ACVIM RESIDENT RESEARCH AWARD WINNERS

Christina Eberhardt University of Zurich (Equine)

Quantification of Left Atrial Wall Motion in Healthy Horses Using Two Dimensional Speckle Tracking

Emily Schaefer University of California at Davis (Equine)

Investigation of an Experimental Infection Model of Equine Coronavirus in Adult Horses

Emily John Atlantic Veterinary College (Food Animal)

Variability of Bovine Leukemia Virus Bulk Tank Milk Antibody Levels over Different Sample Collection Intervals

Kiira Rodriguez University of Tennessee (Cardiology)

Normal Echocardiographic Parameters in Clinically Healthy Adult Captive Tigers with and without Medetomidine Sedation

Devin Ancona University of California at Davis (Neurology)

Common Cytogenetic Alterations Define Choroid Plexus Tumors in Dogs

Chai-Fei Li University of California at Davis (Neurology)

Exosome-Associated Integrins as Liquid Biopsy Biomarkers for Canine Glioma

Cecilia Lopez The Ohio State University (Oncology)

MicroRNA-34a Regulates the Invasive Capacity of Canine Osteosarcoma Cell Lines

Heidi Fink The Ohio State University (SAIM, Endocrinology)

Pharmacodynamics of Insulin Detemir and Insulin Glargine (300 U/ml) in Healthy Dogs

Erin Lashnits North Carolina State University (SAIM, Infectious Disease)

Bartonella Seroepidemiology in Dogs from North America, 2008-2014

Masahiko Sato Colorado State University (SAIM, Infectious Disease)

Impact of Immune Suppression on Dogs with Treated Select Vector Borne Disease Agents

Lauren Adelman University of Tennessee (SAIM, Respiratory)

Effect of Oral Yunnan Baiyao on Periprocedural Hemorrhage and Coagulation in Dogs Undergoing Nasal Biopsy
