

**RESIDENCY TRAINING PROGRAM REGISTRATION
2019-2020
SMALL ANIMAL INTERNAL MEDICINE**

Part One

New applications for ACVIM Residency Training Programs must be received by the Residency Training Committee (RTC) 90 days prior to any residents beginning training. Before completing this form, please review the general and specific requirements for Small Animal Internal Medicine (SAIM) Residency Training Programs in the ACVIM Certification Manual (CM). The current version of the CM is available on the ACVIM website at www.ACVIM.org.

Prior to making significant changes in a Residency Training Program, approval of the ACVIM and SAIM RTC must be obtained. The Candidate and/or Program Director must notify ACVIM, in writing. Significant changes could include, but are not limited to: changes in Program Director or any advisors, transferring from one program to another, alterations in program duration, locations of secondary site training, switching to a 'dual board' program, or enrolling in an institutional graduate program.

Notice: The data collected in this form is necessary both for the ACVIM to maintain its accreditation as a Registered Veterinary Specialty Organization and also is required for renewal of the residency training program. Some of the data collected is required of every specialty and some is specific to the specialty of Small Animal Internal Medicine.

For multi-site residency programs: To ensure uniformity of training and compliance with current CM requirements, training programs which include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). Multi-site programs, if any, are listed in Part Two.

Program Director Name: Dr. Katharine F. Lunn

The Program Director must be an active Diplomate of ACVIM in the Specialty of Small Animal Internal Medicine boarded for at least 4 years with 3 years experience training residents

Program Director's Contact Information:

Work Phone:	(919) 513-6230
Mobile Phone:	
E-mail:	Kathylunn@me.com
Mailing Address:	1052 William Moore Drive Campus Box 8402 Raleigh, NC 27607

1. Location of Sponsoring Institution (Primary Site of Residency Training Program):

Primary Site Location:	Length of Training Program:
North Carolina State University	3 year

2. Resident Advisor(s): Must be Diplomate(s) of ACVIM in the Specialty of Small Animal Internal Medicine and boarded for at least 2 years with 1 year experience training residents. **Each Resident Advisor may supervise no more than 2 residents at a time.**

Ed Breitschwerdt
 Jody Gookin
 Karyn Harrell
 Eleanor Hawkins
 Shelly Vaden
 Adam Birkenheuer
 Katharine Lunn
 Karyn Tefft

3. Supervising Diplomates on-site: Two on-site Diplomates boarded in Small Animal Internal Medicine are required - **2 ACVIM, or 1 ACVIM & 1 ECVIM**. The supervising diplomates must be active in the practice of the specialty and must maintain clinical competency in the field.

Ed Breitschwerdt - SAIM
 Adam Birkenheuer - SAIM
 Jody Gookin - SAIM
 Bernie Hansen - SAIM
 Karyn Harrell - SAIM
 Eleanor Hawkins - SAIM
 Allison Kendall - SAIM
 Katharine Lunn - SAIM
 Karen Tefft - SAIM
 Katie Tolbert - SAIM (TAMU??)
 Shelly Vaden - SAIM

4. List all ACVIM Diplomates onsite responsible for supervision of clinical training who specialize in areas other than SAIM. If off-site, please explain the situation, and the method of providing direct contact with the resident.

Name and Specialty	Comments
John Bonagura - Cardiology Teresa DeFrancesco - Cardiology (ACVECC) Bruce Keene - Cardiology Kathryn Meurs - Cardiology Sandy Tou - Cardiology, SAIM Peter Early - Neurology Christopher Mariani - Neurology Karen Munana - Neurology Natasha Olby - Neurology	

5. List residents currently participating in your training program, along with the beginning date of the program, expected ending date of the program, and designated Resident Advisor.

Resident Name	Start date (mm/dd/yyyy)	End Date (mm/dd/yyyy)	Resident Advisor Name*
Allison Rowland	7/18/16	7/17/19	Adam Birkenheuer
Barry Hedgespeth	7/18/17	7/17/22	Jody Gookin
Taylor Gin	7/16/18	8/1/23	Ed Breitschwerdt

**RESIDENCY TRAINING PROGRAM REGISTRATION
2019-2020
SMALL ANIMAL INTERNAL MEDICINE**

Part Two

Part Two of the Small Animal Internal Medicine Residency Training process addresses general features of the program that apply to all current residents. These questions will be used to provide the Residency Training Committee with information needed to judge the structure, quality, scope, and consistency of training provided.

The SAIM Residency Training Committee may require supporting evidence for any statements made below. Per the Certification Manual (CM) section 9.C.2, at the time of annual program renewal, Program Directors may be asked to verify resident activities, including satisfactory clinical training, interaction with consultants, documentation of training in radiology and clinical pathology, documentation of off-site training, and documentation of study and education participation.

Current Date:

Program Director Name:

Must be an active Diplomate of ACVIM in the Specialty of Small Animal Internal Medicine boarded for at least 4 years with 3 years of experience training residents

Name of Sponsoring Institution (Residency Training Program):

1. For multi-site residency programs: To ensure uniformity of training and compliance with current CM requirements, training programs that include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). All requirements for both direct and indirect supervision must be met, as well as requirements for rounds and conferences. Refer to Section 9.C.1.e of the CM for definitions of secondary site and off-site experiences.

a) Secondary Site for multi-site program (if applicable):

Please attach specific information regarding the number of weeks scheduled at each site and which rotation requirements shall be met at each site.

b) Outside Rotations/Other Sites for specialty training (if applicable):

All rotations performed at a location other than that of the resident's program must be documented with a signed Residency Training Agreement Form from the specialist(s) providing the outside rotation. Residency Training Agreement Forms from the specialist(s) must also be included with the program renewal form. Please attach signed Residency Training Agreement Forms from all individuals providing off-site training of SAIM residents to this registration form. Residency Training Agreement Forms must be submitted annually with program renewal forms and with each new program request. This program application is not complete without Residency Training Agreement Forms for all outside rotations. If off-site rotations are added after program renewal, please submit necessary residency training agreement forms a minimum of 30 days before the resident departs for that off-site training.

2. Length of Training Program/Advanced degree:

a) Length in Years:

b) Advanced Degree:

	Yes	No	Optional
Masters:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
PhD:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

3. Please list all of the Diplomates of Veterinary Pathology in the areas of clinical or anatomic pathology approved by the American Board of Veterinary Specialties or European Board of Veterinary Specialties associated with residency training. If off-site, please attach signed Residency Training Agreement Forms from all individuals providing off-site training.

Name of Diplomate(s)	Clinical or Gross	Board Certification (e.g. ACVP, ECVCP)	Comments
Dr. Jennifer Neel Dr. Devorah Marks Stowe Dr. Erika Gruber Dr. Heather Shive Dr. Jennifer Luff Dr. Luke Borst Dr. Keith Linder Dr. Mac Law Dr. John Cullen Dr. Debra Tokarz	Clinical Clinical Clinical Gross Gross Gross Gross Gross Gross Gross	ACVP ACVP ACVP ACVP ACVP ACVP ACVP ACVP ACVP ACVP	All on site

4. Please list all Diplomates of the American College of Veterinary Radiology or approved American Board of Veterinary Specialties radiology board associated with residency training. If off-site please attach signed Residency Training Agreement Forms from all individuals providing off-site training.

Name of Diplomate(s)	Include Board certification (e.g. ACVR, ECVDI)	Comments
Dr. Nicholas Petrovitch Dr. Ian Robertson Dr. Gabriela Seiler Dr. Eli Cohen Dr. Erin Keenihan Dr. Nathan Nelson Dr. Katelyn Cordle Dr. Michael Nolan Dr. Tracy Gieger Dr. Hiroto Yoshikawa	DACVR DACVR DACVR, DECVDI DACVR DECVDI DACVR DACVR DACVR - Radiation Oncology DACVR - Radiation Oncology, DACVIM DACVR - Radiation Oncology	All on site

5. Please list the Diplomates available for consultation in the areas of dermatology, surgery, ophthalmology, anesthesiology, emergency/critical care, clinical nutrition, clinical pharmacology, and/or theriogenology. If off-site, please attach signed Residency Training Agreement Forms from all individuals providing off-site training.

Name of Diplomate(s)	Specialty	Board Certification	Comments
Dr. Thierry Olivry Dr. K. Marcy Murphy Dr. Petra Bizikova Dr. Simon Roe Dr. Kyle Matthews Dr. Duncan Lascelles Dr. Valery Scharf Dr. Andrea Tomas Dr. Daniel Duffy Dr. Marine Traverson Dr. Michael Davidson Dr. Brian Gilger Dr. Hans Westermeyer	Dermatology Dermatology Dermatology Surgery Surgery Surgery Surgery Surgery Surgery Surgery Ophthalmology Ophthalmology Ophthalmology	DACVD, DECVD DACVD DACVD, DECVD DACVS DACVS DACVS, DECVS DACVS DACVS-SA DACVS-SA DACVS-SA DACVO DACVO DACVO	All on site

Dr. Mark Papich	Clin. Pharmacology	DACVCP	
Dr. Scott Bailey	Theriogenology	DACT	
Dr. Sara Lyle	Theriogenology	DACT	

6. Does your training program consist of a minimum of **36 months**?

Yes No

Comments:

7. Does each resident in your program spend a minimum of 68 weeks on clinical rotations under the direct supervision of at least 2 ACVIM SAIM Diplomates (or at least 1 ACVIM SAIM Diplomate and at least 1 ECVIM Companion Animal Diplomate)?

Yes No

Supervising Diplomate Name(s)	Specialty	Board Certification (e.g. ACVIM, ECVIM)	Comments
Dr. Adam Birkenheuer	SAIM	ACVIM	
Dr. Edward Breitschwerdt	SAIM	ACVIM	
Dr. Jody Gookin	SAIM	ACVIM	
Dr. Karyn Harrell	SAIM	ACVIM	
Dr. Eleanor Hawkins	SAIM	ACVIM	
Dr. Katharine Lunn	SAIM	ACVIM

Dr. Allison Kendall	SAIM	ACVIM	
Dr. Karen Tefft	SAIM	ACVIM	
Dr. Bernie Hansen	SAIM	ACVIM	Also DACVECC

8. Does each resident in your program spend an additional 16 weeks of clinical training under the **direct supervision** of one or more supervising Diplomate(s) in other specialties such as cardiology, oncology, neurology, critical care, or ophthalmology? These Diplomates may be certified by the ACVIM or ECVIM, or by the American Board of Veterinary Specialties (ABVS) approved specialties or approved European Board of Veterinary Specialization recognized certification entities. A maximum of two secondary training site

rotations is allowable for meeting clinical training in other specialties. These formal rotations on a specialty service must be completed in defined training periods of at least two continuous weeks each and the resident must have primary case responsibility. Additional SAIM weeks cannot be used to satisfy this requirement [See CM 9.F.2].

Yes No

Dr. Freya Mowat	Ophthalmology	DACVO, DECVO	

9. Does each resident in your training program spend an additional 36 weeks in training, not necessarily under direct supervision, in either internal medicine or related areas, or in writing, studying, teaching, or obtaining experience with a radiologist, clinical pathologist, or other specialist? (Note that vacation time and time to attend professional meetings is included in this period.)

Yes No

Describe: Residents spend 2 weeks on radiology, 2 weeks on ultrasound, 2 weeks on clinical pathology, additional weeks (beyond 68) on internal medicine, and also perform research, write, and study.

10. Does each resident in your training program spend a minimum of 8 hours per month in training with at least two other board-certified specialists (not ACVIM)? These may be specialists in dermatology, theriogenology, surgery, anesthesiology, ophthalmology, emergency/critical care, or clinical pharmacology. The training must be direct consultation, not telephone or E-mail consultation.

Yes No

Describe: All of the specialists listed in questions 3, 4, 5, and 8 are present on site and residents interact with at least some of them on a daily basis.

11. Does each resident in your training program have a minimum of **80 hours** of direct contact with a board-certified veterinary radiologist? **Forty hours** comprised of interpreting radiographs, learning and evaluating the results of special imaging techniques, and attending radiology rounds or conferences?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

And an additional minimum of **40 hours** spent training in ultrasonography under the supervision of a board-certified veterinary radiologist. This training should emphasize abdominal ultrasonography and must include hands-on performance of abdominal ultrasonography, observation of ultrasound procedures on the resident's own patients, and theoretical training in the principals and application of ultrasonography.

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

12. Does each resident in your training program attend weekly conferences?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Describe:

House Officer Seminar: weekly conference covering Internal Medicine and related topics: first, second, and third year residents; meets weekly for one hour, 48 weeks per year (Th).

13. Does each resident have **40 hours** of review sessions per year?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Describe:

1. House Officer Rounds (includes general and specialty examination topics): first year residents; meets for one hour, weekly, 48 weeks per year (W)
2. House Officer Rounds (includes general and specialty examination topics): second and third year residents; meets for one hour for 14 weeks, then second and third year residents move on to Advanced Medicine Rounds (W) (see below)
3. Advanced Medicine Rounds (includes general and specialty examination topics): second and third year residents; meets weekly for one hour, 34 weeks per year (W)
4. Special topics in Critical Care/Cardiology/Neurology (taught by diplomates in those disciplines and includes general and specialty examination topics): first and second year residents; meets weekly (one hour) for 36 weeks per year (F)

14. Does each resident in your training program have a minimum of **40 hours** direct contact with a board certified veterinary clinical or anatomic pathologist evaluating clinical pathologic findings, reviewing cytologies and biopsies, and attending clinical pathologic conferences or seminars?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Describe:

All residents complete a 2-week rotation on clinical pathology, under the direct supervision of a board-certified clinical pathologist. In addition, they review biopsies and cytologies on a case-by-case basis.

15. Patient Management:

a) Does each resident in your program participate in patient management, including patient receiving, diagnostics, case management and decision making, client communication, case follow-up, and communication with referral veterinarians?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

b) Is case management directly supervised and reviewed by a Diplomate of the ACVIM?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

16. Is a complete medical record using the problem oriented veterinary medical record system maintained for each individual patient? (Medical records must be retrievable.)

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

17. Clinical Rounds:

a) Does the resident participate in clinical rounds on a daily basis while on clinical rotations?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

b) Is a supervising Diplomate available for the majority of the daily rounds reported in question 17?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

c) If a supervising Diplomate is not available for the majority of rounds, describe how rounds are attended and supervised.

Describe:

18. Please indicate the availability of the following facilities or equipment to be used in resident training. Indicate if these are available at the primary training site, or at a different location. (In the Location column, indicate on-site for primary location or the name of the facility where the equipment is located if off-site.) For facilities that are not on-site, please describe the situation, availability, and how the facilities or equipment are used for resident training in the space at the end of this section.

	Available?		Location of equipment?
	Yes	No	(On-site or list site name)
Standard radiological equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Ultrasonographic equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Color flow/Doppler equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Endoscopy equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Clinical Pathology capabilities: (includes CBC, serum chemistries, blood gases, urinalysis, cytology, parasitology, microbiology, and endocrinology)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Blood Pressure Measurement	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Electromyography	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Nuclear Medicine	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Computed Tomography	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Magnetic Resonance Imaging	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Computerized Medical Records w/Searching Capabilities	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Veterinary Library w/Literature Searching Capabilities	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site
Intensive Care Facility – 24 hours	<input checked="" type="checkbox"/>	<input type="checkbox"/>	On site

If any of the above equipment or facilities is available off-site, please explain how the resident can access them for case management, research, or study.

19. Clinical caseload information (this information should reflect the caseload of the prior 12 months)

Total SAIM caseload per year:	4297 (for 2018)
Number of endoscopic examinations (respiratory, GI) per year:	457 (excluding urinary)
Number of endoscopic examinations (urinary) per year:	67

20. Didactic Learning Opportunities and Research Requirements: In recognition of the importance of scientific discovery as a critical mission of the ACVIM, all Residency Training Programs shall include an assessment period or instruction and/or participation in creative scholarship which will foster an appreciation of, competency in, and contribution to the knowledge base of their respective

specialty and which will support their development as clinician scientists. This requirement is fulfilled through satisfactory completion of A and one of B [See CM 9.F.4]:

a) Journal Club: Critical review of literature, minimum of eighty (80) hours during the program. Describe how this requirement is met or exceeded.

Small Animal Medicine journal club meets weekly (Tuesdays) for one hour, at least 40 times per year. All residents attend unless out of town. At least one SAIM ACVIM diplomate attends each journal club. If the resident is on a service other than medicine, they will either attend medicine journal club or they will attend the journal club specific to that service. The latter are always attended by board-certified specialists in the relevant discipline. All residents also attend monthly resident writing club (Fridays). This is a supplement to journal club in which we focus on writing skills, the publication process, and provide critical feedback and evaluation of manuscripts.

b) At least 12 weeks over the three-year residency must be allocated for research and scholarly activity ideally in the pursuit of a publication. Successful completion of any one of the options listed below will satisfy the requirements for research by SAIM residents. Describe how this will be fulfilled or exceeded in the individual trainee's specific application.

1. Successful completion of at least six hours of seminars or classes offered at the ACVIM Forum, as on-line courses, or at other facilities and recognized by the ACVIM and covering the following subjects: Critical evaluation of the veterinary medical/biomedical literature, Grant-writing or Study design, and participation in clinical trials
2. Documented (by a letter from the RA) submission of a grant proposal
3. Acceptance and presentation at a scientific meeting of an abstract (either oral or poster) of original work
4. Documented completion (by a letter from the RA) of a prospective research project pertinent to SAIM
5. Documented completion (by a letter from the RA) of a retrospective research project pertinent to SAIM
6. Documented completion (by a letter from the RA) of graduate coursework in biostatistics, research methods, and/or research ethics

In addition to boards study time, our residents are allotted approximately 20 weeks of study time for research and writing. All of our residents participate in at least one of the activities listed above. All will complete at least one prospective or retrospective study (or both).

21. Is the resident required to give one or more formal presentations at a conference or in an educational setting on a yearly basis? Please provide a description of the conferences, etc., that are provided and the typical schedule.

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Describe: Each resident gives one presentation (house officer seminar noted above) to students, other house officers, and faculty in their 2nd and 3rd years. Residents formally present educational case material to other house officers and faculty at House Officer Rounds 2-3 times per year in 1st year, and once per year in 2nd and 3rd year.

22. How many major veterinary medical or medical meetings is each resident able to or expected to attend during his/her training program?

Program length	One	Two	> Two
3 years	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

23. Does the training program require a research project? Please indicate the number of research projects required.

Program Length	Yes	No	Optional	Number
3 years	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	1 (this is the minimum, most will do more)

24. Are one or more publications required as part of the training program?

Program length	Yes	No	Number
3	<input checked="" type="checkbox"/>	<input type="checkbox"/>	1 (manuscript suitable for submission)

25. Does each resident in your program meet at least twice yearly with their Resident Advisor to evaluate the resident's performance, review their progress in the program, and assess whether or not their training program is proceeding as described in this document with a dated written summary of this evaluation?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

26. Please provide the structure of the training program to include (but not limited to): the length and number of clinical rotations per year; distribution of time allocated for research, writing, exam preparation, other scholarly activity, and vacation; and distribution of time allocated to out-rotations if this is a multi-site program.

Please refer to the CM (Section 9.F) for specific details. The following table is provided as an example.

NOTE: a detailed description defining the individual time requirements would be acceptable in addition to the table.

Example:

	Year 1 # Weeks	Year 2 # Weeks	Year 3 # Weeks	Total # Weeks	Training On Site or Off Site
Internal Medicine, Direct Diplomate Supervised (Diplomates listed in number 9), Minimum of 68 weeks					
Direct Supervision	34	28	26	88	On site
Additional Diplomate Supervised Rotations (Diplomates listed in number 8), Minimum of 16 weeks					
Emergency and Critical Care	2	2		4	On site
Cardiology	2	2	2	6	On site
Neurology	2	2		4	On site
Oncology	2	2	2	6	On site
Additional Direct or Indirectly Supervised Rotations					
Internal Medicine, Indirectly Supervised			8	8	On site
Additional Clinical Rotations: Please specify in comment section	2	2	2	6	On site
Electives*	1	1	1	3	Off site
Diagnostic Imaging					
Radiology		1		1	On site
Ultrasound	1			1	On site
Pathology					
Clinical Pathology		1		1	Off site
Anatomical Pathology					
Additional Rotations					
Research and Scholarly Activity	4	4	4	12	On site
Studying		4	4	8	
Meeting		1	1	2	On/Off site
Vacation	2	2	2	6	Off site
Total	52	52	52	156	
<i>* Electives can be 0-3 weeks. If unavailable, will default to directly supervised internal medicine</i>					

Please note that this table is for recording the number of weeks and/or hours that the resident will spend on the rotations/services for each year that will satisfy the CM requirements. The number for each year should add up to 52 weeks. It is understood that each resident's program will differ with regard to which year a given rotation is completed; the table should summarize the rotations in which residents in your program will participate. The CM specifies that the program outlined in this program renewal form becomes the requirements that a resident must fulfill to complete the training program. Please see CM section 4.F.2 "Once a program has been approved, even if its requirements exceed the minimum requirements as published in the CM, the requirements specified in the program description have become the official requirements for completion of the residency. Neither a candidate nor a Program Director may retroactively petition for successful completion of a residency that has met the minimum requirements of the CM if they have left the program but have not completed all requirements of the previously approved program."

PLEASE CHECK YOUR MATH

	Year 1 # Weeks	Year 2 # Weeks	Year 3 # Weeks	Total # Weeks	Training On Site or Off Site
Internal Medicine, Direct Diplomate Supervised (Diplomates listed in number 7), Minimum of 68 weeks					
Direct Supervision	24	22	22	68	On site
Additional Diplomate Supervised Rotations (Diplomates listed in number 8), Minimum of 16 weeks [CM 9.F.2]					
Cardiology	4*			4	On site
Oncology	4*			4	On site
Neurology		4*		4	On site
Critical Care	4*			4	On site
Additional Direct or Indirectly Supervised Rotations					
Internal Medicine, Indirectly Supervised					
Additional Clinical Rotations: Please specify in comment section	6**	9**	10**	25	On site
Electives*					
Diagnostic Imaging					
Radiology	2			2	On site
Ultrasound			2	2	On site
Pathology					
Clinical Pathology		2		2	On site
Anatomical Pathology					
Additional Rotations					
Scholarly Activity	6	7	8	21	On site
Studying		5	7	12	On Site
Meeting		1	1	2	Off site
Vacation	2	2	2	6	Off site
Total	52	52	52	156	
<i>* Electives can be 0-3 weeks. If unavailable, will default to directly supervised internal medicine</i>					

NOTE: a detailed description defining the individual time requirements would be acceptable here in addition to the table:

Describe:

*Each resident receives 16 weeks clinical training under direct supervision of one or more SDs in accordance with CM 9.F.2. This table shows a "typical" schedule, but specific rotations/specialties may vary depending on individual interests and service availability.
 **Additional clinical rotations may include internal medicine, other specialties, or other scholarly activity. Distribution of weeks will vary from resident to resident, depending on individual interests and service availability, and may include off-site experiences.

27. Is there any additional pertinent information that the Residency Training Committee should consider in its evaluation of this Training Program?

Yes No

Describe:

Please note, any Program Director or Candidate that significantly changes or alters this Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.

Significant changes could include, but are not limited to:

- transferring from one program to another
- alterations in program duration

- switching to a 'dual board' program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

As Program Director, I verify that the above information is an accurate reflection of this Residency Training Program.

Per the Certification Manual, each year, the Program Director must certify to the RTC/ RTCC and ACVIM, in writing, that they have read the ACVIM Certification Manual and understands their role in residency training.

Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in Residency Training Program.
