

**RESIDENCY TRAINING PROGRAM REGISTRATION
2018-2019
SMALL ANIMAL INTERNAL MEDICINE**

Part One

New applications for ACVIM Residency Training Programs must be received by the Residency Training Committee 90 days prior to any residents beginning training. Before completing this form, please review the general and specific requirements for Small Animal Internal Medicine (SAIM) Residency Training Programs in the ACVIM Certification Manual (CM). The most current version of the CM is available on the ACVIM website at www.ACVIM.org. If there is a discrepancy between this form and the CM, the CM will be considered correct, however, please contact the ACVIM office or the Residency Training Committee Chairperson for clarification.

Prior to making significant changes in a residency training program, approval of the ACVIM and SAIM Residency Training Committee must be obtained. The candidate and/or Program Director must notify ACVIM, in writing. Significant changes could include, but are not limited to: changes in program director or any advisors, transferring from one program to another, alterations in program duration, switching to a ‘dual board’ program, or enrolling in an institutional graduate program.

Notice: This form contains questions for three separate purposes; data collection that ACVIM must maintain for its accreditation as a specialty college; data collection for each specialty to evaluate what is appropriate for residency programs; and data collection to evaluate this Residency Training Program for renewal. It is important that all questions be answered accurately and completely, even if the answer to a specific question is not essential for a program's renewal.

For multi-site residency programs: To ensure uniformity of training and compliance with current CM requirements, training programs which include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). Multi-site programs, if any, are listed in Part Two.

Program Director Name:
(Must be a Diplomate of ACVIM in the Specialty of Small Animal Internal Medicine)

Program Director’s Contact Information:

Work Phone:	<input type="text" value="(217) 333-5368"/>
E-mail:	<input type="text" value="ridgway@illinois.edu"/>
Mailing Address:	<input type="text" value="CVM
1008 W. Hazelwood Dr.
Urbana, IL 61802"/>

1. Location of Sponsoring Institution (Primary Site of Residency Training Program):

Primary Site:

Multi-site programs, if any, are listed in Part Two.

2. Resident Advisor(s): (Must be Diplomate(s) in SAIM. Each Resident Advisor must be familiar with current Residency Training Program requirements as outlined in the CM and **each Resident Advisor may supervise no more than 3 residents at a time.**)

Marcella Ridgway
Stanley Rubin
David Williams

3. Supervising Diplomates on-site: (Two on-site Diplomates in SAIM are required - **2 ACVIM, or 1 ACVIM & 1 ECVIM.**)

Marcella Ridgway - SAIM
David Williams - SAIM

4. Please list all **Diplomates** of ACVIM responsible for supervision of clinical training who are specialists in areas other than SAIM. If off-site, please explain the situation, and the method of providing direct contact with the resident.

Name and Specialty	Comments
Timothy Fan - Oncology Laura Garrett - Oncology Devon Hague - Neurology Ryan Fries - Cardiology	

5. Please list the residents currently participating in your training program, along with the beginning date of the program, expected ending date of the program, and designated resident advisor.

Resident Name	Start date (mm/dd/yyyy)	End Date (mm/dd/yyyy)	Resident Advisor Name*
Patrick Barko	7.15.15	7.15.18	(David Williams)
Carrie Cavett	7.15.16	7.15.19	(Stan Rubin)
Matt Toner	7.15.17	7.15.2020	(Marcella Ridgway)

*** Each Resident Advisor may supervise no more than 3 residents at a time.**

Please note, any Candidate that significantly changes or alters their Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.

Significant changes could include, but are not limited to:

- transferring from one program to another
- alterations in program duration
- switching to a ‘dual board’ program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

RESIDENCY TRAINING PROGRAM REGISTRATION
2018-2019

SMALL ANIMAL INTERNAL MEDICINE

Part Two

Part Two of the Small Animal Internal Medicine Residency Training process addresses general features of the program that apply to all current residents. These questions will be used to provide the Residency Training Committee with information needed to judge the structure, quality, scope, and consistency of training provided.

The SAIM Residency Training Committee may require supporting evidence for any statements made below. Per the Certification Manual (CM) section 9.C.2, at the time of annual program renewal, Program Directors may be asked to verify resident activities, including satisfactory clinical training, interaction with consultants, documentation of training in radiology and clinical pathology, documentation of off-site training, and documentation of study and education participation.

Current Date:

Program Director Name:

(Must be a Diplomate of ACVIM in the Specialty of Small Animal Internal Medicine)

Name of Sponsoring Institution (Residency Training Program):

1. For multi-site residency programs: To ensure uniformity of training and compliance with current CM requirements, training programs that include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). All requirements for both direct and indirect supervision must be met, as well as requirements for rounds and conferences. Refer to Section 9.C.1.e of the CM for definitions of secondary site and off-site experiences.

a) Secondary Site for multi-site program (if applicable):

(Please attach specific information regarding the number of weeks scheduled at each site and which rotation requirements shall be met at each site).

b) Outside Rotations/Other Sites for specialty training (if applicable):

All rotations performed at a location other than that of the resident's program must be documented with a signed Letter of Support from the specialist providing the outside rotation. The RTC recommends that each program have standard/default sites for out rotations identified. **Letters of Support from the specialist(s) must be included with the program renewal form.** Once a resident begins their training program, they can opt to use standard/default site or another off-site location/specialist as long as their Program Director and the RTC approve of their choice and a new Letter of Support is provided by the off-site location.

(Please attach signed Letters of Support from all individuals providing off-site training of SAIM residents to this registration form.) Each Letter of Support should contain specific information regarding a) the percentage of time scheduled at each site, b) which rotation requirement(s) shall be met at each site, and c) indicate that the resident(s) at the site will be directly supervised by the individual(s) signing the letter. **Letters of Support must be submitted annually WITH program renewal forms and WITH each new program request. This program application is not complete without Letters of Support for outside rotations.** Letters that do not contain all of this information will be returned for revision. **If off-site rotations are added after**

program renewal, please submit necessary letters of support a minimum of 30 days before the resident departs for that off-site training.

Default site for Imaging training – VCA Aurora, IL with Dr. Matt Bischoff

2. Length of Training Program/Advanced degree:

Option 1: 3 Year Program:

3 years

Advanced Degree:

	Yes	No	Optional
Masters:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PhD:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

If advanced degree is required or optional, please briefly describe how the graduate training is incorporated into the residency training program:

The Master's degree requirement may be waived with approval of the Department graduate studies committee if a suitable Master's degree or other advanced degree has already been awarded to the candidate. Residents have the option of completing a thesis-based or a manuscript-based Master's degree. Both require a public defense seminar and closed oral defense examination. Coursework requirements include one graduate-level statistics course and an additional 3-credit graduate level course in an area of the candidate's choosing with the approval of the advisor. Candidates receive graduate credit for Journal Club, Advances in Small Animal Internal Medicine seminar or book club, and graduate courses pertinent to the specialty of Small Animal Internal Medicine and the area of the candidate's research. Candidates are scheduled off-clinics for 6-7 weeks per year to work on their Master's program research project.

Option 2: Exceeds 3 Years:

of Years: _____

Advanced Degree:

	Yes	No	Optional
Masters:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PhD:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

If advanced degree is required or optional, please briefly describe how the graduate training is incorporated into the residency training program:

3. Please list all of the Diplomates of Veterinary Pathology in the areas of clinical pathology or gross/histopathology approved by the American Board of Veterinary Specialties or European Board of Veterinary Specialties associated with residency training. If off-site, please explain the situation, and the method of providing direct contact with the resident (please attach signed Letters of Support from all individuals providing off-site training of SAIM residents to this registration form).

Name of Diplomat(e)s	Clinical or Gross	Board Certification (e.g. ACVP, ECVCP)	Comments
Anne Barger Sara Connolly Amy Schnelle	clinical clinical clinical	ACVP ACVP ACVP	In addition to routine daily contact in consultations regarding IM patients, residents spend 2 weeks on a Clinical Pathology rotation with one of the boarded clinical pathologists which includes evaluation of cytology sample submissions. Attendance of weekly clinical pathology rounds, collaboration on manuscripts, grand rounds presentations and instruction
Denae LoBato Patrick Roady Adam Stern Miranda Vieson	gross gross gross gross	ACVP ACVP ACVP ACVP	

			by clinical and gross pathologists in graduate-level didactic courses provides additional resident contact.
--	--	--	---

4. Please list all of the Diplomates of Radiology approved by the American Board of Veterinary Specialties or European Board of Veterinary Specialties associated with residency training. If off-site, please explain the situation, and the arrangements for direct contact with the resident (**please attach signed Letters of Support from all individuals providing off-site training of SAIM residents to this registration form**).

Name of Diplomate(s)	Include Board certification (e.g. ACVR, ECVDI)	Comments
Matt Bischoff	ACVR	off-site at VCA Aurora, IL residents may also opt to complete this training at another specialty hospital on a case-by-case basis but our established relationship for this training is with Dr. Bischoff

5. Please list the Diplomates available for consultation in the areas of dermatology, surgery, ophthalmology, anesthesiology, emergency/critical care, clinical nutrition, clinical pharmacology, and/or theriogenology. If off-site, please explain the situation and the arrangements provided for contact with the resident (**please attach signed Letters of Support from all individuals providing off-site training of SAIM residents to this registration form**).

Name of Diplomate(s)	Specialty	Board Certification	Comments
Jason Pieper	Dermatology	ACVD	all are on-site
Tisha Harper	Surgery	ACVS	
Heidi Phillips	Surgery	ACVS	
Laura Selmic	Surgery	ACVS	
Bianca Martins	Ophthalmology	ACVO	
Tamas Ambrisko	Anesthesiology	ACVA, ECVAA	
Stephanie Keating	Anesthesiology	ACVA	
Maureen McMichael	Emergency/Critical Care	ACVECC	
Caroline Tonozzi	Emergency/Critical Care	ACVECC	
Igor Canisso	Theriogenology	ACT	
Cliff Shipley	Theriogenology	ACT	

6. Please list the residents who have completed the training program within the last five years, including the year that each individual's training program ended. If at all possible, please indicate whether the individual has completed the board certification process.

Name(s)	Program End Date (mm/dd/yyyy)	Diplomate (Yes or No)
Sallianne Schlacks	7/15/2013	no (pending publication)
Kevin LeBoedec	7/15/2014	yes
Samantha Middleton	7/15/2015	yes
Anisha Jambhekar	7/15/2016	no (pending publication)
Julie Danner	7/15/2017	yes

7. Please list the residents currently participating in your training program, along with the beginning date of the program, expected ending date of the program, and designated Resident Advisor. Each Resident Advisor may supervise no more than 3 residents at a time.

Resident Name (first/last)	Length of Program	Program Start Date	Program End Date	Resident Advisor Name
----------------------------	-------------------	--------------------	------------------	-----------------------

	(in years)	(mm/dd/yyyy)	(mm/dd/yyyy)	(first/last)
Patrick Barko	3 years	7/15/15	7/15/18	David Williams
Carrie Cavett	3 years	7/15/16	7/15/19	David Williams
Matt Toner	3 years	7/15/17	7/15/20	Marcella Ridgway

8. Does your training program consist of a minimum of **36 months**?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

NOTE: Direct supervision is required during clinical training. Direct supervision in SAIM is defined as follows: The Supervising Diplomate and resident are participating in a clinical practice in which both the Diplomate and the resident are on duty and interactively and concurrently managing cases in the same facility (on site). The Diplomate need not personally examine each patient seen by the resident, but must remain physically available for consultation. Please use this definition when responding to the following questions regarding clinical rotations.

9. Does each resident in your program spend a minimum of 68 weeks on clinical rotations under the direct supervision of at least 2 ACVIM SAIM Diplomates (or at least 1 ACVIM SAIM Diplomate and at least 1 ECVIM Companion Animal Diplomate)? *Two Boarded Diplomates (as above) are required at the same site for training to fulfill the 68 weeks. For programs with more than two Supervising Diplomates, please list the diplomates responsible for the majority of directly supervised SAIM training here (item 9), and list other SAIM diplomates in item 10. If the resident will utilize any directly supervised SAIM time to fulfill the CM requirement in item 10 (an additional 16 weeks under direct supervision of one or more supervising Diplomates, not listed in this item (item 9)), then at least one SAIM diplomate must be listed in item 10.*

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Supervising Diplomate Name(s)	Specialty	Board Certification (e.g. ACVIM, ECVIM)	Comments
Jennifer Reinhart Dungan Marcella Ridgway	SAIM SAIM	ACVIM ACVIM	

10. Does each resident in your program spend an additional 16 weeks on clinical rotation under the **direct supervision** of one or more supervising Diplomate(s) in the Specialty of Small Animal Internal Medicine (other than the Diplomates providing supervision of the 68 weeks listed above), Neurology, Oncology, or Cardiology? These Diplomates can be ACVIM, ECVIM or have been granted associate status by the ACVIM.

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Supervising Diplomate Name(s)	Specialty	Board Certification (e.g. ACVIM, ECVIM)	Comments
David Williams Jana Gordon Adam Rudinsky Alan Stewart Julia Veir Will Whitehouse Devon Hague Kari Foss Timothy Fan Laura Garrett Ryan Fries	SAIM SAIM SAIM SAIM SAIM SAIM Neurology Neurology Oncology Oncology Cardiology	ACVIM, ECVIM-CA ACVIM ACVIM ACVIM ACVIM ACVIM ACVIM ACVIM ACVIM ACVIM ACVIM	on-site

--	--	--	--

11. Does each resident in your training program spend an additional 36 weeks in training, not necessarily under direct supervision, in either internal medicine or related areas, or in writing, studying, teaching, or obtaining experience with a radiologist, clinical pathologist, or other specialist? (Note that vacation time and time to attend professional meetings is included in this period.)

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

12. Does each resident in your training program spend a minimum of 8 hours per month in training with at least two other board-certified specialists (not ACVIM)? These may be specialists in dermatology, theriogenology, surgery, anesthesiology, ophthalmology, emergency/critical care, or clinical pharmacology. The training must be direct consultation, not telephone or E-mail consultation.

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

13. Does each resident in your training program have a minimum of **80 hours** of direct contact with a board certified veterinary radiologist? Are **40 hours** comprised of interpreting radiographs, learning and evaluating the results of special imaging techniques, and attending radiology rounds or conferences? Are an additional minimum of **40 hours** spent training in ultrasonography under the supervision of a Board-certified radiologist?

This training should emphasize abdominal ultrasonography and must include hands-on performance of abdominal ultrasonography, observation of ultrasound procedures on the resident's own patients, and theoretical training in the principals and application of ultrasonography.

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

14. Does each resident in your training program attend weekly conferences?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

15. Does each resident have **40 hours** of review sessions per year?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

<p>Structured coursework:</p> <p>Weekly - review of Kirk's Current Veterinary Therapy or Current Topics in Small Animal Internal Medicine seminar - 30hr/year (drops to 15hr/year during year when resident takes 1 semester of Pathogenesis of Disease or Veterinary Medical Physiology</p> <p>Pathogenesis of Disease or Veterinary Medical Physiology - 45hr (1 semester)/ 3 years</p> <p>Veterinary Clinical Medicine Departmental Seminar 20-25hr/year</p>

16. Does each resident in your training program have a minimum of **40 hours** direct contact with a board certified veterinary clinical or anatomic pathologist evaluating clinical pathologic findings, reviewing cytologies and biopsies, and attending clinical pathologic conferences or seminars?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

17. a) Does each resident in your program participate in patient management, including patient receiving, diagnostics, case management and decision making, client communication, case follow-up, and communication with referral veterinarians?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

b) Is case management directly supervised and reviewed by a Diplomate of the ACVIM?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

18. Is a complete medical record using the problem oriented veterinary medical record system maintained for each individual patient? (Medical records must be retrievable.)

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

19. . a) Does the resident participate in clinical rounds on a daily basis while on clinical rotations?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

b) Is a supervising Diplomate available for the majority of the daily rounds reported in question 17?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

c) If a supervising Diplomate is not available for the majority of rounds, describe how rounds are attended and supervised.

Comments:

20. Please indicate the availability of the following facilities or equipment to be used in resident training. Indicate if these are available at the primary training site, or at a different location. (In the Location column, indicate on-site for primary location or the name of the facility where the equipment is located if off-site.) For facilities that are not on-site, please describe the situation, availability, and how the facilities or equipment are used for resident training in the space at the end of this section.

Available?	Location of equipment?
------------	------------------------

	Yes	No	(On-site or list site name)
Standard radiological equipment	X	<input type="checkbox"/>	on site
Ultrasonographic equipment	X	<input type="checkbox"/>	on site
Color flow/Doppler equipment	X	<input type="checkbox"/>	on site
Cardiac catheterization capability	X	<input type="checkbox"/>	on site
Endoscopy equipment			
GI equipment	X	<input type="checkbox"/>	on site
Bronchoscopy	X	<input type="checkbox"/>	on site
Cystoscopy	X	<input type="checkbox"/>	on site
Rhinoscopy	X	<input type="checkbox"/>	on site
Laparoscopy	X	<input type="checkbox"/>	on site
Thoracoscopy	X	<input type="checkbox"/>	on site
Clinical Pathology capabilities: (includes CBC, serum chemistries, blood gases, urinalysis, cytology, parasitology, microbiology, and endocrinology)	X	<input type="checkbox"/>	on site
Serum osmolality measurement	<input type="checkbox"/>	X	
Colloid oncotic pressure measurement	<input type="checkbox"/>	X	
Electrocardiography	X	<input type="checkbox"/>	on site
Blood Pressure Measurement	X	<input type="checkbox"/>	on site
Electromyography	X	<input type="checkbox"/>	on site
Nuclear Medicine	X	<input type="checkbox"/>	on site
Computed Tomography	X	<input type="checkbox"/>	on site
Magnetic Resonance Imaging	X	<input type="checkbox"/>	on site
Radiation Therapy Facility	X	<input type="checkbox"/>	on site
Computerized Medical Records w/Searching Capabilities	X	<input type="checkbox"/>	on site
Veterinary Library w/Literature Searching Capabilities	X	<input type="checkbox"/>	on site
Medical Library w/Literature Searching Capabilities	X	<input type="checkbox"/>	on site (main campus)
Intensive Care Facility – 24 hours	X	<input type="checkbox"/>	on site
Urethral pressure profile & cystometrography	X	<input type="checkbox"/>	on site
Hemodialysis capability	<input type="checkbox"/>	X	
Total parenteral nutrition capability	X	<input type="checkbox"/>	on site

If any of the above equipment or facilities is available off-site, please explain how the resident can access them for case management, research, or study.

for on-campus Medical Library access, resident may visit facility on-campus (4 blocks north of VTH) or may access materials at UIUC or UIC libraries on-line

21.. Are formal conferences, such as clinicopathologic conferences, journal clubs, or seminars held on a weekly basis?

Yes	No
X	<input type="checkbox"/>

Comments:

22. Please provide a description of the conferences, etc., that are provided and the typical schedule. **NOTE:** Per Section D.2.d.1 of the CM, a minimum of 80 hours over three years in journal club is required for each resident.

Weekly:

Emergency/Critical Care pathophysiology review resident course - Tues 8-9am
Advances in Small Animal Internal Medicine resident seminar * - Wed 8-9am
Small Animal Internal Medicine journal club - Thurs 8-9am
Gross Pathology rounds - Thurs 12N-1pm
Clinical Pathology rounds - Fri 8-9am
Departmental Seminar/Graduate Student Research presentations - Fri 9-10am

*during some semesters, SAIM seminar is replaced by a graduate course in Pathogenesis of Disease or Veterinary

Medical Physiology or a graduate course reviewing material in the latest volume of a Small Animal Internal Medicine textbook (Kirk's Current Veterinary Therapy, Ettinger/Feldman Textbook of Veterinary Internal Medicine)

23. Is the resident required to give one or more formal presentations at a conference or in an educational setting on a yearly basis?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

24. How many major veterinary medical or medical meetings is each resident able to or expected to attend during his/her training program?

Program length	None	One	Two	> Two
Option 1:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Option 2:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Comments:

25. Does the training program require a research project? Please indicate the number of research projects required.

Program length	Yes	No	Optional	Number
Option 1:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	1
Option 2:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

Comments:

26.. Are one or more publications required as part of the training program?

Program length	Yes	No	Number
Option 1:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	1
Option 2:	<input type="checkbox"/>	<input type="checkbox"/>	

Comments:

27. Does each resident in your program meet at least twice yearly with their Resident Advisor to evaluate the resident's performance, review their progress in the program, and assess whether or not their training program is proceeding as described in this document?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

Is a dated written summary of this evaluation recorded?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Comments:

28. Is this training program part of a combined program designed to provide training in Small Animal Internal Medicine as well as in another ACVIM Specialty or non-ACVIM specialty college?

Yes	No
<input type="checkbox"/>	<input checked="" type="checkbox"/>

If yes, please list the second specialty and describe in detail how the requirements of the Small Animal Internal Medicine Specialty are met separately from those of the second specialty. This should include a breakdown (by week) of training time to be counted toward each specialty.

Second specialty:	
Description	

29. Please provide the structure of the training program to include (but not limited to): the length and number of clinical rotations per year; distribution of time allocated for research, writing, exam preparation, other scholarly activity, and vacation; and distribution of time allocated to out-rotations if this is a multi-site program.

Please refer to the CM (Section 9.F) for specific details. The following table is provided as an example. NOTE: a detailed description defining the individual time requirements would be acceptable in addition to the table.

Example:

	<i>Year 1 # Weeks</i>	<i>Year 2 # Weeks</i>	<i>Year 3 # Weeks</i>	<i>Total # Weeks</i>	<i>Training On Site or Off Site</i>
Internal Medicine, Direct Diplomate Supervised (Diplomates listed in number 9), Minimum of 68 weeks					
Directly Supervised	23	23	23	69	On site
Additional Diplomate Supervised Rotations (Diplomates listed in number 10), Minimum of 16 weeks					
Internal Medicine	3	4	1	8	On site
Cardiology	2		2	4	On site
Neurology	2	2		4	On site
Oncology	2		2	4	On site
Additional Direct or Indirectly Supervised Rotations					
Internal Medicine, Indirectly Supervised	8	8	8	24	On site
Additional Clinical Rotations: Please specify in comment section	2	2	2	6	On site
Electives*	1	1	1	3	Off site
Diagnostic Imaging					
Radiology		1		1	On site
Ultrasound	1			1	On site
Pathology					
Clinical Pathology		1		1	Off site
Anatomical Pathology					
Additional Rotations					
Project/Studying/Writing	5	7	10	22	On site
Meeting	1	1	1	3	On/Off site
Vacation	2	2	2	6	Off site
Total	52	52	52	156	
<i>* Electives can be 0-3 weeks. If unavailable, will default to directly supervised internal medicine</i>					

Please note that this table is for recording the number of weeks and/or hours that the resident will spend on the rotations/services for each year that will satisfy the CM requirements. The number for each year should add up to 52 weeks. It is understood that each resident's program will differ with regard to which year a given rotation is completed; the table should summarize the rotations in which residents in your program will participate. The CM specifies that the program outlined in this program renewal form becomes the requirements that a resident must fulfill to complete the training program. Please see CM section 4.F.2 "Once a program has been approved, even if its requirements exceed the minimum requirements as published in the CM, the requirements specified in the program description have become the official requirements for completion of the residency. Neither a candidate nor a Program Director may retroactively petition for successful completion of a residency that has met the minimum requirements of the CM if they have left the program but have not completed all requirements of the previously approved program."

PLEASE CHECK YOUR MATH

	<i>Year 1</i> # Weeks	<i>Year 2</i> # Weeks	<i>Year 3</i> # Weeks	<i>Total #</i> <i>Weeks</i>	<i>Training On</i> <i>Site or Off</i> <i>Site</i>
Internal Medicine, Direct Diplomate Supervised (Diplomates listed in number 9), Minimum of 68 weeks

Additional Diplomate Supervised Rotations (Diplomates listed in number 10), Minimum of 16 weeks					
Internal Medicine					
Cardiology		2		2	on-site
Neurology	2			2	on-site
Oncology			2	2	on-site
Other Specialty ^{##}	4	2	4	10	on- or off-site
Additional Direct or Indirectly Supervised Rotations					
Internal Medicine, Indirectly Supervised			3	3	on-site
Additional Clinical Rotations: Internal Medicine, Direct Supervision [†]	10	8	6	24	on-site
Electives*			2	2	on- or off-site
Diagnostic Imaging					
Radiology		1		1	off-site
Ultrasound		1		1	off-site
Pathology					
Clinical Pathology		2		2	on-site
Anatomical Pathology					
Additional Rotations					
Project/Studying/Writing	7	11	13	31	on-site
Meeting		1		1	off-site
Vacation	2	2	2	6	on- or off-site
Total	52	52	52	156	
<i>* Electives can be 0-3 weeks. If unavailable, will default to directly supervised internal medicine</i>					

NOTE: a detailed description defining the individual time requirements would be acceptable here in addition to the table:

Comments:

Additional 16 weeks minimum (9.F.2. of CM 2018-2019) fulfilled by 6 weeks on-site with Diplomates in ACVIM specialties other than SAIM [rotations in Neurology (2 weeks), Cardiology (2 weeks) and Oncology (2weeks)] and an additional 10 weeks (^{##}), completed in 5 rotations of 2-week duration each, in Cardiology, Critical Care, Neurology, Oncology, or Ophthalmology. Up to 4 weeks (2 2-week rotations) of the additional 16 weeks may be fulfilled off-site. An additional 29 weeks is spent on Additional Direct or Indirectly Supervised Rotations – 3 weeks of Indirectly Supervised Internal Medicine, ([†]) 24 weeks of Directly Supervised Internal Medicine with SAIM Diplomates listed in number 9 or 10, and 2 weeks of elective time. Elective weeks may be spent on-site in SAIM, anesthesiology,

surgery, dermatology, clinical pathology, radiology, oncology, neurology or emergency/critical care or off-site. Elective weeks are completed in two 1-week or one 2-week blocks. Additional emergency/critical care training is obtained through emergency on-call time (15weeks/yr), providing consultations on SAIM-related emergency cases and providing critical-care management of hospitalized patients. Four weeks of Board Exam study time is scheduled for second-year residents and 6 weeks of Board Exam study time is scheduled for third-year residents. Over the course of the 3-year program, 31 weeks (7-13 weeks/yr) are scheduled for research project/Master's program completion - this number of weeks is reduced to 4-8 weeks/year for residents that have already achieved a Master's degree or equivalent before entering the residency program and the additional weeks are assigned to weeks on Small Animal Internal Medicine clinics.

30. Is there any additional pertinent information that the Residency Training Committee should consider in its evaluation of this Training Program?

Yes	No
<input type="checkbox"/>	<input checked="" type="checkbox"/>

Comments:

Please note, any Program Director or Candidate that significantly changes or alters this Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.

Significant changes could include, but are not limited to:

- transferring from one program to another
- alterations in program duration
- switching to a 'dual board' program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

X As Program Director, I verify that the above information is an accurate reflection of this Residency Training Program.

Per the Certification Manual, each year, the Program Director must certify to the RTC/ RTCC and ACVIM, in writing, that they have read the ACVIM Certification Manual and understands their role in residency training.

X Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in Residency Training Program.
