

RESIDENCY TRAINING PROGRAM REGISTRATION  
2019-2020  
CARDIOLOGY

Part One

New applications for ACVIM Residency Training Programs must be received by the Residency Training Committee (RTC) 90 days prior to any residents beginning training. Before completing this form, please review the general and specific requirements for Cardiology Residency Training Programs in the ACVIM Certification Manual (CM). The current version of the CM is available on the ACVIM website at [www.ACVIM.org](http://www.ACVIM.org).

Prior to making significant changes in a residency training program, approval of the ACVIM and Cardiology RTC must be obtained. The Candidate and/or Program Director must notify ACVIM, in writing before the changes are made to ensure that the proposed changes are approved. Significant changes could include, but are not limited to the following: changes in Program Director or advisors, transferring from one program to another, alterations in program duration, locations of secondary site training, switching to a 'dual board' program or enrolling in an institutional graduate program.

**Notice:** The data collected in this form is necessary both for the ACVIM to maintain its accreditation as a Registered Veterinary Specialty Organization and also is required for renewal of the residency training program. Some of the data collected is required of every specialty and some is specific to the specialty of Cardiology.

**For multi-site residency programs:** To ensure uniformity of training and compliance with current CM requirements, training programs that include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). Multi-site programs, if any, will be addressed by the Program Director in Part Two.

Program Director Name:

Must be an active Diplomate of ACVIM in the Specialty of Cardiology or an approved ECVIM Diplomate in Cardiology

Program Director's Contact Information:

Work Phone:	<input type="text" value="(310) 473-5906"/>
Mobile Phone:	<input type="text"/>
E-mail:	<input type="text" value="carleys6@gmail.com"/>
Mailing Address:	<input type="text" value="1535 S Sepulveda Blvd&lt;br/&gt;Los Angeles, CA 90025"/>

1. Location of Sponsoring Institution (Primary Site of Residency Training Program):

Primary Site Location:	Length of Training Program:
<input type="text" value="Animal Specialty and Emergency Center"/>	<input type="text" value="3 year"/>

2. Resident Advisor(s): Must be a Diplomate of ACVIM in the Specialty of Cardiology or an approved ECVIM Diplomate in Cardiology. There is no restriction on the number of Resident Advisors; however, each Resident Advisor can supervise up to two residents concurrently.

<input type="text" value="Carley Saelinger"/>
---

3. Supervising Diplomate(s) on-site: Must be an active Diplomate of ACVIM in the Specialty of Cardiology or an approved ECVIM Diplomate in Cardiology.

<input type="text" value="Carley Saelinger - Cardiology&lt;br/&gt;Kristin Barncord - Cardiology"/>
--

4. Diplomates of ACVIM responsible for supervision of clinical training who specialize in areas other than Cardiology. If off-site, please explain the situation, and the method of providing direct contact with the resident.

Name and Specialty	Comments
<a href="#">Sue Downing - Oncology</a> <a href="#">Sameer Trivedi - SAIM</a> <a href="#">Todd Cohen - SAIM</a> <a href="#">Betty Chow - SAIM</a>	

5. Residents currently participating in your training program, along with the beginning date of the program, expected ending date of the program, and designated resident advisor. All current residents and incoming residents (if known) should be listed here. Unless specifically approved, in advance, by the CRTC, the ratio of cardiology residents to on-site Cardiology Diplomates who are actively involved in resident training cannot exceed 2 to 1.

Resident Name	Start date (mm/dd/yyyy)	End Date (mm/dd/yyyy)	Resident Advisor Name*

**RESIDENCY TRAINING PROGRAM REGISTRATION  
2019-2020  
CARDIOLOGY**

**Part Two**

**Part Two of the Cardiology Residency Training Program addresses general features that apply to all current residents. These questions will be used to provide the Residency Training and Credentials Committees with information needed to judge the structure, quality, scope, and consistency of training provided. (Part Three must be completed and submitted for each resident.)**

Current Date:

Program Director Name:

(Must be a Diplomate of ACVIM in the Specialty of Cardiology or an approved ECVIM Diplomate in Cardiology)

Name of Sponsoring Institution (Residency Training Program):

1. Please list **all Diplomates of the American College of Veterinary Pathology and the European College of Veterinary Pathology** in the areas of clinical pathology or gross/histopathology associated with residency training. If off-site, please explain the situation, and the method of providing direct contact with the resident.

Name of Diplomate(s)	Clinical or Gross	ACVP or ECVP	Comments
Dr. Steve Smith	Gross	ACV P	dexx -- Off Site; one week rotation
*Depends on which Dip is on at the time the rotation is scheduled.	Clinical		Idexx -- Off Site; one week rotation

2. Please list **all Diplomates of the American College of Veterinary Radiology and European College of Veterinary Diagnostic Imaging** associated with residency training. If off-site, please explain the situation, and the arrangements for direct contact with the resident.

Name of Diplomate(s)	ACVR or ECVDI	Comments
Dr. Jean Reichle	ACVR	
Dr. David Szabo	ACVR	

3. Please list **all Diplomates of the American College or equivalent European colleges of Dermatology, Surgery, Ophthalmology, Anesthesiology, ECC, clinical nutrition, clinical pharmacology, and/or theriogenology** associated with residency training. . If off-site, please explain the situation and the arrangements provided for contact with the resident.

Name of Diplomate(s)	Specialty	Comments
Dr. Scott Anderson	Critical care, surgery	
Dr. Phil Gill	Surgery	
Dr. Mary Somerville	Surgery	
Dr. Raviv Balfour	Surgery	
Dr. Eric Chow	Surgery	

4. Please indicate the availability of the following facilities or equipment. Indicate if these are available on-site at the primary training site, or at a different location. (In the Location column, indicate on-site for primary location or the name of the facility where the equipment is located if off-site.) For facilities that are not on-site, please describe the situation and availability in the space at the end of this section. See CM 5.D for details.

	Available?		Location of equipment? (On-site or list site name)
	Yes	No	
a) Blood pressure equipment (must be on site)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
b) Cardiac catheterization capability (must be on-site)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
c) Echocardiography equipment (must be on-site)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
d) Fluoroscopy (must be on site)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
e) Pacemaker interrogation (must be on site or available off-site)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
f) Standard radiological equipment (must be on-site)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
g) Electrocardiography (must be on-site)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
hi) Brainstem Auditory Evoked Response Equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	VCA West LA
i) Clinical Pathology capabilities: (includes CBC, serum chemistries, blood gases, urinalysis, cytology, parasitology, microbiology, endocrinology, anatomic and histopathology)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
j) Colloid oncotic pressure measurement	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
k) Computed Tomography	<input checked="" type="checkbox"/>	<input type="checkbox"/>	VCA West LA
l) Electroencephalography	<input checked="" type="checkbox"/>	<input type="checkbox"/>	VCA West LA
m) Electromyography	<input checked="" type="checkbox"/>	<input type="checkbox"/>	VCA West LA
n) Endoscopy equipment			
GI equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
Bronchoscopy	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
Cystoscopy	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
Rhinoscopy	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
Laparoscopy	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
o) Hemodialysis capability	<input checked="" type="checkbox"/>	<input type="checkbox"/>	VCA West LA
p) Intensive Care Facility – 24 hours	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
q) Magnetic Resonance Imaging	<input checked="" type="checkbox"/>	<input type="checkbox"/>	VCA West LA
r) Nuclear Medicine [access is desirable]	<input checked="" type="checkbox"/>	<input type="checkbox"/>	VCA West LA
s) Radiation Therapy Facility	<input checked="" type="checkbox"/>	<input type="checkbox"/>	VCA West LA
t) Serum osmolality measurement	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
u) Total parenteral nutrition capability	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
v) Ultra sonographic equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
w) Urethral pressure profile & cystometry	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
x) Computerized Medical Records w/Searching Capabilities	<input checked="" type="checkbox"/>	<input type="checkbox"/>	on site
y) Medical Library w/Literature Searching Capabilities	<input checked="" type="checkbox"/>	<input type="checkbox"/>	UCLA off site
z) Veterinary Library w/Literature Searching Capabilities	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Western U off site

If any of the above equipment or facilities are available off-site, please explain how the resident can access them for case management, research, or study.

All off site facilities we have permission to use and are in walking distance from hospital

5. Clinical caseload information (this information should reflect the caseload of the prior 12 months at the primary site)

Total Cardiology caseload per year:

3500-4500, echos 3000-4000 (line won't let me type below)

6. Number of echocardiographic examinations per year:

Number of cardiac catheterizations per year:

20-45

**Didactic Learning Opportunities and Research Requirements:** In recognition of the importance of scientific discovery as a critical mission of the ACVIM, all Residency Training Programs shall include an assessment period or instruction and/or participation in creative scholarship which will foster an appreciation of, competency in, and contribution to the knowledge base of their respective specialty and which will support their development as clinician scientists. This requirement is fulfilled through satisfactory completion of A, B and one of C [See CM 5.E and 5.F]:

A. Journal Club: Critical review of literature, minimum of eighty (80) hours during the program. Describe how this requirement is met or exceeded.

The resident will be required to participate in:

1. Cardiology journal club weekly while on clinics (132 hours in 3 years, 80 which are counted towards this requirement and 52 (not counted in this 80) which will count towards the 150 hours of additional education)
2. Internal Medicine Journal Club held bimonthly with IM department and rotating (optional)
3. Critical Care Journal Club is held bimonthly with CC department and the rotating (optional)

B. Cardiology-focused Educational Experiences: Minimum of one hundred fifty (150) hours during the program. Describe how this requirement is met or exceeded. [See CM 5.E.2]

The resident is required to attend the following (mandatory participation):

- Cardiology topic rounds 3 weeks per month while on clinics (99 hours in 3 years)
- ECG rounds once per month while on clinics (33 hours in 3 years)
- Cardiology journal club weekly while on clinics (132 hours in 3 years, 52 counted towards the 150 and 80 which are not counted towards the 150)
- Attend at least one ACVIM meeting during 2nd and/or 3rd year

-Intern is required to attending morning rounds 7-8 am daily for hospital rounds supervised by boarded specialists (IM, Cardio, Sx, radiology). Radiology focus (5 hours per week, 660 hours while on clinics)

The resident is required to prepare and present (mandatory):

- Intern cardiology lectures every other month (18 hours in 3 years)
- Southern CVMA lecture once during the three years

The resident is encourage to participate (when in the hospital and on duty for the following):

- Pediatric echocardiography rounds bimonthly at UCLA (5 minutes away)
- Critical care resident rounds, which are weekly to bimonthly

C. Successful completion of any one of the options listed below. Describe how this will be fulfilled or exceeded in the individual trainee's specific application.

1. Successful completion of at least two (2) of the following three (3) short courses/workshops offered by ACVIM either on-line or at the Forum:
  - A. Critical evaluation of veterinary medical/biomedical literature
  - B. Grant Writing
  - C. Study, design and participation in clinical trials
2. Documented submission of a grant proposal (by advisor letter)
3. Acceptance and presentation at a scientific meeting of an abstract (oral or poster) of original work

4. Documented completion (by advisor letter) of a prospective or retrospective research program pertinent to the candidate's specialty
5. Documented completion (by advisor letter) of graduate course work in biostatistics, research methods, and/or research ethics.

The resident with complete at least two of the workshops offered by ACVIM. The resident will also be encouraged to apply for a grant and to present an abstract at ACVIM.

Note: Letters of documentation by advisors will need to accompany the final submission of the Resident Logs to the Residency Training Committee in order to qualify for a resident certificate.

**Please note, any Program Director or Candidate that significantly changes or alters this Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.**

**Significant changes could include, but are not limited to:**

- transferring from one program to another
- alterations in program duration
- switching to a 'dual board' program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

**As Program Director, I verify that I have read the Certification Manual and that the above information is an accurate reflection of this Residency Training Program.**
