

Part One

New applications for ACVIM Residency Training Programs must be received by the Residency Training Committee (RTC) 90 days prior to any residents beginning training. Before completing this form, please review the general and specific requirements for Oncology Residency Training Programs in the ACVIM Certification Manual (CM). The current version of the CM is available on the ACVIM website at www.ACVIM.org.

Prior to making significant changes in a Residency Training Program, approval of the ACVIM and Oncology RTC must be obtained. The Candidate and/or Program Director must notify ACVIM, in writing before the changes are made to ensure that the proposed changes are approved. Significant changes could include, but are not limited to the following: changes in Program Director or any advisors, transferring from one program to another, alterations in program duration, locations of secondary site training, switching to a 'dual board' program, or enrolling in an institutional graduate program.

Notice: The data collected in this form is necessary both for the ACVIM to maintain its accreditation as a Registered Veterinary Specialty Organization and also is required for renewal of the residency training program. Some of the data collected is required of every specialty and some is specific to the specialty of Oncology.

For multi-site residency programs: To ensure uniformity of training and compliance with current CM requirements, training programs that include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). Multi-site programs, if any, will be addressed by the Program Director in Part Two.

Program Director Name:

Must be an active Diplomate of ACVIM in the Specialty of Oncology

Program Director's Contact Information:

Work Phone:	<input type="text" value="(530) 752-9586"/>
E-mail:	<input type="text" value="kskorups@ucdavis.edu"/>
Mailing Address:	<input type="text" value="Surgical & Radiological Sciences, SVM
One Shields Ave., 2112 Tupper Hall
Davis, CA 95616"/>

1. Location of Sponsoring Institution (Primary Site of Residency Training Program):

Primary Site:	Length of Training Program:
<input type="text" value="University of California -Davis"/>	<input type="text" value="3 year"/>

2. Resident Advisor(s): Must be ACVIM Diplomate(s) in Oncology. There is no restriction on the number of Resident Advisors; however, **each Resident Advisor may supervise only two residents concurrently.**

<input type="text" value="Robert Rebhun
Katherine Skorupski
Jenna Burton
Jennier Willcox"/>

3. Supervising Diplomates: **There must be a minimum of two (2) ACVIM Oncology Diplomates per institution.**

<input type="text" value="Jenna Burton - Oncology
Robert Rebhun - Oncology
Katherine Skorupski - Oncology
Jennifer Willcox - Oncology
Stanley Marks - Oncology, SAIM"/>

4. All onsite Diplomates of ACVIM responsible for supervision of clinical training who are specialists in areas other than Oncology.

Name and Specialty	Comments
<input type="text" value="Catherine Gunther-Harrington - Cardiology
Joshua Stern - Cardiology"/>	

Lance Visser - Cardiology Peter Dickinson - Neurology Marguerite Knipe - Neurology Beverly Sturges - Neurology Karen Vernau - Neurology Larry Cowgill - SAIM Jonathan Dear - SAIM Chen Gilor - SAIM Brian Hardy - SAIM Sean Hulsebosch - SAIM Lynelle Johnson - SAIM Carrie Palm - SAIM Jane Sykes - SAIM Jodi Westropp - SAIM	
---	--

5. Residents currently enrolled in the training program, along with the beginning date of the program, expected ending date of the program, and designated resident advisor.

Resident Name	Start date (mm/dd/yyyy)	End Date (mm/dd/yyyy)	Resident Advisor Name*
Rhonda Burge	8/1/17	7/31/20	Katherine Skorupski
Sarah Vidal	8/1/17	7/31/20	Jenna Burton
Rachel Brady	7/1/18	7/31/21	Jenn Wilcox

RESIDENCY TRAINING PROGRAM REGISTRATION
2019-2020
ONCOLOGY

Part Two

Part Two of the Oncology Residency Training registration and renewal process addresses general features of the program that apply to all current residents. These questions will be used to provide the Oncology Residency Training Committee with information needed to judge the structure, quality, scope, and consistency of training provided.

Current Date:

Program Director Name:

(Must be a Diplomate of ACVIM in the Specialty of Oncology)

Name of Sponsoring Institution (Residency Training Program):

1. For residency programs with off-site rotations (required rotations not available at the primary institution/site): To ensure uniformity of training and compliance with current Certification Manual (CM) requirements, training programs that include off-site rotations must provide detailed information regarding supervision and facilities available at each specific site(s).

Outside Rotation(s) (if applicable): Please attach signed Training Agreement Form from all institutions providing off-site training of oncology residents to this registration form. Each Training Agreement Form should specify the number of weeks scheduled at each site and the rotation requirement met. **Training Agreement Forms must be submitted annually WITH program renewal forms and WITH each new program request.**

In the box provided below, list the outside rotations for which you are attaching Training Agreement Forms. Please include in the space below the specific information regarding the number of weeks scheduled at each site and which rotation requirements shall be met at each site:

2. Type of Training Program:

Traditional 3 years	<input checked="" type="checkbox"/>
Non-traditional (Length in years)	
For non-traditional programs, please provide details. Note that programs must be at least 3 years (156 weeks) in length.	

3. Advanced Degree:

	Yes	No	Optional
Masters:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
PhD:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Required for residency certificate: Yes No

Comments:

4. ONCOLOGY DIPLOMATES (CM 8.G.4)

There must be a **minimum of two (2) ACVIM Oncology Diplomates** at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval. Please list the ACVIM Oncology Diplomates and their site of activity.

Name of Oncology Diplomates	Location
Katherine Skorupski Robert Rebhun Jenna Burton Jennifer Willcox Michael Kent	UC Davis for all

5. SUPPORTING DISCIPLINES REQUIRED

There must be an **ACVIM SAIM Diplomate with ≥50% FTE** at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval (CM 8.U.3). At least **four weeks** (completed in at least two consecutive week blocks) of training under the direct supervision by an ACVIM Small Animal Internal Medicine (SAIM) Diplomate are required.

Please list the ACVIM SAIM Diplomate(s) who will fulfill this requirement for the RTP.

Name of SAIM Diplomate(s)	Location
Stan Marks Jonathan Dear Chen Gilor Lynelle Johnson Carrie Palm Jane Sykes Jodi Westropp Brian Hardy Sean Hulsebosch	UC Davis for all

There must be an **ACVS Surgery Diplomate with ≥50% FTE** at the primary training site of the residency for an Oncology RTP to be approved or to maintain approval (CM 8.U.3).

Please list the ACVS Surgery Diplomate(s) who will fulfill this requirement for the RTP.

Name of ACVS Diplomate(s)	Location
William Culp Michelle Giuffrida Phillip Mayhew Michele Steffey Ingrid Balsa Amy Kapatkin Po-Yen Chou Barbro Filliquist Denis Marcellin-Little	UC Davis for all

6. CLINICAL TRAINING IN OTHER SPECIALTIES: REQUIRED AFFILIATED ROTATIONS (CM 8.M)

Because oncology is a multimodal discipline, the resident must also have clinical training under the direct supervision of Supervising Diplomates in other disciplines. This contact may occur at a secondary training site.

A minimum of 32 weeks must be spent actively receiving patients in affiliated rotations or meeting requirements through rounds. For each off-site rotation included in the 32 weeks of clinical training in other specialties, the resident should obtain written approval from their Resident Advisor, who will forward documentation of this approval to the RTCC.

6a. RADIATION ONCOLOGY REQUIREMENTS (CM 8.M.1):

At least **eight weeks** of direct supervision is required with a veterinary radiation oncologist to develop an understanding of clinical management of patients receiving radiation therapy, radiation planning, dosimetry, and physics related to clinical radiation therapy. Please list all DACVR-RO diplomates responsible for training in radiation oncology. Describe how Diplomates are involved in the supervision of residents and how direct contact in radiation oncology training will be fulfilled. Radiation oncology rotations must be completed in blocks of at least two consecutive weeks in length.

Name of Diplomat(e)s	Site	Role in training residents
Michael Kent Alain Theon Katherine Hansen	UC Davis for all	Direct supervision when residents rotate through radiation oncology. Radiation faculty provide board preparatory rounds and attend board review classes, journal club, and surgical-oncology rounds. Radiation faculty are regularly consulted regarding clinic cases and are involved in some resident research projects.

6b. PATHOLOGY REQUIREMENTS (8.M.1):

At least **two weeks** (may be met through weekly/biweekly rounds) of direct supervision with a **clinical pathologist** are required. Please list all **Diplomates of the American College of Veterinary Pathology** in clinical pathology associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in clinical pathology will be met.

Name of Diplomat(e)s	Site	Role in training residents
Dori Borjesson William Vernau Sean Owens Mary Christopher Shir Gilor Amir Kol	UC Davis for all	Direct supervision when residents rotate through clinical pathology. Clinical pathology faculty are also regularly consulted regarding clinic cases and are also involved in some resident research projects.

At least **two weeks** (may be met through weekly/biweekly rounds) of direct supervision with an **anatomic (surgical) pathologist** are required.

Please list all **Diplomates of the American College of Veterinary Pathology** in anatomic (surgical) pathology associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in anatomic pathology will be met.

Name of Diplomat(e)s	Site	Role in training residents
Kevin Woolard Denise Imai Verena Affolter Kevin Keel Rebekah Keesler Mai Mok Katherine Olstad Patricia Pesavento Rachel Reader Brian Murphy	UC Davis for all	Residents attend weekly anatomic pathology rounds discussions relating to recent clinic cases. Anatomic pathology faculty are present to lead discussions. Additionally, pathology faculty are in attendance at weekly surgical-oncology rounds. Faculty are also regularly consulted regarding clinic cases and are involved in most resident research projects.

6c. DIAGNOSTIC IMAGING REQUIREMENTS (8.M.1):

At least **two consecutive weeks** of **diagnostic imaging** under direct supervision by a board-certified radiologist are required in addition to any interactions during case rounds.

Please list all Diplomates of the **American College of Veterinary Radiology (not including radiation oncology)** associated with residency training. Describe how Diplomates are involved in the supervision of residents and how direct contact requirements (must be in person, not videoconference) in radiology will be met.

Name of Diplomat(e)s	Site	Role in training residents
Eric Wisner Allison Zwingenberger Eric Johnson Rachel Pollard Mathieu Spriet Kathryn Phillips Derek Cissell	UC Davis for all	Direct supervision when rotating through radiology. Radiology faculty are also consulted on a daily basis regarding clinic cases and are involved in many resident research projects.

6d. OTHER REQUIRED ROTATIONS (8.M.2):

Fourteen weeks of other rotations with an ACVIM Diplomat in the Specialty of Oncology, or training under the supervision of a member of an American Board of Veterinary Specialties (ABVS) or European Board of Veterinary Specialization (EBVS) approved specialty (such as, but not limited to, the American College of Veterinary Radiology, the American College of Veterinary Radiology (Radiation Oncology), American or European College of Veterinary Neurology, the American College of Veterinary Pathology, ACVS, or ACVECC). Rotations must be completed in at least two consecutive week blocks (unless otherwise specified in the CM.)

Please list the other ACVIM diplomates not previously listed or other non-ACVIM diplomates that will be involved with resident training available for consultation in these areas. Describe how Diplomates are involved in the supervision of residents and their contribution to direct contact requirements in affiliated specialties.

Name of Diplomates	Specialty/College	Site	Role in training residents
Lance Visser Catherine Gunther-Harrington Joshua Stern Catherine Outerbridge Steven White Amandeep Chohan Robert Brosnan Bruno Pypendop Linda Barter Cary Craig Karl Jandrey Kate Hopper Steven Epstein Jamie Burkitt Ronald Li Stanley Marks Andrea Fascetti Jennifer Larsen Autumn Davidson Steve Hollingsworth David Maggs Kathryn Good Chris Murphy Sara Thomasy Frank Verstraete Boaz Arzi Luke Wittenburg	Cardiology Cardiology Cardiology Dermatology Dermatology Anesthesia Anesthesia Anesthesia Anesthesia Anesthesia Em/Crit Care Em/Crit Care Em/Crit Care Em/Crit Care Em/Crit Care Nutrition Nutrition Nutrition Therio Ophtho Ophtho Ophtho Ophtho Ophtho Dentistry Dentistry Clinical Pharm	UC Davis for all	These faculty provide direct supervision when our residents rotate through other services. They are also available for consultation regarding cases on an as needed basis. Many of these faculty also give didactic lectures and rounds sessions to prepare residents for the ACVIM general exam.

7. FORMAL STRUCTURED RESEARCH (CM 8.0):

The resident is expected to actively participate in a laboratory or clinical investigative research project during the residency. A minimum of **eight weeks** (320 hours) of an oncology residency should be dedicated to this aspect of training. Research time should be scheduled as either weekly time (hours per week) or in blocks of time sufficient to complete the research, perform data analysis, and prepare a manuscript for publication by the third year of their residency (see Recommended Milestones in CM 8.G 6-8). This experience must be documented, with dates, and signed by the Supervising Diplomate.

Please explain how your residency program complies with the research guidelines outlined above.

Residents are scheduled to have 6-8 weeks off clinics their first year, 12-14 weeks their second year, and 16-18 weeks their third year. Some of this time is used for vacation and board exam preparation, but the majority is used for study and research pursuits.

For Board-certification in oncology, the resident must have a minimum of one major first author publication in the field of oncology published or accepted for publication in a refereed scientific or peer-reviewed journal. A literature review or case report is not acceptable. Please describe how this program supports this requirement for publication. (See CM 8.F.5)

At the beginning of the residency, each resident is paired up with a faculty mentor responsible for assisting them in the planning and execution of their research. Meetings between the resident and mentor are scheduled at the discretion of the faculty mentor. Residents use their off-clinics time (as specified above) to plan and execute a project and prepare the manuscript. Residents may also have time for research pursuits while assigned to our clinical trials service, which has a lower caseload than the regular cancer clinic. Residents are encouraged to complete more than one project during the residency period if possible.

8. JOURNAL CLUB (CM 8.P):

An organized and routinely scheduled journal club of at least 80 hours over the course of the RTP must be an integral part of all oncology resident training. Journal Club must be attended and supervised by a Supervising Diplomate. The RTP application requires a schedule of proposed Journal Club for Oncology RTCC approval.

Please explain how your residency program complies with the journal club guidelines outlined above, and include a schedule for this requirement, including number of proposed meetings and duration of each meeting.

A structured one hour journal club occurs weekly on Fridays except for the 6 weeks immediately preceding the ACVIM Forum. Faculty attend and contribute to this journal club.

9. SEMINAR OR LECTURE SERIES AND FORMAL CONFERENCES (CM 8.Q, 8.R):

Residents must attend formal teaching conferences in oncology and related disciplines throughout the residency. Unless these are formal lectures or classes, an Oncology Supervising Diplomate supervises the conferences, which should occur an average of **four times per month**. Examples of these are clinical pathology conferences, resident seminars, grand rounds sessions, and tumor biology classes. Conferences given within a veterinary practice or hospital or at a medical school or medical teaching hospital are acceptable.

Please include includes the format and schedule of these conferences and presentations, which directly pertain to training in Oncology and give specific details given on a daily, weekly, or monthly basis.

Weekly (1 hour) board review sessions occur every Monday except for the 6 weeks immediately preceding the ACVIM Forum. Sessions vary from lecture format, question and answer format, imaging rounds format, or clinical trials review format. Most sessions focus on cancer biology and chemotherapy pharmacology topics with some clinical literature review. Guest speakers from within and outside UC Davis contribute several times per year. Surgical-oncology case rounds (1 hour) occur every Tuesday and are comprised of discussions of recent surgical-oncology cases and topics relevant to these cases. Faculty attend and contribute to both of these sessions.

The resident must give a formal presentation at such a conference at least once per year. Documentation of these presentations must be included in the oncology credentials packet of the resident.

Please list all opportunities offered to and/or required of the resident for attendance and/or giving formal presentations at local, regional, state, or national meetings. Indicate whether the resident will attend or present at these meetings (CM 8.Q).

Residents are required to give 2-3 formal presentations to the oncology group in board review and 1 formal presentation to the school as a whole in grand rounds. Residents also present journal club 3-4 times per year. In addition, residents are required to attend the VCS annual meeting their second and third years and are encouraged to present research at least once during their residency. Residents may attend the ACVIM Forum their second and third years and may present research if they choose.

Residents also attend the UC Davis Intern and Resident Research Seminar conference meeting each year and are required to present research at least once during their residency.

Residents must attend at least one state, regional, national, or international veterinary or human medical continuing education conference during their residency. Please list opportunities offered to and/or required of the resident for attendance

Residents attend the VCS annual meeting their second and third years and the UC Davis Intern and Resident Research Seminar conference each year. Second and third year residents are also given the opportunity to attend the ACVIM Forum if they choose.

10. FORMAL EXAMINATION REVIEW SESSIONS (CM 8.S):

An oncology RTP must provide at least 40 hours per year of intensive formal review sessions for residents/candidates on topics covered in the general and specialty examinations. Attending daily clinical rounds does not meet this requirement. The requirement could be met in part by attending an ACVIM advanced continuing education (ACE) course, by attending an ACVIM Forum, or formal resident review sessions at a Veterinary Cancer Society Annual Meeting.

Please provide an anticipated schedule of these formal reviews below. Annual documentation will be required.

Residents attend 1 hour per week of general exam preparation during their first and second years. Our formal board review conference described above is also weekly and reviews topics relevant to the specialty exam. Residents may also attend the VCS resident review sessions their second and third years and are given the option to attend the ACVIM Forum during second and third years. When offered, residents are given the opportunity to attend ACE courses if they choose.

While it may have no bearing on your program, the supervising Diplomate(s) and the resident are required to review the Certification Manual yearly. You may obtain a copy of the Certification Manual from the ACVIM website at www.ACVIM.org.

11. Have all supervising Diplomate(s) read the objectives for an oncology residency as outlined in the Certification Manual, Specialty of Oncology?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

If no, please explain:

--

12. The RA and PD should periodically evaluate the resident (required minimum of once every 6 months) and discuss the results of those evaluations with the resident. Either the RA or PD (or both) must be able to provide the Residency Training Committee with written summaries of those evaluations, if requested. The RTP may use the standardized evaluation form (provided by ACVIM) or a similar internal evaluation document. If an internal evaluation document is used, it must include discussion of the 8 core competencies outlined in the standardized form including patient care, medical knowledge, practice-based learning, interpersonal and communication skills, professionalism, didactic learning, clinical research and publication productivity, and teaching ability.

Does your program comply with these standards of resident evaluation?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

If no, please explain:

--

13. Please indicate the availability of the following facilities or equipment. Indicate if these are available at the primary training site, or at a different location. (In the Location column, indicate on-site for primary location or the name of the facility where the equipment is located if off-site.) For facilities that are not on-site or not available, please describe the situation, availability, or how the resident will gain experience with equipment not available in the space at the end of this section.

	Available? (Y or N)	Location of equipment? (On-site or list site name)
a) Radiography	Y	On-site

b) 24 hour emergency and critical care facility	Y	On-site
b) Ultrasonographic equipment	Y	On-site
c) Color flow/Doppler equipment	Y	On-site
d) Endoscopy equipment	Y	On-site
GI equipment	Y	On-site
Bronchoscopy	Y	On-site
Cystoscopy	Y	On-site
Rhinoscopy	Y	On-site
Laparoscopy	Y	On-site
e) Clinical Pathology capabilities: (includes CBC, serum chemistries, blood gases, urinalysis, Cytology, parasitology, microbiology, and endocrinology)	Y	On-site
f) Appropriate safety equipment for handling chemotherapy (briefly summarize what is available in the column Location of Equipment).	Y	Chemo hood, Phaseal system, PPE
g) Nuclear Medicine	Y	On-site
h) Computed Tomography	Y	On-site
i) Magnetic Resonance Imaging	Y	On-site
j) Radiation Therapy Facility	Y	On-site
k) Intensive Care Facility – 24 hours	Y	On-site
l) Total parenteral nutrition capability	Y	On-site
m) Computerized Medical Records w/Searching Capabilities	Y	On-site

If any of the above equipment or facilities are available off-site, please explain how the resident can access them for case management, research, or study.

N/A

14. The resident should have access to a human or veterinary medical library with on-line searching capacity and at a minimum have access to all textbooks (current editions) and full text access to all journals on the current examination committee reading list **Note that on-line access to texts must be full-text not abstracts only**. This library should be available on-site or within a reasonable commuting distance (defined as within a 15 mile radius of the primary training site).

Please indicate how your resident can obtain access to the following textbooks/journals.

Comments:

17. Is there any additional pertinent information that the Residency Training Committee should consider in its evaluation of this training program?

Yes No

<input type="checkbox"/>	<input checked="" type="checkbox"/>
--------------------------	-------------------------------------

Comments:

Please note, any Program Director or Candidate that significantly changes or alters this Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.

Significant changes could include, but are not limited to:

- transferring from one program to another
- alterations in program duration
- switching to a 'dual board' program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

As Program Director, I verify that the above information is an accurate reflection of this Residency Training Program.

Per the Certification Manual, each year, the Program Director must certify to the RTC/ RTCC and ACVIM, in writing, that they have read the ACVIM Certification Manual and understands their role in residency training.

Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in Residency Training Program.
