

RESIDENCY TRAINING PROGRAM REGISTRATION
2018-2019
ONCOLOGY

Part One

New applications for ACVIM Residency Training Programs must be received by the Residency Training Committee 90 days prior to any residents beginning training. Before completing this form, please review the general and specific requirements for Oncology Residency Training Programs in the ACVIM Certification Manual (CM). The most current version of the CM is available on the ACVIM website at www.ACVIM.org. If there is a discrepancy between this form and the CM, the CM will be considered correct, however, please contact the ACVIM office or the Residency Training Committee Chairperson for clarification.

Prior to making significant changes in a Residency Training Program, approval of the ACVIM and Oncology Residency Training Committee must be obtained. The Candidate and/or Program Director must notify ACVIM, in writing. Significant changes could include, but are not limited to: changes in Program Director or any advisors, transferring from one program to another, alterations in program duration, locations of secondary site training, switching to a 'dual board' program, or enrolling in an institutional graduate program.

Notice: This form contains questions for three separate purposes; data collection that ACVIM must maintain for its accreditation as a specialty college; data collection for each specialty to evaluate what is appropriate for residency programs; and data collection to evaluate this Residency Training Program for renewal. It is important that all questions be answered accurately and completely, even if the answer to a specific question is not essential for a program's renewal.

For multi-site residency programs: To ensure uniformity of training and compliance with current CM requirements, training programs which include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). Multi-site programs, if any, are listed in Part Two.

Program Director Name:

(Must be a Diplomate of ACVIM in the Specialty of Oncology)

Program Director's Contact Information:

Work Phone:	<input type="text" value="(530) 752-9586"/>
E-mail:	<input type="text" value="kskorups@ucdavis.edu"/>
Mailing Address:	<input type="text" value="Surgical & Radiological Sciences, SVM
One Shields Ave., 2112 Tupper Hall
Davis, CA 95616"/>

1. Location of Sponsoring Institution (Primary Site of Residency Training Program):

Primary Site:

Multi-site programs, if any, are listed in Part Two.

2. Resident Advisor(s): Must be ACVIM Diplomate(s) in Oncology. There is no restriction on the number of Resident Advisors; however, **each Resident Advisor can supervise only two residents concurrently.**

Robert Rebhun
Katherine Skorupski
Jenna Burton
Jennier Willcox

3. Please list all Supervising Diplomates in Oncology: **There must be a minimum of two (2) ACVIM Oncology Diplomates per institution.**

Stanley Marks - SAIM, Oncology
Michael Kent - Oncology
Katherine Skorupski - Oncology
Robert Rebhun - Oncology
Jennifer Willcox - Oncology

4. Please list all Diplomates of the American College of Veterinary Internal Medicine responsible for supervision of clinical training who specialize in areas other than Oncology.

Larry Cowgill - SAIM
Lynelle Johnson - SAIM
Karen Vernau - Neurology
Peter Dickinson - Neurology
Jane Sykes - SAIM
Jodi Westropp - SAIM
Marguerite Knipe - Neurology
Sean Hulsebosch - SAIM
Chen Gilor - SAIM
Carrie Palm - SAIM
Joshua Stern - Cardiology
Brian Hardy - SAIM
Jonathan Dear - SAIM
Lance Visser - Cardiology
Catherine Gunther-Harrington - Cardiology

5. Please list all the residents currently enrolled in the training program, along with the beginning date of the program, expected ending date of the program, and designated resident advisor.

Resident Name, Dates of Program (Resident Advisor)*

Sami Al-Nadaf 8.1.15 - 7.31.18 (Jenna Burton)
Marissa Ruppel 8.1.2016 - 7.31.2019 (Jenn Willcox)
Jin-In Lee 8.1.2016 - 7.31.2019 (Rob Rebhun)
Rhonda Burge 8.1.17 - 7.31.20 (Katherine Skorupski)
Sarah Vidal 8.1.17 - 7.31.20 (Jenna Burton)

*** There is no restriction on the number of Resident Advisors; however, each Resident Advisor can supervise only two residents concurrently.**

Please note, any Candidate that significantly changes or alters their Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.

Significant changes could include, but are not limited to:

- **transferring from one program to another**
- **alterations in program duration**
- **switching to a 'dual board' program**
- **enrolling in an institutional graduate program**
- **change of Program Director or Resident Advisor**

**RESIDENCY TRAINING PROGRAM REGISTRATION
2018-2019
ONCOLOGY**

Part Two

Part Two of the Oncology Residency Training renewal process addresses general features of the program that apply to all current residents. These questions will be used to provide the Oncology Residency Training/Credentials Committee with information needed to judge the structure, quality, scope, and consistency of training provided.

Current Date:

Program Director Name:

(Must be a Diplomate of ACVIM in the Specialty of Oncology)

Name of Sponsoring Institution (Residency Training Program):

1. For residency programs with off-site rotations (required rotations not available at the primary institution/site): To ensure uniformity of training and compliance with current Certification Manual (CM) requirements, training programs that include off-site rotations must provide detailed information regarding supervision and facilities available at each specific site(s).

Outside Rotation(s) (if applicable): Please attach signed Letters of Support from all individuals providing off-site training of oncology residents to this registration form. Each Letter of Support should specify the number of weeks scheduled at each site and the rotation requirement met. **Letters of Support must be submitted annually WITH program renewal forms and WITH each new program request.**

In the box provided below, list the outside rotations for which you are attaching Letters of Support. Please include in the space below the specific information regarding the number of weeks scheduled at each site and which rotation requirements shall be met at each site:

2. Type of Training Program:

Traditional 3 years	<input checked="" type="checkbox"/>
Non-traditional (# years)	
For non-traditional programs, please provide details. Note that programs must be at least 3 years (156 weeks) in length.	

3. Advanced Degree:

	Yes	No	Optional
Masters:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
PhD:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Required for residency certificate: Yes No

Comments:

4. ONCOLOGY DIPLOMATES (CM 8.G.4)

There must be a **minimum of two (2) ACVIM Oncology Diplomates** at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval. Please list the ACVIM Oncology Diplomates and their site of activity.

Name of Oncology Diplomates	Location
Katherine Skorupski	UC Davis
Rob Rebhun	UC Davis
Jenna Burton	UC Davis
Jennifer Willcox	UC Davis
Michael Kent	UC Davis

5. SUPPORTING DISCIPLINES REQUIRED

There must be an **ACVIM SAIM Diplomate** with $\geq 50\%$ FTE at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval (CM 8.U.3).

Please list the ACVIM SAIM Diplomate(s) who will fulfill this requirement for the RTP.

Name of SAIM Diplomate(s)	Location
Stan Marks	UC Davis
Larry Cowgill	UC Davis
Jonathan Dear	UC Davis
Chen Gilor	UC Davis
Lynelle Johnson	UC Davis
Carrie Palm	UC Davis
Jane Sykes	UC Davis
Jodi Westropp	UC Davis
Brian Hardy	UC Davis
Sean Hulsebosch	UC Davis

There must be an **ACVS Surgery Diplomate** with $\geq 50\%$ FTE at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval (CM 8.U.3).

Please list the ACVIM SAIM Diplomate(s) who will fulfill this requirement for the RTP.

Name of ACVS Diplomate(s)	Location
William Culp	UC Davis
Michelle Giuffrida	UC Davis
Phillip Mayhew	UC Davis
Michele Steffey	UC Davis
Ingrid Balsa	UC Davis
Amy Kapatkin	UC Davis
Po-Yen Chou	UC Davis
Barbro Filliquist	UC Davis
Denis Marcellin-Little	UC Davis

6. CLINICAL TRAINING IN OTHER SPECIALTIES: REQUIRED AFFILIATED ROTATIONS (CM 8.M)

Because oncology is a multimodal discipline, the resident must also have clinical training under the direct supervision of Supervising Diplomates in other disciplines. This contact may occur at a secondary training site.

A minimum of 32 weeks must be spent actively receiving patients in affiliated rotations or meeting requirements through rounds. For each off-site rotation included in the 32 weeks of clinical training in other specialties, the resident should obtain written approval from their Resident Advisor, who will forward documentation of this approval to the RTCC.

6a. RADIATION ONCOLOGY REQUIREMENTS (CM 8.M.1):

At least **eight weeks** of direct supervision is required with a veterinary radiation oncologist to develop an understanding of clinical management of patients receiving radiation therapy, radiation planning, dosimetry and physics related to clinical radiation therapy.

Please list all **Diplomates of the American College of Veterinary Radiology responsible for training in Radiation Oncology**. Describe how Diplomates are involved in the supervision of residents and direct contact radiation oncology training will be fulfilled. Radiation oncology rotations must be completed in blocks of at least two consecutive weeks in length.

Name of Diplomate(s)	Site	Role in training residents
Michael Kent Alain Theon Katherine Hansen	UC Davis UC Davis UC Davis	Direct supervision when rotating through radiation oncology. Radiation faculty provide board preparatory rounds and attend board review classes, journal club, and surgical-oncology rounds. Radiation faculty are regularly consulted regarding clinic cases and are involved in some resident research projects.

6b. PATHOLOGY REQUIREMENTS (8.M.1):

At least **two weeks** (may be met through weekly/biweekly rounds) of direct supervision with a **clinical pathologist** are required.

Please list all **Diplomates of the American College of Veterinary Pathology** in clinical pathology associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in clinical pathology will be met.

Name of Diplomate(s)	Site	Role in training residents
Dori Borjesson William Vernau Sean Owens Mary Christopher Shir Gilor Amir Kol	UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis	Direct supervision when rotating through clinical pathology. Clinical pathology faculty are also regularly consulted regarding clinic cases and are also involved in some resident research projects.

At least **two weeks** (may be met through weekly/biweekly rounds) of direct supervision with an **anatomic (surgical) pathologist** are required.

Please list all **Diplomates of the American College of Veterinary Pathology** in anatomic (surgical) pathology associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in anatomic pathology will be met.

Name of Diplomate(s)	Site	Role in training residents
Kevin Woolard Denise Imai Verena Affolter James MacLachlan Charles Mohr Patricia Pesavento Peter Moore Brian Murphy	UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis	Residents attend weekly anatomic pathology rounds discussions relating to recent clinic cases. Anatomic pathology faculty are present to lead discussions. Additionally, pathology faculty are usually in attendance at weekly surgical-oncology rounds. Faculty are also regularly consulted regarding clinic cases and are involved in most resident research projects.

6c. DIAGNOSTIC IMAGING REQUIREMENTS (8.M.1):

At least **two consecutive weeks** of **diagnostic imaging** under direct supervision by a board-certified radiologist are required in addition to any interactions during case rounds.

Please list all Diplomates of the **American College of Veterinary Radiology (not including radiation oncology)** associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in radiology will be met.

Name of Diplomate(s)	Site	Role in training residents
Eric Wisner Allison Zwingenberger Eric Johnson Rachel Pollard Mathieu Spriet Kathryn Phillips Derek Cissell	UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis	Direct supervision when rotating through radiology. Radiology faculty are also consulted on a daily basis regarding clinic cases and are involved in many resident research projects.

6d. SMALL ANIMAL INTERNAL MEDICINE REQUIREMENTS (8.M.1):

At least **four weeks** (completed in at least two consecutive week blocks) of training under the direct supervision by an ACVIM Small Animal Internal Medicine (SAIM) Diplomate are required.

Please list all **Diplomates of the American College of Veterinary Internal Medicine (including those listed above)** involved in the supervision of residents and how direct contact requirements will be met.

Name of Diplomate(s)	Site	Role in training residents
Stan Marks Larry Cowgill Jonathan Dear Chen Gilor Lynelle Johnson Carrie Palm Jane Sykes Jodi Westropp Brian Hardy Sean Hulsebosch	UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis	Internal medicine faculty directly supervise residents when they rotate through the medicine services. Medicine faculty also run a weekly general board exam preparatory class that first and second year residents attend. Faculty are also regularly consulted regarding clinic cases and are involved in some resident research projects.

6e. OTHER REQUIRED ROTATIONS (8.M.2):

Fourteen weeks of other rotations with an ACVIM Diplomate in the Specialty of Oncology, or training under the supervision of a member of an American Board of Veterinary Specialties (ABVS) or European Board of Veterinary Specialisation (EBVS) approved specialty (such as, but not limited to, the American College of Veterinary Radiology, the American College of Veterinary Radiology (Radiation Oncology), European College of Veterinary Neurology, the American College of Veterinary Pathology, ACVS, or ACVECC). Rotations must be completed in at least two consecutive week blocks (unless otherwise specified in the CM.)

Please list the **non-ACVIM Diplomates** available for consultation in these areas. Describe how Diplomates are involved in the supervision of residents and their contribution to direct contact requirements in affiliated specialties.

Name of Diplomates	Specialty/College	Site	Role in training residents
Catherine Outerbridge Steven White Elizabeth Goodale Amandeep Chohan Jan Ilkiw Robert Brosnan Bruno Pypendop Linda Barter Cary Craig Karl Jandrey Kate Hopper Steven Epstein Jamie Burkitt	Dermatology Dermatology Dermatology Anesthesia Anesthesia Anesthesia Anesthesia Anesthesia Anesthesia Em/Crit Care Em/Crit Care Em/Crit Care Em/Crit Care	UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis UC Davis	These faculty provide direct supervision when our residents rotate through other services. They are also available for consultation regarding cases on an as needed basis. Many of these faculty also give didactic lectures and rounds sessions to prepare residents for the ACVIM general exam.

Ronald Li	Em/Crit Care	UC Davis	
Stanley Marks	Nutrition	UC Davis	
Andrea Fascetti	Nutrition	UC Davis	
Jennifer Larsen	Nutrition	UC Davis	
Autumn Davidson	Therio	UC Davis	
Steve Hollingsworth	Ophtho	UC Davis	
David Maggs	Ophtho	UC Davis	
Kathryn Good	Ophtho	UC Davis	
Chris Murphy	Ophtho	UC Davis	
Sara Thomasy	Ophtho	UC Davis	
Frank Verstraete	Dentistry	UC Davis	
Boaz Arzi	Dentistry	UC Davis	
Luke Wittenburg	Clinical Pharm	UC Davis	

7. FORMAL STRUCTURED RESEARCH (CM 8.O):

The resident is expected to actively participate in a laboratory or clinical investigative research project during the residency. A minimum of **eight weeks** (320 hours) of an oncology residency should be dedicated to this aspect of training. Research time should be scheduled as either weekly time (hours per week) or in blocks of time sufficient to complete the research, perform data analysis and prepare a manuscript for publication by the third year of their residency (see Recommended Milestones in CM 8.G 6-8). This experience must be documented, with dates, and signed by the Supervising Diplomate.

Please explain how your residency program complies with the research guidelines outlined above.

Residents are scheduled to have 9 weeks off clinics their first year, 14 weeks their second year, and 16 weeks their third year. Some of this time is used for vacation and board exam preparation, but the majority is used for study and research pursuits.

For Board-certification in oncology, the resident must have a minimum of one major first author publication in the field of oncology published or accepted for publication in a refereed scientific or peer-reviewed journal. A literature review or case report is not acceptable. Please describe how this program supports this requirement for publication. (See CM 8.F.5)

At the beginning of the residency, each resident is matched up with a faculty mentor responsible for assisting them in the planning and execution of a their research. Meetings between the resident and mentor are scheduled at the discretion of the faculty mentor. Residents use their off-clinics time (as specified above) to plan and execute a project and prepare the manuscript. Residents may also have time for research pursuits while assigned to our clinical trials service, which has a lower caseload than the regular cancer clinic. Residents are encouraged to complete more than one project during the residency period if possible.

8. JOURNAL CLUB (CM 8.P):

An organized and routinely scheduled journal club of at least 80 hours over the course of the RTP must be an integral part of all oncology resident training. Journal Club must be attended and supervised by a Supervising Diplomate. The RTP application requires a schedule of proposed Journal Club for Oncology RTCC approval.

Please explain how your residency program complies with the journal club guidelines outlined above, and include a schedule for this requirement, including number of proposed meetings and duration of each meeting.

A structured one hour journal club occurs weekly on Fridays except for the 6 weeks immediately preceding the ACVIM Forum. Faculty attend this journal club.

9. SEMINAR OR LECTURE SERIES AND FORMAL CONFERENCES (CM 8.Q, 8.R):

Residents must attend formal teaching conferences in oncology and related disciplines throughout the residency. Unless these are formal lectures or classes, an Oncology Supervising Diplomate supervises the conferences, which should occur an average of **four times per month**. Examples of these are clinical pathology conferences, resident seminars, grand rounds sessions, and tumor biology classes. Conferences given within a veterinary practice or hospital or at a medical school or medical teaching hospital are acceptable.

Please include includes the format and schedule of these conferences and presentations, which directly pertain to training in Oncology and give specific details given on a daily, weekly or monthly basis.

Weekly (1 hour) board review sessions occur every Monday except for the 6 weeks immediately preceding the ACVIM Forum. Sessions vary from lecture format, question and answer format, imaging rounds format, or clinical trials review format. Most sessions focus on cancer biology and chemotherapy pharmacology topics with some clinical literature review. Guest speakers from within and outside UC Davis contribute several times per year. Surgical-oncology case rounds (1 hour) occur every Tuesday and are comprised of discussions of recent surgical-oncology cases. Faculty attend both of these sessions.

The resident must give a formal presentation at such a conference at least once per year. Documentation of these presentations must be included in the oncology credentials packet of the resident.

Please list all opportunities offered to and/or required of the resident for attendance and/or giving formal presentations at local, regional, state or national meetings. Indicate whether the resident will attend or present at these meetings (CM 8.Q).

Residents give at least 3 formal presentations per year to the oncology group on topics relevant to board exam preparation. In addition, residents are required to attend the VCS annual meeting their second and third years and are encouraged to present research at least once during their residency. Residents may attend the ACVIM Forum their second and third years and may present research if they choose. Residents also attend the UC Davis House Officer Seminar Day meeting all 3 years and are required to present research at least once during their residency.

Residents must attend at least one state, regional, national, or international veterinary or human medical continuing education conference during their residency. Please list opportunities offered to and/or required of the resident for attendance

Residents attend the VCS annual meeting their second and third years and the UC Davis House Officer Seminar Day meeting all 3 years. Second and third year residents are also given the opportunity to attend the ACVIM Forum if they choose.

10. FORMAL EXAMINATION REVIEW SESSIONS (CM 8.S):

An oncology RTP must provide at least 40 hours per year of intensive formal review sessions for residents/candidates on topics covered in the general and specialty examinations. Attending daily clinical rounds does not meet this requirement. The requirement could be met in part by attending an ACVIM advanced continuing education (ACE) course, by attending an ACVIM Forum, or formal resident review sessions at a Veterinary Cancer Society Annual Meeting.

Please provide an anticipated schedule of these formal reviews below. Annual documentation will be required.

Residents attend 1 hour per week of general exam preparation during their first and second years. Residents also attend the VCS resident review sessions their second and third years and are given the option to attend the ACVIM Forum during second and third years.

11. PAST RESIDENTS:

Please list the residents who have completed this described training program **within the last five years**, including the year that each individual's training program ended. If possible, please indicate whether the individual has completed the Board- certification process. Do not include residents whose program was other than the one described here.

Name(s)	Program End Date (mm/dd/yyyy)	Diplomate (Yes or No)
Stephen Shaw	7/31/2009	Yes
Sara Frazier	7/31/2010	Yes
Anna Szivek	7/31/2011	Yes
Danielle O'Brien	7/31/2012	Yes
Amandine Lejeune	7/31/2013	Yes
Sita Withers	7/31/2014	Yes
Sarah Collette	7/31/2014	Yes
Daina Budreckis	7/31/2015	Yes
Crystal Garnett	7/31/2016	Yes
Erica Moore	7/31/2017	Yes
Kristen Couto	7/31/2017	Yes

12. CURRENT RESIDENTS:

Please list all residents **currently enrolled in this described training program** in addition to their actual program start and end dates. Each Resident Advisor can supervise only two residents at a time.

Resident Name(s) (first/last)	Length of Program (in years)	Program Start Date (mm/dd/yyyy)	Program End Date (mm/dd/yyyy)	Resident Advisor Name (first/last)	For RAs: Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in residency training (mandatory per CM 4.F.3.c)
Sami Al-Nadaf	3 years	8/1/2015	7/31/2018	Jenna Burton	<input checked="" type="checkbox"/>
Marissa Ruppel	3 years	8/1/2016	7/31/2019	Jenn Willcox	<input checked="" type="checkbox"/>
Ji-In Lee	3 years	8/1/2016	7/31/2019	Rob Rebhun	<input checked="" type="checkbox"/>
Rhonda Burge	3 years	8/1/2017	7/31/2020	Katherine Skorupski	<input checked="" type="checkbox"/>
Sarah Vidal	3 years	8/1/2017	7/31/2020	Jenna Burton	<input checked="" type="checkbox"/>

While it may have no bearing on your program, the supervising Diplomate(s) and the resident are required to review the Certification Manual yearly. You may obtain a copy of the Certification Manual from the ACVIM website at www.ACVIM.org.

13. Have all supervising Diplomate(s) read the objectives for an oncology residency as outlined in the Certification Manual, Specialty of Oncology?

Yes No

If no, please explain:

14. The RA and PD should periodically evaluate the resident (required minimum of once every 6 months) and discuss the results of those evaluations with the resident. Either the RA or PD (or both) must be able to provide the Residency Training Committee with written summaries of those evaluations, if requested. Additionally, the RA must complete the standardized Resident Evaluation Form annually and provide RTCC with copies, if requested.

Does your program comply with these standards of resident evaluation?

Yes No

If no, please explain:

15. Please indicate the availability of the following facilities or equipment. Indicate if these are available at the primary training site, or at a different location. (In the Location column, indicate on-site for primary location or the name of the facility where the equipment is located if off-site.) For facilities that are not on-site or not available, please describe the situation, availability, or how the resident will gain experience with equipment not available in the space at the end of this section.

	Available? (Y or N)	Location of equipment? (On-site or list site name)
a) Radiography	Y	On site
b) 24 hour emergency and critical care facility	Y	On site
b) Ultrasonographic equipment	Y	On site
c) Color flow/Doppler equipment	Y	On site
d) Endoscopy equipment	Y	On site
GI equipment	Y	On site
Bronchoscopy	Y	On site
Cystoscopy	Y	On site

Rhinoscopy	Y	On site
Laparoscopy	Y	On site
e) Clinical Pathology capabilities: (includes CBC, serum chemistries, blood gases, urinalysis, Cytology, parasitology, microbiology, and endocrinology)	Y	On site
f) Appropriate safety equipment for handling chemotherapy (briefly summarize what is available in the column Location of Equipment).	Y	Chemo hood, Phaseal system, PPE
g) Nuclear Medicine	Y	On site
h) Computed Tomography	Y	On site
i) Magnetic Resonance Imaging	Y	On site
j) Radiation Therapy Facility	Y	On site
k) Intensive Care Facility – 24 hours	Y	On site
l) Total parenteral nutrition capability	Y	On site
m) Computerized Medical Records w/Searching Capabilities	Y	On site

If any of the above equipment or facilities are available off-site, please explain how the resident can access them for case management, research, or study.

N/A

16. The resident should have access to a human or veterinary medical library with on-line searching capacity and at a minimum have access to all textbooks (current editions) and full text access to all journals on the current examination committee reading list (See item 21. to be completed by Program Director. Note that on-line access to texts must be full-text not abstracts only). This library should be available on-site or within a reasonable commuting distance (defined as within a 15 mile radius of the primary training site).

Please indicate how your resident can obtain access to the following textbooks/journals.

Comments:

17. Is there any additional pertinent information that the Residency Training Committee should consider in its evaluation of this training program?

Yes No

<input type="checkbox"/>	<input checked="" type="checkbox"/>
--------------------------	-------------------------------------

Comments:

Please note, any Program Director or Candidate that significantly changes or alters this Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.

Significant changes could include, but are not limited to:

- transferring from one program to another
- alterations in program duration
- switching to a 'dual board' program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

As Program Director, I verify that the above information is an accurate reflection of this Residency Training Program.

Per the Certification Manual, each year, the Program Director must certify to the RTC/ RTCC and ACVIM, in writing, that they have read the ACVIM Certification Manual and understands their role in residency training.

Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in Residency Training Program.
