off-site rotations must provide detailed information regarding supervision and facilities available at each specific site(s).

Outside Rotation(s) (if applicable): Please attach signed Letters of Support from all individuals providing off-site training of oncology residents to this registration form. Each Letter of Support should specify the number of weeks scheduled at each site and the rotation requirement met. **Letters of Support must be submitted annually WITH program renewal forms and WITH each new program request.**

In the box provided below, list the outside rotations for which you are attaching Letters of Support. Please include in the space below the specific information regarding the number of weeks scheduled at each site and which rotation requirements shall be met at each site:

N/A

2. Type of Training Program:

Traditional 3 years	<input checked="" type="checkbox"/>
Non-traditional (# years)	
For non-traditional programs, please provide details. Note that programs must be at least 3 years (156 weeks) in length.	

3. Advanced Degree:

	Yes	No	Optional
Masters:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
PhD:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Required for residency certificate: Yes  No

Comments:

4. ONCOLOGY DIPLOMATES (CM 8.G.4)

There must be a **minimum of two (2) ACVIM Oncology Diplomates** at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval. Please list the ACVIM Oncology Diplomates and their site of activity.

Name of Oncology Diplomates	Location
Lisa Barber	Cummings
Carrie Wood	Cummings
Kristine Burgess	Cummings
Cheryl London	Cummings

5. SUPPORTING DISCIPLINES REQUIRED

There must be an **ACVIM SAIM Diplomate** with  $\geq 50\%$  FTE at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval (CM 8.U.3).

Please list the ACVIM SAIM Diplomate(s) who will fulfill this requirement for the RTP.

Name of SAIM Diplomate(s)	Location
Mary Labato	Cummings
Orla Mahony	Cummings
Cynthia R.L. Webster	Cummings
Lillian Cornejo	Cummings
Claire Fellman	Cummings
Michael Stone	Cummings

There must be an **ACVS Surgery Diplomate** with  $\geq 50\%$  FTE at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval (CM 8.U.3).

Please list the ACVIM SAIM Diplomate(s) who will fulfill this requirement for the RTP.

Name of ACVS Diplomate(s)	Location
John Berg	Cummings
Raymond Kudej	Cummings
Robert McCarthy	Cummings
Mike Kowaleski	Cummings
Michael Karlin	Cummings

6. CLINICAL TRAINING IN OTHER SPECIALTIES: REQUIRED AFFILIATED ROTATIONS (CM 8.M)

Because oncology is a multimodal discipline, the resident must also have clinical training under the direct supervision of Supervising Diplomates in other disciplines. This contact may occur at a secondary training site.

A minimum of 32 weeks must be spent actively receiving patients in affiliated rotations or meeting requirements through rounds. For each off-site rotation included in the 32 weeks of clinical training in other specialties, the resident should obtain written approval from their Resident Advisor, who will forward documentation of this approval to the RTCC.

6a. RADIATION ONCOLOGY REQUIREMENTS (CM 8.M.1):

At least **eight weeks** of direct supervision is required with a veterinary radiation oncologist to develop an understanding of clinical management of patients receiving radiation therapy, radiation planning, dosimetry and physics related to clinical radiation therapy.

Please list all **Diplomates of the American College of Veterinary Radiology responsible for training in Radiation Oncology**. Describe how Diplomates are involved in the supervision of residents and direct contact radiation oncology training will be fulfilled. Radiation oncology rotations must be completed in blocks of at least two consecutive weeks in length.

Name of Diplomate(s)	Site	Role in training residents
Michele Keyerleber	Cummings	Direct supervision during radiation oncology rotations (minimum of 8 weeks), consultation on clinical cases requiring radiation therapy, attending weekly journal club, providing periodic didactic rounds on radiation therapy, participation in daily patient rounds.

6b. PATHOLOGY REQUIREMENTS (8.M.1):

At least **two weeks** (may be met through weekly/biweekly rounds) of direct supervision with a **clinical pathologist** are required.

Please list all **Diplomates of the American College of Veterinary Pathology** in clinical pathology associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in clinical pathology will be met.

Name of Diplomate(s)	Site	Role in training residents
Perry Bain Elizabeth O'Neil Joyce Knoll	Cummings Cummings Cummings	Direct supervision during resident rotation in clinical pathology, provides informal consultation and case review on clinical cases, participate in oncology-pathology rounds and collaboration on clinical research Resistudies. This applies to all diplomates listed here.

At least **two weeks** (may be met through weekly/biweekly rounds) of direct supervision with an **anatomic (surgical) pathologist** are required.

Please list all **Diplomates of the American College of Veterinary Pathology** in anatomic (surgical) pathology associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in anatomic pathology will be met.

Name of Diplomate(s)	Site	Role in training residents
Nicholas Robinson Samuel Jennings Gillian Beamer	Cummings Cummings Cummings	Will provide direct supervision during resident rotation in surgical pathology, provides informal consultation and case review on clinical cases, lead necropsy rounds, participate in oncology-pathology rounds, provide informal consultation on clinical cases with biopsy review, and collaboration on research studies. This applies to all diplomates listed here.

6c. DIAGNOSTIC IMAGING REQUIREMENTS (8.M.1):

At least **two consecutive weeks** of **diagnostic imaging** under direct supervision by a board-certified radiologist are required in addition to any interactions during case rounds.

Please list all Diplomates **of the American College of Veterinary Radiology (not including radiation oncology)** associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in radiology will be met.

Name of Diplomat(e)s	Site	Role in training residents
Mauricio Solano	Cummings	Direct supervision during resident rotations, informal consultation and review of imaging on clinical cases on a daily basis, participation in clinical studies as radiologist review (individual radiologists as needed). This applies to all diplomates listed here.
Dominique Penninck	Cummings	
Amy Sato	Cummings	
James Sutherland-Smith	Cummings	
Patricia Oura	Cummings	
Ryan King	Cummings	

6d. SMALL ANIMAL INTERNAL MEDICINE REQUIREMENTS (8.M.1):

At least **four weeks** (completed in at least two consecutive week blocks) of training under the direct supervision by an ACVIM Small Animal Internal Medicine (SAIM) Diplomat are required.

Please list all **Diplomates of the American College of Veterinary Internal Medicine (including those listed above)** involved in the supervision of residents and how direct contact requirements will be met.

Name of Diplomat(e)s	Site	Role in training residents
Mary Labato (SAIM)	Cummings	Direct supervision during resident rotations, informal consultations on patient care, participation in didactic rounds (research rounds, specialty rounds, pathophysiology rounds, cardiology conferences, journal clubs), collaboration on clinical research studies.
Orla Mahony, (SAIM)	Cummings	
Cynthia R.L. Webster (SAIM)	Cummings	
Lillian Cornejo (SAIM)	Cummings	
Claire Fellman (SAIM)	Cummings	
Michael Stone (SAIM)	Cummings	
John Rush (Cardiology)	Cummings	
Suzanne Cunningham (Cardiology)	Cummings	
Vicky Yang (Cardiology)	Cummings	
Lisa Barber (Oncology)	Cummings	
Kristine Burgess (Oncology)	Cummings	
Cheryl London (Oncology)	Cummings	
Carrie Wood (Oncology)	Cummings	

6e. OTHER REQUIRED ROTATIONS (8.M.2):

**Fourteen weeks** of other rotations with an ACVIM Diplomat in the Specialty of Oncology, or training under the supervision of a member of an American Board of Veterinary Specialties (ABVS) or European Board of Veterinary Specialization (EBVS) approved specialty (such as, but not limited to, the American College of Veterinary Radiology, the American College of Veterinary Radiology (Radiation Oncology), European College of Veterinary Neurology, the American College of Veterinary Pathology, ACVS, or ACVECC). Rotations must be completed in at least two consecutive week blocks (unless otherwise specified in the CM.)

Please list the **non-ACVIM Diplomates** available for consultation in these areas. Describe how Diplomates are involved in the supervision of residents and their contribution to direct contact requirements in affiliated specialties.

Name of Diplomates	Specialty/College	Site	Role in training residents
--------------------	-------------------	------	----------------------------

Cummings

Dominik Faissler	ECVN	Cummings	Direct supervision of residents on “affiliated rotation”, available for consultation on cases, participation in seminars, review sessions and journal clubs, and collaboration on clinical studies. This applies to all diplomates listed here.
Ane Uriarte	ECVM	Cummings	
Elizabeth Rozanski	ACVECC	Cummings	
Annie Wayne	ACVECC	Cummings	
Jay Gladden	ACVECC	Cummings	
Sean Majoy	ACVECC	Cummings	
Jonathan Babyak	ACVECC	Cummings	
Armelle deLaforcade	ACVECC	Cummings	
Lisa Freeman	ACVN	Cummings	
Cailin Heinze	ACVN	Cummings	
Deborah Linder	ACVN	Cummings	
Stefano Pizzirani	ACVO	Cummings	
Stephanie Pumphrey	ACVO	Cummings	
Alicia Karas	ACVAA	Cummings	
ACVAA	ACVAA	Cummings	
Radiation oncology, surgery, and pathology faculty as listed above			

7. FORMAL STRUCTURED RESEARCH (CM 8.O):

The resident is expected to actively participate in a laboratory or clinical investigative research project during the residency. A minimum of **eight weeks** (320 hours) of an oncology residency should be dedicated to this aspect of training. Research time should be scheduled as either weekly time (hours per week) or in blocks of time sufficient to complete the research, perform data analysis and prepare a manuscript for publication by the third year of their residency (see Recommended Milestones in CM 8.G 6-8). This experience must be documented, with dates, and signed by the Supervising Diplomate.

Please explain how your residency program complies with the research guidelines outlined above.

Residents are provided dedicated research time in one-week blocks throughout the residency with a minimum of 8 weeks, but usually

For Board-certification in oncology, the resident must have a minimum of one major first author publication in the field of oncology published or accepted for publication in a refereed scientific or peer-reviewed journal. A literature review or case report is not acceptable. Please describe how this program supports this requirement for publication. (See CM 8.F.5)

Residents are encouraged to perform a retrospective study (as a “safety” measure for publication) and at least one prospective study. The Department of Clinical Sciences has a research advisory group that helps to mentor residents through the development of a grant proposal for internal funding through the Companion Animal Health Fund. Residents are then mentored by at least one of the oncology faculty in conducting the study, analyzing data and statistical analysis (additional statistical support is available through the department as needed). Residents are given time off clinics dedicated to research and manuscript preparation.

8. JOURNAL CLUB (CM 8.P):

An organized and routinely scheduled journal club of at least 80 hours over the course of the RTP must be an integral part of all oncology resident training. Journal Club must be attended and supervised by a Supervising Diplomate. The RTP application requires a schedule of proposed Journal Club for Oncology RTCC approval.

Please explain how your residency program complies with the journal club guidelines outlined above, and include a schedule for this requirement, including number of proposed meetings and duration of each meeting.

Journal club is held weekly (Fridays at 8 am) and lasts at least one hour. Attendance is required for all oncology residents and faculty; other house officers are invited to attend. A recent journal article related to oncology is selected from the veterinary or human literature by each oncology clinician on a rotating basis. On some occasions,

a faculty member will select a review article (from Nature Reviews Cancer or similar journal) which is accompanied by a recent primary publication; in these cases, journal club usually lasts 1-1/2 hours.

#### 9. SEMINAR OR LECTURE SERIES AND FORMAL CONFERENCES (CM 8.Q, 8.R):

Residents must attend formal teaching conferences in oncology and related disciplines throughout the residency. Unless these are formal lectures or classes, an Oncology Supervising Diplomate supervises the conferences, which should occur an average of **four times per month**. Examples of these are clinical pathology conferences, resident seminars, grand rounds sessions, and tumor biology classes. Conferences given within a veterinary practice or hospital or at a medical school or medical teaching hospital are acceptable.

Please include the format and schedule of these conferences and presentations, which directly pertain to training in Oncology and give specific details given on a daily, weekly or monthly basis.

Oncology board review topic seminar – twice every other week – 1 hour each  
Oncology journal club – once weekly – 1 to 1-1/2 hours  
Varis Clinical Lecture Series – once weekly – 1 hour  
Medicine literature review – weekly – 1 hour  
Pathophysiology rounds – weekly – 1 hour  
Pathology rounds – weekly – 1 hour  
Cardiology conference – once monthly – 1 hour  
Specialty rounds (topic of interest by specialist – rotation amongst ACVIM specialties) – once monthly – 1 hour  
REVEAL (Resident Enhanced Veterinary Education and Academic Learning) rounds – various topics (including, grant writing, statistics, literature review strategies, etc.) – once monthly – 1 hour  
Surgery – oncology rounds – once monthly – 1 hour  
Pathology – oncology rounds – once monthly – 1 hour

The resident must give a formal presentation at such a conference at least once per year. Documentation of these presentations must be included in the oncology credentials packet of the resident.

Please list all opportunities offered to and/or required of the resident for attendance and/or giving formal presentations at local, regional, state or national meetings. Indicate whether the resident will attend or present at these meetings (CM 8.Q).

Oncology residents are required to provide a formal lecture (Varis Clinical Lecture Series) annually; this lecture series is open to the entire veterinary school. Lectures are 45 minutes followed by a question-and-answer period. Residents are also expected to give a one-hour seminar on an oncology related topic in the pathophysiology rounds each year.

Residents must attend at least one state, regional, national, or international veterinary or human medical continuing education conference during their residency. Please list opportunities offered to and/or required of the resident for attendance

Residents will attend the Veterinary Cancer Society meeting during their second year at which they are expected to present a research project either as a poster or podium presentation (if accepted). First-year residents who have been accepted to present a presentation will also attend the Veterinary Cancer Society meeting. During the third year of the program, oncology residents are expected to either present at the Veterinary Cancer Society meeting or may attend a human oncology meeting (such as American Association for Cancer Research, American Society of Clinical Oncology, or similar).

#### 10. FORMAL EXAMINATION REVIEW SESSIONS (CM 8.S):

An oncology RTP must provide at least 40 hours per year of intensive formal review sessions for residents/candidates on topics covered in the general and specialty examinations. Attending daily clinical rounds does not meet this requirement. The requirement could be met in part by attending an ACVIM advanced continuing education (ACE) course, by attending an ACVIM Forum, or formal resident review sessions at a Veterinary Cancer Society Annual Meeting.

Please provide an anticipated schedule of these formal reviews below. Annual documentation will be required.

Residents attending the Veterinary Cancer Society annual meeting are encouraged to attend the formal resident review sessions. Formal board review of oncology specific topics (review of Tannock & Hill, Chabner, Devita, etc.)

occur for 1 hour on two consecutive days every other week (which averages to once a week). Oncology journal club is held once weekly.

11. PAST RESIDENTS:

Please list the residents who have completed this described training program **within the last five years**, including the year that each individual's training program ended. If possible, please indicate whether the individual has completed the Board- certification process. Do not include residents whose program was other than the one described here.

Name(s)	Program End Date (mm/dd/yyyy)	Diplomate (Yes or No)
Kelly Kezer	07/14/17	No (must retake 1 section of specialty exam)
Felicia Lew	07/14/16	No (publication pending)
Bobbi McQuown	07/14/15	Yes
Bryan Marker	07/14/14	Yes
Naoko Sogame	07/14/13	Yes

12. CURRENT RESIDENTS:

Please list all residents **currently enrolled in this described training program** in addition to their actual program start and end dates. Each Resident Advisor can supervise only two residents at a time.

Resident Name(s) (first/last)	Length of Program (in years)	Program Start Date (mm/dd/yyyy)	Program End Date (mm/dd/yyyy)	Resident Advisor Name (first/last)	For RAs: Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in residency training (mandatory per CM 4.F.3.c)
Laura Barrett	3	07/15/16	07/14/19	Lisa Barber	X
Emily Krieger	3	1/2/17	1/1/20	Carrie Wood	X
Ana Rebelo	3	7/15/17	7/14/20	Lisa Barber	X

While it may have no bearing on your program, the supervising Diplomate(s) and the resident are required to review the Certification Manual yearly. You may obtain a copy of the Certification Manual from the ACVIM website at [www.ACVIM.org](http://www.ACVIM.org).

13. Have all supervising Diplomate(s) read the objectives for an oncology residency as outlined in the Certification Manual, Specialty of Oncology?

Yes No

If no, please explain:

14. The RA and PD should periodically evaluate the resident (required minimum of once every 6 months) and discuss the results of those evaluations with the resident. Either the RA or PD (or both) must be able to provide the Residency Training Committee with written summaries of those evaluations, if requested. Additionally, the RA must complete the standardized Resident Evaluation Form annually and provide RTCC with copies, if requested.

Does your program comply with these standards of resident evaluation?

Yes No

If no, please explain:

15. Please indicate the availability of the following facilities or equipment. Indicate if these are available at the primary training site, or at a different location. (In the Location column, indicate on-site for primary location or the name of the facility where the equipment is located if off-site.) For facilities that are not on-site or not available, please describe the situation, availability, or how the resident will gain experience with equipment not available in the space at the end of this section.

	Available? (Y or N)	Location of equipment? (On-site or list site name)
a) Radiography	Y	On-site
b) 24 hour emergency and critical care facility	Y	On-site
b) Ultrasonographic equipment	Y	On-site
c) Color flow/Doppler equipment	Y	On-site
d) Endoscopy equipment	Y	On-site
GI equipment	Y	On-site
Bronchoscopy	Y	On-site
Cystoscopy	Y	On-site
Rhinoscopy	Y	On-site
Laparoscopy	Y	On-site
e) Clinical Pathology capabilities: (includes CBC, serum chemistries, blood gases, urinalysis, Cytology, parasitology, microbiology, and endocrinology)	Y	On-site
f) Appropriate safety equipment for handling chemotherapy (briefly summarize what is available in the column Location of Equipment).	Y	Class II biosafety cabinet, closed transfer system devices, personal protective equipment used
g) Nuclear Medicine	Y	On-site
h) Computed Tomography	Y	On-site
i) Magnetic Resonance Imaging	Y	On-site
j) Radiation Therapy Facility	Y	On-site
k) Intensive Care Facility – 24 hours	Y	On-site
l) Total parenteral nutrition capability	Y	On-site
m) Computerized Medical Records w/Searching Capabilities	Y	On-site

If any of the above equipment or facilities are available off-site, please explain how the resident can access them for case management, research, or study.

16. The resident should have access to a human or veterinary medical library with on-line searching capacity and at a minimum have access to all textbooks (current editions) and full text access to all journals on the current examination committee reading list (See item 21. to be completed by Program Director. Note that on-line access to texts must be full-text not abstracts only). This library should be available on-site or within a reasonable commuting distance (defined as within a 15 mile radius of the primary training site).

Please indicate how your resident can obtain access to the following textbooks/journals.

Comments: Items marked with a check in the first column are available as hardcopies in the oncology suite. Meuten 2017 edition available.

Withdraw: Clinical oncology – Withrow & McEwen’s Small Animal Clinical Oncology meant?

17. Is there any additional pertinent information that the Residency Training Committee should consider in its evaluation of this training program?

Yes No

<input type="checkbox"/>	<input checked="" type="checkbox"/>
--------------------------	-------------------------------------

Comments:

**Please note, any Program Director or Candidate that significantly changes or alters this Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.**

Significant changes could include, but are not limited to:

- transferring from one program to another
- alterations in program duration
- switching to a ‘dual board’ program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

**As Program Director, I verify that the above information is an accurate reflection of this Residency Training Program.**

Per the Certification Manual, each year, the Program Director must certify to the RTC/ RTCC and ACVIM, in writing, that they have read the ACVIM Certification Manual and understands their role in residency training.

**Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in Residency Training Program.**
