

**RESIDENCY TRAINING PROGRAM REGISTRATION
2019-2020
SMALL ANIMAL INTERNAL MEDICINE**

Part One

New applications for ACVIM Residency Training Programs must be received by the Residency Training Committee (RTC) 90 days prior to any residents beginning training. Before completing this form, please review the general and specific requirements for Small Animal Internal Medicine (SAIM) Residency Training Programs in the ACVIM Certification Manual (CM). The current version of the CM is available on the ACVIM website at www.ACVIM.org.

Prior to making significant changes in a Residency Training Program, approval of the ACVIM and SAIM RTC must be obtained. The Candidate and/or Program Director must notify ACVIM, in writing. Significant changes could include, but are not limited to: changes in Program Director or any advisors, transferring from one program to another, alterations in program duration, locations of secondary site training, switching to a 'dual board' program, or enrolling in an institutional graduate program.

Notice: The data collected in this form is necessary both for the ACVIM to maintain its accreditation as a Registered Veterinary Specialty Organization and also is required for renewal of the residency training program. Some of the data collected is required of every specialty and some is specific to the specialty of Small Animal Internal Medicine.

For multi-site residency programs: To ensure uniformity of training and compliance with current CM requirements, training programs which include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). Multi-site programs, if any, are listed in Part Two.

Program Director Name: Dr. Michael Wood

The Program Director must be an active Diplomate of ACVIM in the Specialty of Small Animal Internal Medicine boarded for at least 4 years with 3 years experience training residents

Program Director's Contact Information:

Work Phone:	(608) 265-9022
Mobile Phone:	
E-mail:	michael.wood@wisc.edu
Mailing Address:	Dept. of Medical Sciences, SVM 2015 Linden Dr. Madison, WI 53706

1. Location of Sponsoring Institution (Primary Site of Residency Training Program):

Primary Site Location:	Length of Training Program:
University of Wisconsin	3 year

2. Resident Advisor(s): Must be Diplomate(s) of ACVIM in the Specialty of Small Animal Internal Medicine and boarded for at least 2 years with 1 year experience training residents. **Each Resident Advisor may supervise no more than 2 residents at a time.**

Harriet Bortnowski
 Jessica Pritchard
 Lauren Trepanier
 Michael Wood
 Katrina Viviano

3. Supervising Diplomates on-site: Two on-site Diplomates boarded in Small Animal Internal Medicine are required - **2 ACVIM, or 1 ACVIM & 1 ECVIM**. The supervising diplomates must be active in the practice of the specialty and must maintain clinical competency in the field.

Jonathan Bach - SAIM, ACVECC
 Harriet Bortnowski - SAIM
 Jessica Pritchard - SAIM
 Lauren Trepanier - SAIM
 Katrina Viviano - SAIM
 Michael Wood - SAIM

4. List all ACVIM Diplomates onsite responsible for supervision of clinical training who specialize in areas other than SAIM. If off-site, please explain the situation, and the method of providing direct contact with the resident.

Name and Specialty	Comments
Heidi Kellihan - Cardiology Rebecca Stepien - Cardiology Sonja Tjostheim - Cardiology Heidi Barnes Heller - Neurology Starr Cameron - Neurology Julien Guevar - Neurology Helena Rylander - Neurology Ruthanne Chun - Oncology Xuan Pan - Oncology Mackenzie Pe	

5. List residents currently participating in your training program, along with the beginning date of the program, expected ending date of the program, and designated Resident Advisor.

Resident Name	Start date (mm/dd/yyyy)	End Date (mm/dd/yyyy)	Resident Advisor Name*
Allison Leuin	7/15/16	7/14/19	Lauren Trepanier
Monica Chawala	7/15/16	7/14/19	Katrina Viviano
Casandra Jacobs	7/15/17	7/14/20	Michael Wood
Alexander Saver	7/15/18	7/14/21	Jessica Pritchard
Martin Granick	7/15/18	7/14/21	Michael Wood

**RESIDENCY TRAINING PROGRAM REGISTRATION
2019-2020
SMALL ANIMAL INTERNAL MEDICINE**

Part Two

Part Two of the Small Animal Internal Medicine Residency Training process addresses general features of the program that apply to all current residents. These questions will be used to provide the Residency Training Committee with information needed to judge the structure, quality, scope, and consistency of training provided.

The SAIM Residency Training Committee may require supporting evidence for any statements made below. Per the Certification Manual (CM) section 9.C.2, at the time of annual program renewal, Program Directors may be asked to verify resident activities, including satisfactory clinical training, interaction with consultants, documentation of training in radiology and clinical pathology, documentation of off-site training, and documentation of study and education participation.

Current Date:

Program Director Name:

Must be an active Diplomate of ACVIM in the Specialty of Small Animal Internal Medicine boarded for at least 4 years with 3 years of experience training residents

Name of Sponsoring Institution (Residency Training Program):

1. For multi-site residency programs: To ensure uniformity of training and compliance with current CM requirements, training programs that include multiple sites must provide detailed information regarding supervision and facilities available at each specific site(s). All requirements for both direct and indirect supervision must be met, as well as requirements for rounds and conferences. Refer to Section 9.C.1.e of the CM for definitions of secondary site and off-site experiences.

a) **Secondary Site for multi-site program (if applicable):**
Please attach specific information regarding the number of weeks scheduled at each site and which rotation requirements shall be met at each site.

b) **Outside Rotations/Other Sites for specialty training (if applicable):**
All rotations performed at a location other than that of the resident's program must be documented with a signed Residency Training Agreement Form from the specialist(s) providing the outside rotation. Residency Training Agreement Forms from the specialist(s) must also be included with the program renewal form. Please attach signed Residency Training Agreement Forms from all individuals providing off-site training of SAIM residents to this registration form. Residency Training Agreement Forms must be submitted annually with program renewal forms and with each new program request. This program application is not complete without Residency Training Agreement Forms for all outside rotations. If off-site rotations are added after program renewal, please submit necessary residency training agreement forms a minimum of 30 days before the resident departs for that off-site training.

2. Length of Training Program/Advanced degree:

a) Length in Years:

b) Advanced Degree:

	Yes	No	Optional
Masters:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
PhD:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

3. Please list all of the Diplomates of Veterinary Pathology in the areas of clinical or anatomic pathology approved by the American Board of Veterinary Specialties or European Board of Veterinary Specialties associated with residency training. If off-site, please attach signed Residency Training Agreement Forms from all individuals providing off-site training.

Name of Diplomate(s)	Clinical or Gross	Board Certification (e.g. ACVP, ECVCP)	Comments
Karen Young Kristen Friedrichs Allison Dusick	Clinical Clinical Clinical	ACVP ACVP ACVP	All full time, on site
Howard Steinberg Marie Pinkerton Melissa Graham	Gross Gross Gross	ACVP ACVP ACVP	

4. Please list all Diplomates of the American College of Veterinary Radiology or approved American Board of Veterinary Specialties radiology board associated with residency training. If off-site please attach signed Residency Training Agreement Forms from all individuals providing off-site training.

Name of Diplomate(s)	Include Board certification (e.g. ACVR, ECVDI)	Comments
Lisa Forrest Ken Waller Alexane Durand	DACVR DACVR ECVDI	

5. Please list the Diplomates available for consultation in the areas of dermatology, surgery, ophthalmology, anesthesiology, emergency/critical care, clinical nutrition, clinical pharmacology, and/or theriogenology. If off-site, please attach signed Residency Training Agreement Forms from all individuals providing off-site training.

Name of Diplomate(s)	Specialty	Board Certification	Comments
Karen Moriello	Dermatology	DACVD	
Douglas DeBoer	Dermatology	DACVD	
Elizabeth Layne	Dermatology	DACVD	
Dale Bjorling	Surgery	DACVS	
Robert Hardie	Surgery	DACVS	
Sara Colopy	Surgery	DACVS	
Susan Schaefer	Surgery	DACVS

6. Does your training program consist of a minimum of **36 months**?

Yes No

<input checked="" type="checkbox"/>	<input type="checkbox"/>
-------------------------------------	--------------------------

Comments:

--

7. Does each resident in your program spend a minimum of 68 weeks on clinical rotations under the direct supervision of at least 2 ACVIM SAIM Diplomates (or at least 1 ACVIM SAIM Diplomate and at least 1 ECVIM Companion Animal Diplomate)?

Yes No

<input checked="" type="checkbox"/>	<input type="checkbox"/>
-------------------------------------	--------------------------

Supervising Diplomate Name(s)	Specialty	Board Certification (e.g. ACVIM, ECVIM)	Comments
Katrina Viviano Lauren Trepanier Hattie Bortnowski Michael Wood Jessica Pritchard Jonathan Bach	SAIM SAIM SAIM SAIM SAIM SAIM/ECC	DACVIM DACVIM DACVIM DACVIM DACVIM DACVIM/ACVECC	

8. Does each resident in your program spend an additional 16 weeks of clinical training under the **direct supervision** of one or more supervising Diplomate(s) in other specialties such as cardiology, oncology, neurology, critical care, or ophthalmology? These Diplomates may be certified by the ACVIM or ECVIM, or by the American Board of Veterinary Specialties (ABVS) approved specialties or approved European Board of Veterinary Specialization recognized certification entities. A maximum of two secondary training site rotations is allowable for meeting clinical training in other specialties. These formal rotations on a specialty service must be completed in defined training periods of at least two continuous weeks each and the resident must have primary case responsibility. Additional SAIM weeks cannot be used to satisfy this requirement [See CM 9.F.2].

Yes No

<input checked="" type="checkbox"/>	<input type="checkbox"/>
-------------------------------------	--------------------------

Supervising Diplomate Name(s)	Specialty	Board Certification (e.g. ACVIM, ECVIM)	Comments
Heidi Barnes Helena Rylander Starr Cameron Julien Guevar Ruthanne Chun David Vail Xuan Pan MacKenzie Pellin Rebecca Stepien Heidi Kellihan Sonja Tjostheim	Neurology Neurology Neurology Neurology Oncology Oncology Oncology Oncology Oncology Cardiology Cardiology Cardiology	ACVIM ACVIM ACVIM ECVIM ACVIM ACVIM ACVIM ACVIM ACVIM ACVIM ACVIM ACVIM	

9. Does each resident in your training program spend an additional 36 weeks in training, not necessarily under direct supervision, in either internal medicine or related areas, or in writing, studying, teaching, or obtaining experience with a radiologist, clinical pathologist, or other specialist? (Note that vacation time and time to attend professional meetings is included in this period.)

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

10. Does each resident in your training program spend a minimum of 8

Describe:

1 week clinical pathology, 1 week radiology, 1 week ultrasound, 4 weeks emergency critical care, 1 week dermatology, 6 weeks vacation, 2 weeks, professional meetings, 8 weeks boards preparation, 30 weeks of research including literature reviews, project implementation, manuscript preparation. and teaching, 10 weeks of electives. Optional 1 week ophthalmology, 2 weeks anesthesia

hours per month in training with at least two other board-certified specialists (not ACVIM)? These may be specialists in dermatology, theriogenology, surgery, anesthesiology, ophthalmology, emergency/critical care, or clinical pharmacology. The training must be direct consultation, not telephone or E-mail consultation.

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Describe:

They have >8h of direct contact time with these specialists per month while rotating on other services.

11. Does each resident in your training program have a minimum of **80 hours** of direct contact with a board-certified veterinary radiologist? **Forty hours** comprised of interpreting radiographs, learning and evaluating the results of special imaging techniques, and attending radiology rounds or conferences?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

And an additional minimum of **40 hours** spent training in ultrasonography under the supervision of a board-certified veterinary radiologist. This training should emphasize abdominal ultrasonography and must include hands-on performance of abdominal ultrasonography, observation of ultrasound procedures on the resident's own patients, and theoretical training in the principals and application of ultrasonography.

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

12. Does each resident in your training program attend weekly conferences?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Describe:

ACVIM House Officer Rounds - These weekly 1h rounds are a comprehensive review of the boards-relevant material on a topic.
 ACVIM Journal Club - In these weekly 1h rounds residents choose a journal article that is boards-relevant for discussion in the PICOT format
 Good Chem - These monthly 1h rounds is a joint rounds with internal medicine and clinical pathology discussing material surrounding a specific test or abnormality
 Grand Rounds - These monthly 1h rounds are a case presentation by 1-2 residents in the veterinary teaching hospital
 Writing Seminar - At monthly 1h writing seminar there are two parts. In part 1 each resident updates the group on the prospective project(s) as well as how their writing is progressing. In part 2 one resident presents writing that they have completed since they last presented.
 Chronic Case Management - At monthly 1h seminars these rounds is to discuss how different chronic clinical problems can be optimally managed.

13. Does each resident have **40 hours** of review sessions per year?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Describe:

See question 12

14. Does each resident in your training program have a minimum of **40 hours** direct contact with a board certified veterinary clinical or anatomic pathologist evaluating clinical pathologic findings, reviewing cytologies and biopsies, and attending clinical pathologic conferences or seminars?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Describe:

This is a formal rotation of 40h however residents also interact routinely with clinical pathologists while on clinical services.

15. Patient Management:

a) Does each resident in your program participate in patient management, including patient receiving, diagnostics, case management and decision making, client communication, case follow-up, and communication with referral veterinarians?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

b) Is case management directly supervised and reviewed by a Diplomate of the ACVIM?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

16. Is a complete medical record using the problem oriented veterinary medical record system maintained for each individual patient? (Medical records must be retrievable.)

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

17. Clinical Rounds:

a) Does the resident participate in clinical rounds on a daily basis while on clinical rotations?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

b) Is a supervising Diplomate available for the majority of the daily rounds reported in question 17?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

c) If a supervising Diplomate is not available for the majority of rounds, describe how rounds are attended and supervised.

Describe:

18. Please indicate the availability of the following facilities or equipment to be used in resident training. Indicate if these are available at the primary training site, or at a different location. (In the Location column, indicate on-site for primary location or the name of the facility where the equipment is located if off-site.) For facilities that are not on-site, please describe the situation, availability, and how the facilities or equipment are used for resident training in the space at the end of this section.

	Available?		Location of equipment?
	Yes	No	(On-site or list site name)
Standard radiological equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	ALL ON SITE
Ultrasonographic equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Color flow/Doppler equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Endoscopy equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Clinical Pathology capabilities: (includes CBC, serum chemistries, blood gases, urinalysis, cytology, parasitology, microbiology, and endocrinology)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Blood Pressure Measurement	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Electromyography	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Nuclear Medicine	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Computed Tomography	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Magnetic Resonance Imaging	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Computerized Medical Records w/Searching Capabilities	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Veterinary Library w/Literature Searching Capabilities	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Intensive Care Facility – 24 hours	<input checked="" type="checkbox"/>	<input type="checkbox"/>	

If any of the above equipment or facilities is available off-site, please explain how the resident can access them for case management, research, or study.

19. Clinical caseload information (this information should reflect the caseload of the prior 12 months)

Total SAIM caseload per year:	2427
Number of endoscopic examinations (respiratory, GI) per year:	185
Number of endoscopic examinations (urinary) per year:	25

20. Didactic Learning Opportunities and Research Requirements: In recognition of the importance of scientific discovery as a critical mission of the ACVIM, all Residency Training Programs shall include an assessment period or instruction and/or participation in creative scholarship which will foster an appreciation of, competency in, and contribution to the knowledge base of their respective specialty and which will support their development as clinician scientists. This requirement is fulfilled through satisfactory completion of A and one of B [See CM 9.F.4]:

a) Journal Club: Critical review of literature, minimum of eighty (80) hours during the program. Describe how this requirement is met or exceeded.

ACVIM Journal Club - In these weekly 1h rounds residents choose a journal article that is boards-relevant for discussion in the PICOT format

b) At least 12 weeks over the three-year residency must be allocated for research and scholarly activity ideally in the pursuit of a publication. Successful completion of any one of the options listed below will satisfy the requirements for research by SAIM residents. Describe how this will be fulfilled or exceeded in the individual trainee's specific application.

1. Successful completion of at least six hours of seminars or classes offered at the ACVIM Forum, as on-line courses, or at other facilities and recognized by the ACVIM and covering the following subjects: Critical evaluation of the veterinary medical/biomedical literature, Grant-writing or Study design, and participation in clinical trials
2. Documented (by a letter from the RA) submission of a grant proposal
3. Acceptance and presentation at a scientific meeting of an abstract (either oral or poster) of original work
4. Documented completion (by a letter from the RA) of a prospective research project pertinent to SAIM
5. Documented completion (by a letter from the RA) of a retrospective research project pertinent to SAIM
6. Documented completion (by a letter from the RA) of graduate coursework in biostatistics, research methods, and/or research ethics

Residents are required to conduct a prospective research project (option 4). As part of that project they write and submit a grant (option 2). They also attend the University of Wisconsin Clinician Scientist Workshop at least once during their residency. This 2 day workshop is approved by ACVIM to meet option 1.

21. Is the resident required to give one or more formal presentations at a conference or in an educational setting on a yearly basis? Please provide a description of the conferences, etc., that are provided and the typical schedule.

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

Describe: [ACVIM House Officer Rounds - These weekly 1h rounds are a comprehensive review of the boards-relevant material on a topic. Residents present twice per year.](#)

22. How many major veterinary medical or medical meetings is each resident able to or expected to attend during his/her training program?

Program length	One	Two	> Two
3y	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

23. Does the training program require a research project? Please indicate the number of research projects required.

Program Length	Yes	No	Optional	Number
----------------	-----	----	----------	--------

3y	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	1
----	-------------------------------------	--------------------------	--------------------------	---

24. Are one or more publications required as part of the training program?

Program length	Yes	No	Number
3y	<input checked="" type="checkbox"/>	<input type="checkbox"/>	1

25. Does each resident in your program meet at least twice yearly with their Resident Advisor to evaluate the resident's performance, review their progress in the program, and assess whether or not their training program is proceeding as described in this document with a dated written summary of this evaluation?

Yes	No
<input checked="" type="checkbox"/>	<input type="checkbox"/>

26. Please provide the structure of the training program to include (but not limited to): the length and number of clinical rotations per year; distribution of time allocated for research, writing, exam preparation, other scholarly activity, and vacation; and distribution of time allocated to out-rotations if this is a multi-site program.

Please refer to the CM (Section 9.F) for specific details. The following table is provided as an example.

NOTE: a detailed description defining the individual time requirements would be acceptable in addition to the table.

Example:

	Year 1 # Weeks	Year 2 # Weeks	Year 3 # Weeks	Total # Weeks	Training On Site or Off Site
Internal Medicine, Direct Diplomate Supervised (Diplomates listed in number 9), Minimum of 68 weeks					
Direct Supervision	34	28	26	88	On site
Additional Diplomate Supervised Rotations (Diplomates listed in number 8), Minimum of 16 weeks					
Emergency and Critical Care	2	2		4	On site
Cardiology	2	2	2	6	On site
Neurology	2	2		4	On site
Oncology	2	2	2	6	On site
Additional Direct or Indirectly Supervised Rotations					
Internal Medicine, Indirectly Supervised			8	8	On site
Additional Clinical Rotations: Please specify in comment section	2	2	2	6	On site
Electives*	1	1	1	3	Off site
Diagnostic Imaging					
Radiology		1		1	On site
Ultrasound	1			1	On site
Pathology					
Clinical Pathology		1		1	Off site
Anatomical Pathology					
Additional Rotations					
Research and Scholarly Activity	4	4	4	12	On site
Studying		4	4	8	
Meeting		1	1	2	On/Off site
Vacation	2	2	2	6	Off site
Total	52	52	52	156	
* Electives can be 0-3 weeks. If unavailable, will default to directly supervised internal medicine					

Please note that this table is for recording the number of weeks and/or hours that the resident will spend on the rotations/services for each year that will satisfy the CM requirements. The number for each year should add up to 52 weeks. It is understood that each

resident's program will differ with regard to which year a given rotation is completed; the table should summarize the rotations in which residents in your program will participate. The CM specifies that the program outlined in this program renewal form becomes the requirements that a resident must fulfill to complete the training program. Please see CM section 4.F.2 "Once a program has been approved, even if its requirements exceed the minimum requirements as published in the CM, the requirements specified in the program description have become the official requirements for completion of the residency. Neither a candidate nor a Program Director may retroactively petition for successful completion of a residency that has met the minimum requirements of the CM if they have left the program but have not completed all requirements of the previously approved program."

PLEASE CHECK YOUR MATH

	Year 1 # Weeks	Year 2 # Weeks	Year 3 # Weeks	Total # Weeks	Training On Site or Off Site
Internal Medicine, Direct Diplomate Supervised (Diplomates listed in number 7), Minimum of 68 weeks					
Direct Supervision	23	23	22	68	All on site except some electives
Additional Diplomate Supervised Rotations (Diplomates listed in number 8), Minimum of 16 weeks [CM 9.F.2]					
Cardiology	2	2		4	
Oncology		2	2	4	
Neurology	2		2	4	
Critical Care	2	2		4	
Additional Direct or Indirectly Supervised Rotations					
Internal Medicine, Indirectly Supervised	3	2	4	9	
Additional Clinical Rotations: Please specify in comment section	2	1	1	4	
Electives*	4	2	4	10	
Diagnostic Imaging					
Radiology	1			1	
Ultrasound		1		1	
Pathology					
Clinical Pathology	1			1	
Anatomical Pathology				0	
Additional Rotations					
Scholarly Activity	10	10	10	30	
Studying		4	4	8	
Meeting		1	1	2	
Vacation	2	2	2	6	
Total	52	52	52	156	
* Electives can be 0-3 weeks. If unavailable, will default to directly supervised internal medicine					

NOTE: a detailed description defining the individual time requirements would be acceptable here in addition to the table:

Describe:

Additional rotations include dermatology, anesthesia, and ophthalmology. Rotation weeks do vary from year to year. Meaning that Radiology may be in year 2 and ultrasound may be in year 1, cardiology may be in year 3 and neuro in year 2, etc.

27. Is there any additional pertinent information that the Residency Training Committee should consider in its evaluation of this Training Program?

Yes No

Describe:

N/A

Please note, any Program Director or Candidate that significantly changes or alters this Residency Training Program before completion must notify ACVIM, in writing, before the changes are made to ensure that the proposed changes are approved.

Significant changes could include, but are not limited to:

- transferring from one program to another
- alterations in program duration
- switching to a 'dual board' program
- enrolling in an institutional graduate program
- change of Program Director or Resident Advisor

As Program Director, I verify that the above information is an accurate reflection of this Residency Training Program.

Per the Certification Manual, each year, the Program Director must certify to the RTC/ RTCC and ACVIM, in writing, that they have read the ACVIM Certification Manual and understands their role in residency training.

Checking this box is an indication I have read the ACVIM Certification Manual and understand my role in Residency Training Program.
