cialty	Title	Presenter(s)	ACVIM Resident Research Sponsor Award Eligible
IOLOGY			
	C12 - Syringomyelia and Myxomatous Mitral Valve Disease in Cavalier King Charles Spaniels	M. Bach	
	C13 - Differentiating Preclinical Myxomatous Mitral Valve Disease Stages Using Electrocardiography in Cavalier King Charles Spaniels	B. Barnett	
	C14 - Interaction of Transforming Growth Factor-Beta and Serotonin Induced Mouse Valvulopathy Model: A Pilot Study	G. Bedoya Nader	
	C15 - Vasovagal Tonus Index in Boxers with and without Arrhythmogenic Right Ventricular Cardiomyopathy	B. Del Nero	✓
	C16 - Pulmonary Arterial End-Diastolic Forward Flow Measurement in Dogs with Pulmonary Hypertension and Pulmonic Stenosis	E. Duble	
	C17 - Chagas Disease in 12 Dogs Translocated from Texas	E. Gavic	
	C18 - Evaluation of Platelet-Dependent Thrombin Generation in Healthy Cats on Antithrombotic Therapy with Rivaroxaban and Clopidogrel	C. Georges	
	C19 - Resolution of Congestive Heart Failure in Dogs with Myxomatous Mitral Valve Disease	T. Hsueh	
	C20 - Retrospective Study of Nutritional Cardiomyopathy in Dogs	M. Karn	
	C21 - Concentration of Plasma Galectin-3 in Dogs with Myxomatous Mitral Valve Disease	Y. Kim	
	C22 - Circulating Cell Free DNA Concentration in Canine Myxomatous Mitral Valve disease according to ACVIM stage	D. Kim	
	C23 - Contribution of Chronic Kidney Disease to the Progression of Myxomatous Mitral Valve Disease in Dogs	D. Lee	
	C24 - Orthostatic Hypotension Induced by Rapid Altitude Raise in Geriatric Toy-Breed Dogs	M. Lam	
	C25 - Increased N-Terminal Pro-B-Type Natriuretic Peptide Is Associated with Increasing Concentrations of Renal Biomarkers Over Time	R. Mack	IDEXX
	C26 - Prevalence of Pacemaker-Lead-Induced Thrombosis in Dogs Diagnosed on Echocardiography Following Transvenous Cardiac Pacing	C. McGrath	
	C27 - Population Pharmacokinetics of Oral Pimobendan and its Metabolite in Dogs with Myxomatous Mitral Valve Degeneration	A. McManamey	✓
	C28 - Interventricular Inflow Time Difference Assessed by Echocardiography in Dogs with Myxomatous Mitral Valve Disease	T. Morita	
	C29 - Comparison of a Wireless Patch Ambulatory ECG Monitor to Standard Holter Monitor in Six Dogs	L. Nelson	
	C30 - Hypoglycemia After Cardiac Surgery is Disassociated with Insulin and Glucagon in Small Breed Dogs	Y. Nii	
	C31 - Levels of Plasma microRNA and Ribonuclease Activity in Cats with Primary or Secondary Myocardial Hypertrophy	D. Oleynikov	
	C32 - Long-Term Effects of Mandatory Breeding Restrictions Against Mitral Valve Disease in Cavalier King Charles Spaniels	L. Høier Olsen	
	C33 - Prognostic Value of Left Ventricular-Arterial Coupling Estimated Using Echocardiography in Canine Myxomatous Mitral Valve Disease	T. Osuga	
	C34 - Evaluation of Owner Medication Adherence for Management of Cardiovascular Disease in Small Animal Practice	D. Pelio	
	C36 - Prospective Cardiac Evaluation in 50 Asymptomatic Dogs Naturally-Infected with Trypanosoma cruzi	A. Saunders	
	C37 - Computed Tomography in Dogs with Decompensated and Compensated Right Heart Disease Compared to Normal Dogs	L. Gardner	
	C38 - Frequency of Arrhythmias Detected in Patients Using a Computer Aided Electrocardiogram	J. Gentile-Solomon	IDEXX
	C39 - Effects of Single Versus Dual-Agent Antithrombotic Therapy on Feline Platelet Function	R. Li	
	C40 - Whole Genome Sequencing Identifies a Large Structural Variant Associated with Pulmonary Valve Stenosis in Bulldogs	S. Fousse	
	C41 - Prospective Evaluation of Complications Associated with Transesophageal Echocardiography in Dogs with Congenital Heart Disease	C. Stoner	✓
	C42 - Prospective Evaluation of Probes for Transeosphageal Echocardiography in Small Dogs: Imaging Capabilities, Image Quality, Usability	C. Stoner	✓
	C43 - Presence of Previous Left Atrial Rupture Scar in Dogs Undergoing Mitral Valve Repair Surgery	K. Takamura	
	C44 - Profiling of Circulating miRNAs in Canines with Heart Murmur and Associated Valvular Cardiovascular Disorder	S. Tavener	
	C45 - The Efficacy of Isosorbide Dinitrate in the Treatment of Congestive Heart Failure: A Pilot Study	L. Wiley	
	C46 - Influence of Heart Rate on Right Ventricular Function in Healthy Dogs	Y. Yuchi	
	C47 - Myocardial Function Assessed by Two-Dimensional Speckle-Tracking Echocardiography in Cats with Cardiomyopathy and Congestive Heart Failure	R. Suzuki	
IE			
	E02 - First Successful Applications of Closed Loop Stimulation Pacemakers with Remote Monitoring in Two Syncopal Miniature Donkeys (ECEIM Award Winner)	L. De Lange	
	E03 - Renin-Angiotensin-Aldosterone System Profiling in Horses Before and After Exercise	T. Holbrook	
Equine - Cardiology	E04 - Atrial Fibrillatory Rate as Predictor of Recurrence of Atrial Fibrillation in Horses	R. Buhl	
	E05 - Utility of a Modified Wearable ECG Patch for 7-Day Monitoring in Horses	S. durward-Akhurst	
	E06 - Repeatability of Heart Rate Variability Measurements During Standardised Treadmill Exercise Test in Thoroughbred Horses	L. Tanquerel	

Specialty	Title	Presenter(s)	ACVIM Resident Research Sponsor Award Eligible
Equine - Endocrinology	E11 - Comparison of Basal Adrenocorticotropic Hormone Concentrations Among Different Equine Breeds E12 - The Effect of Transferring Equine Plasma into Silicate-Containing Tubes to Improve Short-Term ACTH Stability E13 - Effects of Oral RRR-A-Tocopherol on Plasma Oxidative Stress and Endocrine Markers in Healthy Horses E14 - Lamellar Ribosomal Protein S6 Activation in Three Forms of Experimentally Induced Equine Laminitis E15 - Adrenocorticotropin Concentrations Vary with Assay Used in Equids with and without Pituitary Pars Intermedia Dysfunction E16 - Lumbar Vertebral Bone Density is Decreased in Aged Horses with Pituitary Pars Intermedia Dysfunction E17 - Steroid Hormone Profiles of Horses with Pituitary Pars Intermedia Dysfunction E18 - Temporal Changes in the Fecal Microbiota and its Functional Capacity of Ponies Developing Insulin Dysregulation E19 - Effect of AMPK Agonists on Incretin Hormone Secretion in Horses with Experimentally-Induced Insulin Dysregulation E20 - Effect of AMPK Agonists on Serum Lipid and Adipokine Concentrations in Horses Receiving Dexamethasone E21 - Incretin Hormone Response to an Oral Sugar Test in Horses with Dexamethasone-Induced Insulin Dysregulation	N. Bamford F. Bertin S. Vaughn E. Pinnell C. Burglass A. Colbath H. Schott M. Theelen K. Timko K. Timko K. Timko	•
Equine - Gastroenterology	E22 - Investigation of Plasma Cell-Free DNA (cfDNA) as a Novel Biomarker in Equine Colic Patients E23 - Microbial Composition and Viability in Equine Feces After Processing for Transplantation E24 - Machine Learning for the Analysis of the Fecal Microbiota in Horses with Colitis E25 - Use of Equine Omega Complete for Prevention of Gastric Ulcers and Supplementation of Vitamin E E27 - Prophylactic Treatment of Equine Laparotomy Incisions with Manuka Honey Reduces the Incidence of Incisional Infection E28 - Equine Enterocolitis: A Retrospective Post-mortem Study (2007-2019)	R. Bayless C. Loublier C. Ayoub E. Graham-Williams K. McGovern L. Zakia	✓
Equine - Hematology	E29 - Effect of Plasma Administration on Serum Amyloid A in Neonatal Foals	M. Palmisano	
Equine - Immunology	E32 - Treatment with Withaferin A Inhibits Respiratory Burst, Adhesion, and Chemotaxis by Equine Neutrophils E33 - EHV-Specific Immune Responses to an EHV 1 & 4 Vaccine in Horses E34 - First Single-Cell Gene Expression Analysis Of Equine Bronchoalveolar Cells	R. Bayless A. Miller S. Sage	
Equine - Infectious Disease	E35 - Isolation of a Novel Species of Neorickettsia That Causes Potomac Horse Fever E36 - Do Veterinarians Want Increased Reporting of Equine Strangles? E37 - Efficacy of Disinfection of Endoscope Contaminated with Streptococcus equi subspecies equi E38 - Effect of Bi-Weekly Administration of Diclazuril on Antibody Kinetics to Sarcocystis neurona in Healthy Horses E39 - A Prospective Study of Serum Amyloid A in Relation to Plasma Administration in Neonatal Foals	L. Arroyo K. Martin V. Nadruz N. Pusterla L. Hunyadi	
Equine - Nephrology/Urology	E40 - Minimally Invasive Removal of Obstructive Ureteral Stones by Lithotripsy in Horses: 3 Cases	T. Ternisien	
Equine - Neurology	E43 - Opioid-Sparing Sedation for Atlantoaxial Cerebrospinal Fluid Collection in Standing Horses E44 - Sensorineural Auditory Loss Associated by Intravenous Administration of Gentamicin in Healthy Adult Horses	G. Cock R. Scalco	
Equine - Nutrition/Metabolism	E46 - Type of Metabolic Acidosis and its Association with Survival in Critically III Horses	J. Gonzalez Carballo	
Equine - Oncology	E47 - Effects of Vaccination with a Commercially Available Xenogenic DNA Vaccine in 15 Horses with Melanoma	E. Pinnell	
Equine - Pharmacology	E50 - Pharmacokinetics of Oral and Intravenous Metoprolol Tartrate in Clinically Healthy Horses E51 - Pharmacokinetics of Thiamine Hydrochloride (Vitamin B1) in Horses After Administration of Three Single Intravenous Doses E52 - Potassium Penicillin and Gentamicin Pharmacokinetics in Conscious and Anesthetized Horses	D. Luethy E. Hess K. Wilson	
Equine - Respiratory	E54 - Oscillometry Bronchodilator Response Does Not Differentiate Horses with Severe Asthma in Remission and Healthy Controls E55 - Bronchial Smooth Muscle Remodeling in Mild and Moderate Equine Asthma E56 - Evaluation of the Safety of Ciclesonide Delivered via SoftMist™ Inhaler in Horses E57 - Effect of Treatment with Excede and Azithromycin on Culture of Transtracheal Washes from Healthy Foals E58 - Effect of Treatment with Excede and Azithromycin on the Respiratory Microbiota of Healthy Foals E59 - Equine Asthma Management: Survey of Horse Owners Demonstrates Interest in Mobile Phone App	S. de Wasseige F. Dupuis-Dowd S. Reuss A. Thriffiley C. Ryan C. Ryan
